

## DODGE BROTHERS BUSINESS SEDAN

With this car, Dodge Brothers have literally created a new type of sedan.

They have combined open car ruggedness with closed car protection and smartness.

They have demonstrated, once for all, that a sedan can be as practical and almost as inexpensive as an open touring car.

The body is built of hand-welded steel because steel is sturdy, and will take a permanent, oven-baked finish, eliminating forever the cost of repainting.

The seats are upholstered in attractive, genuine Spanish blue leather, because leather will wash and wear.

To further enlarge the car's usefulness, the rear seat, back and side cushions, seat frame and foot rest are quickly removable, giving sixty-four cubic feet of flat loading space in the rear compartment. The manifold uses made possible by this unique feature are readily imagined.

The top and rear quarters are of non-rumble, fabric construction, conforming with the present attractive vogue. From cord tires to curtain cords, the fittings, inside and out, are distinctive and complete.

In fact, every detail of the car emphasizes its striking adaptability to business as well as social use.

### NO REST—NO PEACE

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. O'Neill people recommend Doan's Kidney Pills. Ask your neighbors. Be guided by their experience.

H. J. Zimmerman, proprietor Cream Station, Main St., O'Neill, says: "My back ached continually day and night. My kidneys acted frequently and my head ached. I had to get up many times during the night to pass the secretions which were highly colored and burned in passage. I was dizzy and there were severe pains in the back of my head. Doan's Kidney Pills completely relieved all the trouble."

The above statement was given July 5, 1907, and on June 14, 1920, Mr. Zimmerman added: "It has been several years since I have had kidney trouble. My case was a bad one but Doan's Kidney Pills have completely cured me."

Sam Noring, who is the new C. & N. W. agent here, arrived the first of last week to take up his duties. His wife and son visited relatives in Inman till their car of household goods arrived. We hope they may find their new home a happy one.

### HOLT COUNTY FAIR.

To the People of Holt County and the Exhibitors at the Fair:

We expected to have a complete report of the fair in the hands of the printers before this. On account of the many exhibitors this is impossible. We will say, however, that the fair was a financial success, as well as a successful stock show, there being 275 horses and 120 pigs on the show ground.

The cattle and horse display was very poor; this fact is attributed to a misunderstanding of the premium book. Most exhibitors thought they must have a certificate of registration for the work horses and colts. The lack of cattle in the show ring was due to a lack of cooperation on the part of the many breeders and the fact that the premiums were small. This ought not to stop one from showing his stock. If you breeder and exhibitor will compare the premiums of our fair with other fairs and stock shows you will find we gave more money than other fairs. The attendance was larger each day than ever before in the history of the fair. One reason for this, in our estimation, was because there was only one charge and that was at the gate. Another reason was because of the Children's Day. This is a feature of the fair that ought to be carried out each year.

There was 55 complimentary tickets issued. These were issued to the clergy and newspapers. There was 3,000 school children's tickets and 280 teachers' tickets issued, that with the tickets for the Rough riders and rodeo men and concession people would make more than four thousand tickets for Friday, the 29th, the last day. The Floral exhibit was the best ever, and the judges worked overtime getting everything in shape and tagged. There was not one complaint registered against the judges. The chariots and the other odd races, such as wild horse racing was well received. The base ball game between Emmet and Ewing was the best game ever played on the O'Neill diamond and we have arranged for these same teams to play next year. What this fair wants and must have is Co-Operation, and Boosting. Another feature of the fair was the conduct of all of the concessioners. They were all well behaved and on their good behavior all week. The fact that we were protected by one of the famous Burns detectives may have had something to do with the good conduct of the crowd; let us hope not; let us hope that the gang wanted to be good. We will try and get you a financial statement soon.

Yours truly,

J. H. HICKEY, President.

JACOB HIRSH, Vice President.
