### Mothers Advise Their Daughters to Rely upon Lydia E. Pinkham's Vegetable Compound to Keep Them in Health

**A Mother's Advice Prevents Operation**

Corona, N. Y.—"I had a terrible pain in my left side and had to go to bed every so often. Doctors had told me I must be operated on, but I do not believe in the knife and would rather suffer than go through it. My mother also did not believe in it and she made me take Lydia E. Pinkham's Vegetable Compound because it had helped her. It has also helped me for I am better and able to do all my work. I recommend your medicine and give you permission to use my letter as a testimonial."—Mrs. J. BUSCH, Jr., 11 S. Railroad Avenue, Corona, N. Y.

**A Sickly Child**

Mahoningtown, Pa.—"I would like to say a few words about Lydia E. Pinkham's Vegetable Compound. About a year ago I thought it would be necessary for me to take my daughter out of school. She was losing weight, was nervous, and when she would come home from school she would drop into a chair and cry, 'Mamma, I don't believe I can go to school another day!' I gave her Lydia E. Pinkham's Vegetable Compound and now she is a healthy, happy, hearty, strong girl and weighs 120 pounds. She has no difficulty in doing her 'gym' work, and she works at home every night and morning, too. I am a mother who can certainly praise your medicine, and if it will be of any benefit you may use this letter as a reference."—Mrs. GEORGE E. WHITACRE, 621 W. Madison Ave., Mahoningtown, Pa.

Every girl wants to be healthy and strong, and every mother wants her daughter to do well in school and to enjoy herself at all times.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for young girls just entering womanhood. Mothers may depend upon it. Remember it is prepared from roots and herbs, contains nothing that can injure, and tends to tone up and strengthen the organs concerned, so that they will work in a healthy and normal manner.

For nearly fifty years it has been used by women of all ages, and these women know its great value. Let it help your daughter and yourself.

### MRS. J. MILLER TELLS OF GAIN

#### Declares Tanlac Overcame Stomach Trouble, Restoring Health, Strength and Weight.

"I am now strong and happy and go about my housework singing, so I think it is only natural that I should praise Tanlac, since that is what has given me such splendid health," declared Mrs. J. Miller, 119 Johnston Ave., Kearney, N. J.

"For a year before I started taking Tanlac I was simply in wretched health from stomach trouble and a run-down condition. My appetite left me, I was eating scarcely enough to keep going, and was often so weak I could hardly do any housework. My food often disagreed with me, and I would have suffocating spells and heart palpitation that nearly drove me frantic.

"My mother had been helped wonderfully by the Tanlac treatment, and when she advised me to take it I started right in. It has built me up five pounds, my digestion is perfect, my appetite splendid, and I am always talking Tanlac now. It is simply grand."

Tanlac is sold by all good druggists. Over 35 million bottles sold.—Advertisement.

"It is costing me here in this hotel," the American said, as he forked out about \$2 for a glass of beer—"well, it is costing me here just 8,000 francs a week."

"But your quarters," said I. "Very spacious, eh?"

"Quarters?" he grunted. "You mean eightths."

### Oyster 80 Years Old.

An oyster eighty years old has been taken from Delaware bay, it is reported. Scientific investigators agree and assert that the age of an oyster is indicated by the ridges or waterlines on its shell, just as the age of a tree is indicated by the annual rings that form on its trunk.

A ridge appears on an oyster every year, according to these savants, up to the fortieth year. After that the shell takes on one only every ten years. This venerable Delaware oyster had 44 ridges; hence it was eighty years old.

### SORROW AWAITS THEIR ARRIVAL

#### Mother and Fiance of World War Vet Coming From Europe to Find Him Dead.

St. Paul, Neb., March (Special).—After dreaming and planning for years to bring his widowed mother, fiance and his little brother to America, Louis Kosmen, a veteran of the World war, died in a hospital here following an operation necessitated by disease contracted in service, just after his family had started the long journey from central Europe to join him in his adopted land.

When a lad of 15, Kosmen, who was the heir to a once wealthy and influential Albanian family, was forced to flee into Greece to escape the Turks, who had killed his father. Before leaving he was betrothed, according to the custom of his people, to 15 year old Aspasia Gardan. In the following years he fought the Turks, served in their prisons and finally escaped to America where he started building a home for his family and his sweetheart.

