Bouslog and Mrs. McDonald accompanied the body to Grand Junction, Iowa, where he will be buried in the family lot.

News items are very scarce this week. No one seems to be doing anything that would permit their name to appear before the public. The storm of last week and this week have caused people to remain at home, and as this is the lenten season no parties or entertainments are being held. We trust that our readers will realize the predicament that a newspaper man is in when there is nothing happening.

Omaha relatives report that the announcement of the death of Dr. J. J. Sullivan, of Omaha, proved to be untrue. Some hours after he received the announcement of the death of his brother, Frank Sullivan wired Mrs. J. J. Sullivan in Chicago, inquiring as to the funeral arrangements. Mrs. Sullivan replied that there would be no funeral as Mr. Sullivan was enjoying good health and eating three meals per day.

F. H. Fundus, treasurer of Dustin township, accompanied by G. H. Post, one of the prominent farmers of Dustin, were before the county board last Thursday in the interest of the Stuart-

Badger road along the Niobrara river which is being cut away by the channel of the river. The county board took no action at the Thursday meeting for the reason that the representatives of Saratoga township were unable to reach O'Neill on account of the roads. The matter was deferred until the regular meeting which will be held next week.

Charley Pruss is full of grief these days, with his private stockyards, the yards of the Northwestern and the Burlington yards all filled to overflowing with hogs and the railroads failing to furnish him cars to ship them. Four cars of hogs were purchased by Mr. Pruss during Saturday's blizzard from farmers who had intended making direct shipment, but who were deterred from doing so by the storm and lack of cars. Receipts since then swell the number of hogs in the local yards to approximately eight car loads. Mr. Pruss will file a complaint with the railway commission asking for an investigation of the failure of the railroads to furnish him cars as requested.

MISS DEMARIS STOUT TO APPEAR IN CHINESE PLAY

The Lincoln Journal of last Sunday contained the announcement of a play entitled "The Yellow Lantern" which will be given at the Orpheum which is the twelfth annual production of the Kosmet Klub of the University of Nebraska. The piece was written and directed by Cyril L. Coombs, law '23, and is a musical extravaganza in three acts.

Miss DeMaris Stout has one of the leading parts in the piece and will appear as Le Ming.

The scene is laid in China, and the plot is based on the superstitious beliefs of the natives. It deals with the adventure of a young American counsel on yellow lantern night, a feast night when the Chinese offer prayers to their dead ancestors in the hope that the dead will bless them. Through sudden turns in the celebration and because of a project which he is sponsoring for the American government in China, exciting events build themselves around the yellow lantern feast.

The chief provider of comedy is Jasper Calander Jones, a dusky Mississippian who has been accidentally left behind when his ship sailed away and he seeks the protection of the counsel's house where, when the yellow lantern feast night approaches, the plot involves a tone of mystery.

Settings for the production will include many artistic effects especially in the second act where most of the acting, singing and dancing will be done by coeds. Most of the costumes are oriental, and the music, though based on Chinese themes, is popular in style.

A recital will also be given Thursday evening in the university art gallery by students of the school of fine arts in which Miss DeMaris Stout, who is a student of Walter Wheatley, will sing "At Night" by Rachmaninoff.

THE INDEPENDENT CONTEST CLOSED LAST SATURDAY

The Holt County Independent subscription contest closed last Saturday afternoon at four o'clock as advertised. All the contestants were present at the count notwithstanding the raging blizzard.

The capital prize, the six cylinder Buick automobile, was won by T. L. McDonald, of Atkinson, a brother-in-law of Mrs. G. E. Milés.

The second prize, a trip to California or the cash equivalent of \$250.00, was won by Miss Helen Donohoe, daughter of Mr. and Mrs. T. J. Donohoe, living northwest of O'Neill.

The third prize, a \$175.00 diamond ring, was won by Miss Helen Wilcox, daughter of Mrs. A. L. Wilcox, of this city.

The fourth prize, a \$125.00 phonograph, was won by S. R. Robertson, son of former Senator and Mrs. John A. Robertson, of Joy, Nebraska.

The fifth and last prize, \$35.00 in gold, was won by Miss Mae Keys, daughter of Mr. and Mrs. Con Keys of this city.

The contestants have been handicapped considerably, during the last week of the contest, on account of the condition of the roads and did not make as good a showing, perhaps, as they would have made under more favorable conditions, but nevertheless we understand that the contest was a very successful one for the Independent.

However, The Frontier still enjoys the largest circulation of any paper in the county by a lead of several hundred. The Frontier subscription list is growing each week for the reason that it prints the news.

In spite of the fact that a snow-storm was raging outside a large number of people came out to see the picture "The Man Without a Country" last Wednesday at the Chambers band hall. The picture is a dramatization of the story by that name. It was put on in Chambers by the local post of the American Legion. The picture presents one of the finest pleas for patriotism that the motion picture field affords, and was greatly enjoyed by those who braved the blustery elements last Wednesday. Many are requesting that it be shown again. The next big event on the Legion calendar in Chambers will be the big Spring Rodeo. Plans are now being formulated and will be made public soon.
