Appetizing?

Cutting through the alley the late worker figured that he could just about reach the front door of the cafe before they closed. And, as he passed, he noticed a waiter coming to the alley door with a platter of remnant toast. He made the front door. They were not overglad to see him, but took his order. He asked for a club sandwich.

The waiter plodded to the rear, and pretty soon the customer heard the cook growling: "Say, where did you throw that toast?"

PRESIDENT'S SISTER PEEKS AT "VILLAGE"

Miss Abigail Harding, of Marion, O., Looks Over Sights of Greenwich.

BY THEODORE DE LAVIGNE, Universal Service Correspondent. New York, March 23.—"I enjoyed it very much. It was just lovely."

Miss Abigail V. Harding, sister of President Harding, Friday thus described her reaction to a "slumming party" to Greenwich Village.

People from the sawdust inn in the village when they come to the big town. And when Miss Harding and her party dropped in Thursday night it caused no stir, until a man whispered to Manager Crosby:

"That's President Harding's sister." After that things warmed up at the inn. Dick Anderson put a lot more soul into his rendition of "The Rose of Picardy," and judging by the hearty handclapping of Miss Harding the song made a big hit with her.

G. O. P. LEADERS BOOST HARDING

Poll of National Committee-men Shows Almost Unanimous Sentiment for Re-nomination.

BY HERBERT W. WALKER, United Press Staff Correspondent. (Copyright, 1923, United Press.)

Washington, March 23.—Republican political leaders throughout the country are virtually unanimous for the renomination of President Harding, a poll of the republican national committee by the United Press showed Friday.

Every reply received in response to a request for comment on Mr. Harding's candidacy, as announced by Attorney General Daugherty, brought a prediction that the president will be renominated, with little opposition. Likewise the committee men made optimistic prophecies as to his chances for re-election. Many stated that delegations from their states would be solidly pledged to Mr. Harding and the people of their states strongly favored his candidacy.

The president has the strong support of committeemen from the thickly populated states with their big blocks of votes.

Among these are Secretary of War Weeks, of Massachusetts; Senator Pepper, of Pennsylvania; Charles D. Hilles, of New York, and R. K. Hyndick, of Ohio.

Some of the committeemen could not be reached, due to their absence from the country. No reply was received from Senator LaFollette's state of Wisconsin.

Some of Views Offered. Among the views of these political leaders, representing all sections of the country, the following are typical:

Maine—Guy P. Gannett, after a conference with the president at Miami wired:

"I am confident no opposition will arise in Maine to giving President Harding an unqualified endorsement for renomination. Those western states which just now are inclined toward socialism have no sympathetic response in Maine. We have our parlor bolsheviks, to be sure, but they are lonely."

New Hampshire—F. W. Estabrook: "I have no doubt that the voters of this state will send to the next convention a solid delegation in President Harding's favor."

Missouri—"Solid," He Says. Missouri republicans are solidly for renomination of President Harding. We feel that President Harding entered upon his duties when the country was in a serious situation and that we are now emerging from chaos into an era of commercial prosperity."

Minnesota—I. A. Caswell: "I am firmly of the opinion that the Minnesota delegation will support Mr. Harding and that he will be re-elected."

Arkansas—H. L. Remmerl: "The republicans of Arkansas are perfectly unanimous for the renomination of President Harding, and believe he will be triumphantly re-elected on the record of his administration."

West Virginia—Virgil L. Highland: "I believe the people of West Virginia are in favor of the renomination and re-election of President Harding. Our people are beginning to realize fully the accomplishments of his administration."

Wyoming—Pat Sullivan: "I am sure that the people of all the Rocky Mountain states feel that it would be unfortunate and deplorable if the people should fail to renominate and re-elect one who has accomplished so much in such a short period of time, and brought prosperity and order out of chaos."

WIFE FOUGHT ROBBERS, HE TELLS JURY

White Haired Couple Attempted to Protect Hidden Savings, Mudloff Testifies at Trial of George Cooley.

Tyndall, S. D., March 23 (Special).—Selection of a jury to hear the trial of George Cooley, charged with slaying Mrs. John Mudloff, of Tabor, was completed at 2:15 o'clock Friday afternoon. The jury is composed of nine Bon Homme county farmers and three business men.

Impanelling of the jury was slow work. Attorneys for the prosecution and defense exercised great care in selecting the veniremen. The case was so thoroughly aired in newspapers that most of those drawn had made some comment on the case. Completing the jury took up three days.

Aged Husband Testifies. The trial got under way in earnest immediately after the last juror had been sworn. Attorneys made their opening statements late Friday, and first witnesses were heard. Testimony, similar to that offered at Cooley's preliminary hearing, was offered.

