O'NEILL 52—NEWPORT 11.

The High School basket ball team defeated the Newport boys 52 to 11 at the high school gymnasium Friday evening. The O'Neill team is better than ever this year and is in line to win a place at the state tournament. Newport has a fine bunch of players and is considered a fast team; they held the Valentine crack team for a tie recently, and the contest was decided by playing an extra ten minute period during which time Valentine won. The crowd at the game Friday was unusually small, due perhaps, to the extremely cold night. Every lover of good, clean sport should turn out to these games and lend the home boys all the encouragement possible. The boys will give you your money's worth every time.

### BUSINESS MEN BANQUET THE BOOT BALL BOYS

The O'Neill business men gave a three course banquet to the members of the high school foot ball team at the Subway Tuesday evening at seven o'clock. Covers were laid for forty-five. The spacious dining rooms was tastily decorated with the teams colors which were blue and white.

Attorney Frank Harrington officiated as toastmaster during the program that followed and very appropriately introduced the following gentlemen who ably responded to the subjects assigned them: Dr. O. K. Tackler, Professor Suhr, George Stannard, Archie Faulhaber, Joe Beha, Ralph Mellor, Judge R. R. Dickson, Dr. W. F. Finley, J. B. Mellor and Edward O'Donnell.

F. W. Hendrick informs us that he lost a three-year-old heifer recently, supposed to have been shot by some one hunting in his pasture along the Verdigre.

We are informed that the local market for corn is 65c per bushel. The farmer is certainly entitled to remuneration for their products and should have equality with other industries.

At the Alva Davis farm sale the 8th inst. stock and other property sold at satisfactory prices. Mr. Davis has purchased the restaurant at Page, of his brother Glen Davis, and will take possession in the near future.

Work on the James Welch farm residence is progressing, considering winter weather. This, when completed, will be one of the most up to date and modern farm residences in this part of the country. Floyd Wertz has the contract for building.

The weather man gave your correspondent the tip that zero weather was in sight that wild ducks were going south and flying very high. We are willing to concede that zero weather is here, but am seriously in doubt as to the infallibility of the sign he quotes.

E. L. Clark, who operates the switch board, will give the change of weather in time so that farmers who are interested, can get their information by calling. Those having stock will find this beneficial, and can prepare for severe storms that we at times have during winter weather. He has a reliable barometer.