He entered the service of his adopted country when it entered the war, and a breakdown in health resulting from his service further delayed his plans for the reunion. Finally, the war was over and American Legion paid aided him in cutting the red tape of immigration regulations. He then went word to his loved ones to come on to this country. But disease contracted in the army made an operation necessary. On Thursday he went on the operating table. On Friday he died. Somewhere in Central Europe an aged mother, the fiance and the brother are journeying toward America, not knowing the news which awaits them.

### RAILROAD GUARDS TOO HANDY WITH FISTS

Lincoln, Neb., March (Special).—The Union Pacific railroad is required, in an opinion filed today, to pay Manley Acree, a Cheyenne county farm hand, \$3,000 because two of the company guards at Sidney assaulted him. There had been a lot of thievery in the Sidney yards and guards had been put on duty. They saw two men trying to enter a building, and began a chase. One of the two ran out into the highway and made his escape. It was Acree's ill luck to be walking home along the highway about that time. The guards mistook him for the fleeing burglar. In arresting him they handled him roughly. He emerged with a fractured jaw and a damaged suit. The guards' plea of self defense was ridiculed by the court.

### OMAHA LAWYER MUST RETURN FEE TO WIDOW

Lincoln, Neb., March (Special).—The supreme court has given John O. Yeiser, Omaha lawyer who lately ran for United States senator, 20 days in which to pay a widow \$620 or stand suspended from practice. He took a compensation case and a damage suit against the street car company for the woman. After he had lost the damage suit and gained for her \$3,074 in the compensation suit, he sought to pay himself by taking 40 per cent of the latter judgment.

The district court fixed his fee in the compensation case at \$250. The supreme court says that it had this power and that Yeiser had no right to collect more. The remainder must be returned. It finds no moral turpitude, but says that an attorney's freedom to contract is restricted by the compensation law which gives the court the power to fix the fee.

Deputy and Margaret Deputy, of Gage county, be not divorced. The judgment of the Gage county district court is reversed and the case dismissed.

### FRANCE TO MAKE UP BIG MAN LOSSES

#### Plan to Spend Billion Francs for Additional Power—Rehabilitation Project on In Full Swing.

Paris (U. P.)—A vast project for the electrification of the agricultural regions of France is being prepared by the government. Under the scheme, as outlined by Minister of Agriculture Cheron, the state would arrange credits and aid in placing electric power at the disposal of every farmer.

Under the projected law the nation would advance to individuals and regional syndicates the sum of 600,000,000 francs. The syndicates and individuals would furnish an equal amount—making a total of 1,200,000,000 francs.

The basic object of the scheme is to intensify domestic farm production, to modernize the machinery on farms and thus alleviate the shortage of manpower resulting from France's war losses. If the scheme is successful, within a few years the countryside would be a network of electric power lines reaching tens of thousands of farms and furnishing them with power for labor saving machinery.

Cheron's idea is that France must garner from her own soil the means of rehabilitating the country and rendering France economically independent and the only method is to modernize and intensify production.

According to the tentative plans the state loans would be for a period of not under 30 years at a rate not to exceed 4 per cent.

Agricultural authorities predict that such electrification would immensely increase France's production of foodstuffs and enable her to become a big exporter, because at present, despite the fertility of the soil, and tollsome labor by the peasants, production is unsatisfactory, owing to the use of old fashioned farm machinery. In many places oxen are still used in plowing with the same style of plows that were used 100 years ago.

### NEBRASKA INCOME TAX BILL KNIFED

#### House Kills Measure, 54 to 38—Passes Bill for Abolishing Party Circles on Ballots.

Lincoln, Neb., March (Special).—The Nebraska house Wednesday afternoon killed the income tax bill by a vote of 54 to 38, and passed the bill eliminating the party circle, by a vote of 56 to 40. Thirty-five democrats voted to abolish the circle, while but eight favored retention. The democrats voted about fifty-fifty on the income tax bill, while the republicans voted 17 and 36 against.

But two house members opposed on third reading the house bill providing for delivery by the capitol commission of as much salvage from the old structure to the penitentiary grounds as the board of control may see fit to use there.

The bill providing for the establishment of county foundation funds and community trusts passed by 77 to 11. The senate accepted banking committee amendments to the bank guaranty bill and advanced the bill to third reading. A senate bill validating state and national bank taxes for 1922 was advanced to third reading. The egg candling bill was again corrected and advanced.

Governor Bryan sent to the senate Wednesday afternoon the appointment of W. H. Smith, of Seward, to be state tax commissioner for a period of two years, or until his successor is nominated and confirmed by the senate. State Tax Commissioner W. H. Osborne, of Broken Bow had been asked by the governor to resign and had refused before the governor sent the nomination of Mr. Smith, to the senate. On motion of Senator Saunders the nomination went over. Osborne is a republican, Smith is a democrat, a former state senator and former state auditor.

