Writes Mrs. Hardee Regarding  
Lydia E. Pinkham's Vegetable  
Compound

Los Angeles, Calif.—"I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and got the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a 'friend indeed,' for you were a 'friend indeed.'"

—Mrs. GEORGE HARDEE, 1043 Byram St., Los Angeles, California

Let Lydia E. Pinkham's Vegetable Compound be a "friend indeed" to you.

## HARDING TO FIGHT KLAN TO FINISH?

Administration to Force a  
"Showdown" in Texas, the  
Scene of More Than 100  
Outrages.

BY W. BRUCE M'NAMEE  
Universal Service Correspondent.  
Washington, Oct. 10.—Stirred to action by repeated outrages of the Ku Klux Klan in Texas, the Harding administration has determined to force a showdown on the issue of the Klan's "invisible government."

This decision reveals a situation unique in the annals of American political history. It will mean that a republican administration will support the candidacy of an independent democrat for the United States senate. He is George E. B. Paddy, of Houston, anti-Ku Klux candidate. Paddy is out to end the "hooded horror" of the Klan in Texas, where repeated outrages, including the tarring and feathering of women are regarded as threatening the sovereignty of the federal government.

The decision to support Paddy was reached at a White House conference Saturday night between President Harding, Attorney General Daugherty, Secretary of War Weeks, and R. B. Creager, of Brownsville, republican state chairman and close friend of the president.

More than 100 recent outrages on the part of the Klan, and its women's auxiliary, known as the "Invisible Empire," moved Chairman Creager and other republican leaders to come to Washington to appeal for support in opposing the senate candidacy of Earl B. Mayfield. The latter is the acknowledged Ku Klux candidate for the Senate seat.

In endorsing the candidacy of Paddy, republican leaders here believe that Mayfield's support will be split, permitting Paddy to capture the elections. Chairman Creager, it is understood, will return to Texas with letters of endorsement for Paddy from John T. Adams, chairman of the republican national committee, cabinet members, and others of the highest officials in the Harding administration. Whether President Harding will personally endorse Paddy is a matter for further consideration by the White House. The Klan's open defiance of the law in Texas may move the president to write a letter of endorsement, it is understood.

That the issue transcends Texas state politics and has reached the proportions of a national menace, is the belief of officials here. A show down, and to bring it about are willing to overstep party lines completely in support of an independent democrat.

## GATHER IN WHEAT

Farmers of Western Canada Rejoice at Harvest.

Largest Crop in the History of the  
Fertile Provinces May Be Considered Assured.

Reports of Western Canada's wheat crop, which may be considered fairly accurate, as they are made at the end of the season, when the crop is fully harvested, would indicate a yield of between 350,000,000 and 370,000,000 bushels from a total acreage of 21,471,000. This is the greatest yield in the history of the provinces of Manitoba, Saskatchewan and Alberta. This immense yield has only been harvested through the combined energies of all public bodies—railways and governments. It required the assistance, outside of that locally employed, of upward of 40,000 men. These were brought into the country from the East, the West and the South, by trainloads, and rushed forward at express speed, to be placed in the different districts, under the direction of officials who were kept advised daily, by wire, of the needs.

As a result of this combined effort the largest wheat crop in the history of the West was successfully harvested. The threshing reports show that almost universally, in every section of the country, the grain graded high. In very few places did rain interfere with stacking. The province of Manitoba was the first to complete threshing, very few fields being left at the time of writing.

Portions of Saskatchewan that had suffered from drought for the past two or three years reaped a crop that largely made up for past disappointments.

In Alberta there was a strange condition. In the central district, always noted for its heavy yields, there was considerable of a falling off. Instead of the 35 and 40 bushel yields the average ran from 10 to 12, while in southern portions, where drought had affected the country for some time past, there were exceptionally high yields.

Reports of individual yields in different portions of the three provinces lead to the impression that when threshing returns are in there will be found to have been a much better crop than at present seems possible. Some of these returns give individual farmers as getting as high as 45 bushels others 35, and so on, while in some districts, where in early August not more than 8 or 10 bushels might be looked for, 15 and 18 bushels are recorded, the improvement having been brought about by rains that worked marvels in the appearance of the crop. And then, too, instead of the head carrying four rows, most of them carried six rows, and filled to the top, which, to those who know, means at least fifty per cent more.

