The other day when the weather took on the appearance of moisture, Rain Collector Harry Bowen purchased a pair of new rubbers. When he came out of the store the sun began to shine so he returned them. Harry says there is no use having rubbers around if the sun is going to shine all the time like it does in Nebraska.

John W. Hiber has become a real radio "bug," and has installed a complete line of parts and accessories at his home in the southwest part of the city. He expects, however, to move the supply station down town as soon as he can secure the right kind of a place. Being a retired jeweler, John should be an expert on the delicate parts of the radio.

A smooth check artist has been working the merchants and a few others, over around Winner, South Dakota. At one town he purchased a ranch and stock it, getting away with in a few days with considerable money. At other towns he made heavy purchases getting change in return for a large check. He may visit this fair city most any day.

Ewing Advocate: The O'Neill high school boys and girls walloped our teams last Friday at O'Neill by decisive scores. Our players have numerous alibis over the defeat, the principle ones being that the county seat players were too fast on their feet. Both were good games, however, and our boys and girls hope to make a better showing when O'Neill returns the game.

Judge R. R. Dickson went over to Springfield last week where he held a short session of court. He sentenced Clyde Luckett, of Omaha, to the reformatory for men for a period of from two to ten years. She was 91 years old at the time of her death.

Atkinson Graphic: Geo. Spence, teamster at hay hauling, is laid up at his home with a broken thigh bone. While hitching up, Monday after dinner, his usually docile team became frightened at something and bolted. The team was only partly hitched but sufficient to drag the wagon over him. His right leg was broken above the knee. The team, after circling a time or two, headed for the side of the barn where they were stopped from any further damage by jaming the wagon tongue into the side of the building where they were held fast.

Johnstown Enterprise: Fire of unknown origin practically destroyed the ice house and baggage rooms belonging to the Northwestern Railway company at Long Pine on Monday night. The fire was first discovered in the baggage rooms and after burning them well down was conquered by the fire department. A few hours later the ice house, located close to the baggage rooms was discovered to be on fire and the flames had gained such headway that the building was well nigh a total loss. A construction gang for the company was immediately set to work clearing away the debris and started construction starting its annual ice harvest at Valentine. It will doubtless be much inconvenienced by the loss of the storage house at the Pine just at this time.

O'Neill - - - - - Nebraska

Mrs. W. L. Ullrich, of Atkinson, was a guest of Miss Mary Joyce last Thursday.

Attorney W. J. Froelich, began the practice of law in Justice Campbell's court about the middle of the month when he successfully tried two law suits, winning each of them. One of the cases was a suit on a note and the other was the trespassing suit brought by Art E. Skaw, residing northwest of Stuart, against Charles and Guy Cadwallader. Mr. Froelich represented the Cadwalladers.

Representative Thatcher, of Boyd, county, has introduced a bill in the house of representatives at Lincoln, which if it becomes a law would reimburse Boyd county for the \$5,286.24 spent during the trial of Walter Simmons, who was convicted of the murder of Frank Pahl, of Spencer. Boyd county claims that the result of that trial was a benefit to the entire state, and that the county is too small to stand all the expense.

According to the snow and ice bulletin issued by the weather bureau at Washington, D. C., California is having a little snow; the report shows that Emigrant Gap, on January 22nd, had six inches of snow, Huntington Lake, forty-two inches, Sierra-ville, seven inches, and Summit eighty-seven inches. Ice was twenty inches thick at Huron, South Dakota, and at Greenville, Maine, and thirteen inches thick at Dubuque, Iowa. Nebraska has been enjoying a very delightful winter while other states are shivering around firesides wondering if spring will ever come.

### HOMER SHERIDAN WILL MEET JOE BURNS HERE

Boxing fans are assured of a real treat on February 8th. The K. of C. Athletic Club have arranged a bout for that date with Homer Sheridan, of Sioux City, and Joe Burns, The Fighting Greek, of Minneapolis, which will take place at the K. of C. Hall at 8.30 in the evening.

Homer Sheridan needs no introduction to the people of this part of the state where he has staged several successful bouts with some good ones. Homer is one of the most clever boxers in the ring today.

Joe Burns, The Fighting Greek, comes to us with a record that puts him before the people as a real boxer. He recently fought a draw with Chuck Lambert and also a draw with Bud Logan.

### O'NEILL 70, CHAMBERS 7.

The O'Neill Hoop Artists added their ninth victory Friday on the local floor 70 to 7 with the Chambers team. The game was extremely fast for the score keepers and kept the leads of their pencils dull all the time. Next Friday the local teams go to Inman for a return game and on Saturday night Oakdale will play here. The girls were not as successful as the boys were for they took the short end of a 23 to 17 score.

The Chambers boys have tried in vain to beat O'Neill ever since they started to play four years ago, but have lost all eight games.

The O'Neill team will play Oakdale here Saturday evening at 8 o'clock.

### GEORGE W. PARHAM.

George W. Parham died at the home of his only daughter, Mrs. H. K. Williams, in Atlantic, Iowa, Sunday, at the age of eighty years.

Mr. Parham was a resident of O'Neill for a number of years prior to last spring when he went to the home of his daughter following an illness. He was an active business man up to the last. He was associated in the real estate business in this city with R. H. Parker for seven years, and later conducted considerable business on his own account. At the time of his death he owned 1500 acres of good land in this county. He was an early settler at Atlanta, Iowa.

Funeral services were held Monday from the Presbyterian church and interment was made in the cemetery at Altantic by the side of his wife, who died in 1888.

### WINIFRED DELPHA HARRISON.

Winifred was born April 6, 1909, being thirteen years, nine months and nineteen days old at the time of her death.

Besides her parents she leaves one

brother, William; a sister, Esther Fera; her grand-parents and great-grandparents.

The funeral services were held at the Blackbird church Saturday afternoon at two o'clock, conducted by Rev. Geo. Bressler, of O'Neill, and burial was made in Blackbird cemetery.

### CARD OF THANKS.

We desire to extend our heartfelt thanks to our friends and neighbors who were so kind to us during the sickness and death of our daughter, Winifred.

Mr. and Mrs. E. D. Harrison and family.

### JOHN FRANCIS RYAN.

The boy was in fairly good health and attended school during the past two years. He was taken sick last August and was unable to recover his health again.

Funeral services were held at St. Patrick's church Sunday morning following late mass, conducted by Father Cassidy.

The ladies of the Presbyterian church will have a food sale at Bay's store, Saturday afternoon.