John Mudloff, 74 years old, white-haired husband of the slain woman, dramatically told the jury how his wife was murdered before his eyes the night of January 26.

Broken in health and trembling with revived memories of the night of terror, the aged man told how the bandit drove up near the Mudloff farm home in an automobile. He described how two of the men stationed themselves at the front and rear doors of the home.

Grappled With Bandit. The third, he said, entered. He sobbed when he told of how Mrs. Mudloff grappled with the bandit when he demanded money. Then he broke down completely while telling how the bandit fired the bullet that crashed through his wife's head.

He said the robbers were seeking the \$18,000 savings secreted under the floor in his home.

J. W. Jarman, Sioux City youth, held in jail here pending trial, was captured in the attic of the Mudloff home following the shooting.

Several other witnesses testified for the prosecution. The court room was crowded. Intense interest is being shown in the case. Farmers for miles around are flocking here to hear the trial.

Attorneys said Friday night they hoped to have nearly all evidence introduced by Saturday night.

List of Jurymen. Judge R. B. Tripp, presiding, adjourned court at 6 o'clock Friday night. It will reconvene at 9 o'clock Saturday morning.

Those serving on the jury are J. W. Hruska, of Tabor; Frank Marek, of Avon; E. O. Snowden, of Springfield; W. J. Brown, of Scotland; John Hack, Jr., of Tyndall; G. W. Eggers, of Tyndall; Mike Tack, of Tyndall; G. Hertz, of Scotland; Joe Schmidt, of Scotland; John Kuerna, of Tabor; Chris Freese, of Tyndall, and Joseph Valaska, of Tyndall.

WILD SCENE IN FRENCH CHAMBER

Premier Poincare Ridicules Communist Leader Who Made Statement He Controlled French Leader.

Paris, March 23 (A. P.)—Premier Poincare, angered by communist insinuations that he was controlled by the Deputy Leon Dedaut, the royalist leader, started a scene of wild disorder when in open session of the chamber today, he called Communist Deputy Andre Berthon an "abominable scoundrel."

The chamber immediately went wild, while deputies hammered their desks and the ushers ran about trying to restore order. The presiding officer vainly rang his bell for a quarter of an hour to get a hearing and calm the chamber down.

"That man, shouted M. Poincare, pointing at Deputy Berthon, 'dared to say he had against me and mine evidence I feared would be published.'"

"He lied when he said it," the premier angrily ejaculated, and the deputies, most of whom had not heard M. Berthon's accusation, jumped to their feet, all of them with the exception of the communists and a few of the radicals, cheering Poincare madly.

"EAT MORE WHEAT." St. Paul, Minn., March 23 (A. P.)—A proclamation calling on the people of Minnesota to eat more wheat and thus consume the surplus which he said is the cause of present low wheat prices, was issued today by Gov. J. O. Preus.

HOUSE OF LORDS MAY CUT DOWN MEMBERSHIP

London, March 23 (A. P.)—The house of lords Thursday night agreed to a motion offered by Lord Newton in favor of reducing the membership of the house. Lord Newton urged that the house was double the size of any other second chamber in the world, and that a large number of the members were always more likely to be found on the race courses than in the upper chamber and the bulk of the talking was done by some 50 or 60 members.

NAME TOO MUCH FOR THEM

Hawaiian Natives Found It Practically Impossible to Translate "Roosevelt" into Their Language.

The village of Roosevelt has changed its name back to Pukoo. Not many persons, probably, know where this village is. It is situated in an obscure corner of one of the Hawaiian islands, and some years ago it had as one of its residents a Dr. E. S. Goodhue, who was anxious that the name of the famous president should never die out of this section of American territory. So he got up a petition to the postmaster general at Washington, asking that the original name of the village should be altered, as far as the mail was concerned, to Roosevelt.

The request was granted, but the new name bothered the natives terribly. They have no "r" or "s" or "t" in their alphabet, and the nearest Hawaiian equivalent to Roosevelt turns out to be Lukiwelki. So they sent a second petition, in which they stated that they were deceived into signing the first, and asked that the native name of the village be restored. The petition has been granted.

Almost a Monopoly. "In the United States," remarked the man who can remember figures, "there are 12,357,000 motorcars, according to the automotive division of the federal Department of Commerce. Do you realize what that means? I've done a little figuring and I ascertained that it means that out of every six motorcars operated in the world five of them are to be found within the United States of America. The world's motorcars total 14,622,000. About 2,000,000 of this number are trucks. In Europe, according to the same authority, motorcycles, without side cars, are taking the place of the low-priced car. Over there are more than 680,000 motorcycles, about three times as many as are registered in this country.