The rye crop of all Western Canada is exceptionally good; the oats generally good and barley fair.

The weather at the time of writing is threatening for a rainy spell, which may interfere with threshing, and prolong it somewhat.

Most of the newcomers from the States have excellent crops. During August, the trains to Western Canada carried hundreds of capitalists and others interested in Western Canada land, going up to take care of the crop that they had arranged to have put in on the land they owned. Very few of them will be disappointed.—Advertiser.

## Possibly Taking No Chances.

Two tired men—the sort of men who are always tired—were talking about the forthcoming election in their town, and discussing the rival candidates.

"Now, that Mr. Pusher is a good sort," said one.

"I'm not so sure of that," replied the other. "But what makes you think that?"

"Why, did you notice how heartily he shook hands with me?"

"Yes, I did," replied his friend.

"He wasn't content with one hand, he grabbed both. He's a good fellow, he is."

The other looked at him thoughtfully for a moment. Then he said: "Yes, and he's very proud of his gold watch!"

## Arbuckle Rarin' To Go If Movie Czar Says Come

Los Angeles, Cal., Oct. 10 (U. P.)—"It all depends on Will Hays," said Milton Cohen, attorney for Roscoe Arbuckle, who hopes to resume making pictures soon after more than a year's banishment from the films.

"Arbuckle is ready to make pictures at any time now and has the capital behind him convinced that the public would welcome him back to the screen," said Cohen.

Cohen said that Arbuckle would go to New York to make a personal appeal to Will Hays, head of the motion picture industry, for reinstatement. Probably sometime this month or early next month the film comedian will make the cross continent pilgrimage, it was stated.

## CAPTURE KILLERS MICHAEL COLLINS?

Belief Prevails Following Hot  
Battle Between National-  
ists and Republicans—  
Amnesty Withdrawn?

BY DENNIS O'CONNELL  
Universal Service Correspondent.  
Dublin, Oct. 10.—It was learned Monday night on the best authority that President Cosgrave, disgusted with the results of his amnesty proclamation was considering withdrawing it forthwith.

No official statement has been issued regarding the plan, but the information comes from one who has exceptional access to the councils of the provisional government.

The national forces effected one of the biggest captures of the present fighting Monday when they surprised a flying column of irregulars at Upton, just outside of Bandon, the scene of many important battles during the Black and Tan war. General Tom Ennis, heading a contingent of nationalists overtook the irregulars who were enroute to a position where they planned to ambush the Nationalists.

A hot battle opened and the republicans attempted to escape but were outflanked. The whole column surrendered. It is reported that six irregulars were killed and 60 taken prisoners. The nationalists suffered no casualties. The prisoners are reported as belonging to the division which ambushed Michael Collins. They claimed to be the "death head huzzars" of the republicans.

## TURK SITUATION LOOKS BRIGHTER

Kemal Arrives at Mudania for  
Personal Conference With  
General Harington—  
Allies Aid Refugees.

BY MAJOR GEN. F. B. MAURICE  
Universal Service.

Constantinople, Oct. 10.—Generals Charpy and Mombelli returned Sunday afternoon from the Mudania conference, their instructions following the Curzon-Poincare conferences not having been identical with those received by General Harington from the British government. They got their new instructions and returned to Mudania thus giving assurance of an allied agreement at the conference.

It is understood that General Mazaris has received instructions from the new Athens government to comply with the Paris terms.

One point on which Ismet Pasha is still inclined to be obstinate is the limitation of the number of Turkish gendarmes who will enter Thrace if the Allies unite on that question. It is declared that he will probably give way on this and that prospects of an early settlement are bright.

When the settlement is reached it will be urged that the Allies agree to assist Greece in the disposal of the mass of refugees now in eastern Thrace, and of many thousands more who will seek to leave before the occupation of the province by the Turks. It is believed here in many quarters that the best machinery for this purpose will be the League of Nations, which Captain Nansen is here organizing.

Mustapha Kemal arrived at Mudania Sunday night and hopes to have a personal conference with General Harington.