Truck Licenses Up Again.

### RED IDEAS APPLIED DO FAMILY NO GOOD

#### Chinese Youth, Converted to Bolshevism, Uses an Ax on His Father.

BY THOMAS MELOY, Peking.

THOMAS MELOY is the true doctrine of equality, thought young Li, a student in the National University, and when his father failed to appreciate it, seized an ax to prove his point. Mr. Li, sr., is now in the hospital, his skull dangerously cut, while his son meditates in a small cell over the inexplicable difference between theory and practice. From all over China the wise men and scholars have protested over what they believe to be a flagrant example of the "fruits" of bolshevik teaching. The latter, they declare, is contrary to the entire philosophy of Chinese family life.

The case of Li was particularly unfortunate, as the boy had had a good school record and looked forward to a bright professional career. He is just 20 years old. His father was a librarian in the Bureau of Records and respected for his scholarly attainments. According to the court records the details are as follows:

"Li Yuan has been heavily imbued with bolshevik propaganda, which demands an equal division of the family properties with his father. Furthermore, Li says that in accordance with the new teaching his father has no parental right to restrict his actions and he insists on living separately from his parents.

"Upon his father declining to accept his bolshevik arguments, which are against Chinese custom and teaching, Li Yuan picked up an ax with the intention of compelling his father to yield to his demands by force. But in his hurry he severely hurt his father on the head. The old man is now unconscious and his life is in doubt.

The Soviet Mission in Peking disclaim responsibility.

### COTTON PICKER ESCAPES TRIP TO PENITENTIARY

Akron, Ohio.—A cotton picker from Georgia, who did not give his name, visited the marriage bureau here recently. He said he wanted to "get prepared" to marry his sweetheart, who was on her way from Georgia for that purpose. Asked if he had been married he admitted he had. William Woodbridge, marriage clerk, wanted to know how long his first wife had been dead.

"Lawse, man, she haing daid," said the negro. "We's just been parted for the las' nine years. She dont want nethin' to do with me and the feelin's just natchally mutual. So A: aims to take Melindy for ma wife when she gets here."

The stranger grew almost pale when informed he was juggling himself for a trip to the penitentiary by having too many wives.

### DOG CLAWING FRANTICALLY IN TOWER

A dog, clawing frantically in a tower near an old homestead, uncovered a priceless treasure chest, filled with gold and silver coins and plates of the Saunders family at Courtland, Ala. According to an old family legend an agent negro hid a chest of money and silver in the civil war and died of apoplexy before he could get back to his master. Searches at intervals for 40 years brought no trace of the fortune and the family dismissed it as an "old mammy's tale."

A one-legged robin was returned for the fifth spring at Paola, Kan.

The Arab horse is said to be the oldest existing domestic breed. Its records can be traced back for 13,000 years.

### HIS ALIENATION SUIT FELL FLAT

#### Wealthy Lyons, Neb., Defendant Given Verdict by District Court Jury at Lincoln.

Lincoln, Neb., March (Special).—J. W. Riddick, whose dashing appearance as a marine during the war captivated the heart of the daughter of Mr. and Mrs. Lee Parker, wealthy residents of Lyons, Neb., lost out in district court in his suit to recover \$75,000 damages from the Parkers and Miss Elizabeth Parker, an aunt of Mrs. Riddick. Riddick lost his wife by the divorce route some months ago, and then sued the three Parkers claiming they were responsible, and that they had by threats of disinheritance and constant knocking of him as a husband, alienated her affections.

They claimed it was his own conduct and his wife corroborated this. She said he was insanely jealous and ceaselessly accused her of infidelity with old men and young men alike. The jury found for defendants.

### CONVICTED MEN APPEAL TO SUPREME COURT

Lincoln, Neb., March (Special).—Francis South, serving life sentence in the state penitentiary for the killing of Charles Wolf, of Beatrice in November last, has appealed to the supreme court for a new trial. The killing occurred while a group of men were trying to hold up Wolf. He lingered three days. South insists that he did not do the actual killing and that he is being punished beyond his deserts. He claims the verdict is not sustained by the evidence.

A similar complaint is made by attorneys for Frank Ambrose, Crete cobbler, convicted of arson and sentenced to from one to 20 years in prison, who has also appealed. The state says Ambrose insured his little shop for \$1,000, when its contents were worth no more than \$100, and then set it on fire.