## MAY CLEAR YOUTHS OF THE CRIME

Predict Hayes' Release as  
Soon as Habeas Corpus Action  
Instituted—Mystery of  
Dual Murder Unsolved.

New Brunswick, N. J., Oct. 10.—The Hall-Mills murder mystery appeared Monday night as far from definite solution as it has been since the mutilated bodies of Mrs. Eleanor R. Mills, choir singer and the Rev. Edward W. Hall, rector of the Church of St. John the Evangelist were found under a crab tree on the old Phillips farm on the morning of September 14 last.

Spurred by criticism, the officials of Somerset and Middlesex counties Monday afternoon looked in a cell in Somerville jail Clifford Hayes, a mild mannered intelligent boy of 19 charging him with the brutal murders late on the night of September 14 last.

Schneider Confesses.  
The officials acted upon the strength of a statement signed after a grueling all night examination by Raymond Schneider, 21, in which the latter asserted:

That Hayes in his presence killed Mr. Hall and Mrs. Mills because he mistook them for Pearl Bahmer, 15-year-old girl sweetheart of Schneider, and the latter's ex-bartender father Nick Bahmer.

That Hayes stole the minister's watch but—and here is the weak point in the "confession"—that Hayes did not cut Mrs. Mills' throat from ear to ear and that neither he nor Hayes arranged the bodies in the manner in which they were found.

Facing Hayes after a night of sleeplessness and at least a mild form of third degree by the officials, Schneider said:—"Chief, you know you killed them by mistake."

Nabbed to Satisfy Governor?  
Hayes, a clear eyed youth who recently received an honorable discharge from the navy, replied firmly: "Ray, you are a liar."

The opinion in New Brunswick that Cliff Hayes was arrested as a "goat" upon the demand of Governor Edwards for a quick solution of the crime, was bolstered, some people assert, by statements of Pearl Bahmer, Schneider's former sweetheart, member of the Hayes boy's family. Pearl, a bobbed haired, brown eyed girl, whose 15 years have been crowded with experiences of a nature that do not baffle the usual school girl, and who is also subject to attacks of epilepsy, said: "Cliff Hayes is innocent. If any one did the shooting it was a boy who wildly hated my father."

At the Hayes cottage, Joseph Hayes Jr., elder brother of Clifford, said: "Because of the political situation the authorities had to find a 'goat.' They picked on Clifford. Why, Cliff knows nothing about the murders. Sunday night the detectives searched our house and took away two pistols. One was a toy fourth of July single shot pistol. The other was a little .22 calibre pearl handled revolver with a broken trigger that couldn't possibly fire an automatic shot."

Hall and Mrs. Mills were killed with .32 calibre automatic bullets. Shortly before Young Hayes was locked up in Somerset county jail Prosecutor Beekman, of Somerset county said: "Upon information in the prosecutor's office obtained from Schneider and other witnesses we feel obliged under the situation to prefer a charge of murder against Clifford Hayes. 'Raymond Schneider will be held as a material witness awaiting further developments in the case. Process will be served out of Somerset county, where it appears the crime was committed."

## Haggerty Defends Youth.

Mrs. Frances Stevens Hall, widow of the slain clergyman, received the news of the "confession" of Schneider with the same grave countenance she has worn since the discovery of the bodies. Thomas H. Haggerty, a democratic state committeeman, appeared today as counsel for the accused boy. After a short interview with the lad, Haggerty said: "I am convinced my client is innocent. He tells me he was not at the scene of the murder that Thursday night. I believe him. He is a clean, straight-forward boy."

"Have you considered habeas corpus action?" "Not yet. You see they are basing their charge upon the statement of Schneider. Why should my client, who has no cause to be jealous of Pearl Bahmer's companionships, commit this crime? Furthermore, Schneider and Hayes know Pearl was out in the park with her drunken stepfather, Nick Bahmer. They knew she had gone against her will."

## Predict Hayes Release.

Although the authorities shifted uneasily when questioned, it was learned that Schneider had denied absolutely that either he or Hayes had cut the throat of Mrs. Mills or had arranged the bodies in the manner in which they were found. Prosecutors Beekman and Stricker and Assistant Prosecutor Toolan refused to discuss the Schneider "confession."
