Here is O'Neill proof of their merit: Mrs. Minnie Bowen, says: "I had backache and a heavy dull pin in my kidneys that seemed to wear me all out. My kidneys were weak, causing a great deal of annoyance. Doan's Kidney Pills relieved me com-pletely."

**PERMANENT ENAMEL BAKED ON STEEL**

Eight years ago, when Dodge Brothers originated the all-steel motor car body, they took advantage of the absence of wood in the framework to bake an enamel finish on the surface of the steel.

In a vast series of electric ovens, especially designed and built by Dodge Brothers' engineers for this process, three distinct coats of black enamel are successively baked on the steel at an intensely high temperature.

The result is a finish so hardy and durable that it seldom requires more than a good cleaning and polishing to restore the original brightness.

Even in sections of the Southwest where alkali in the soil is especially destructive to body finishes, Dodge Brothers enamel retains its beautiful lustre after years of wear.

**Where Real News Is Paramount**

In the country newspaper, sensations, scandals—the recording of human misery—is almost taboo. At least it certainly is secondary to the printing of real news about people and things.

For the province of the country paper—your Home Town Paper—is to give community interests first place, printing the more or less sensational! personal items only when necessary to keep faith with subscribers who pay for ALL the news.

Therefore, your Home Town Paper can give you, in full measure and overflowing, 100 per cent pure news about the people in whom you are most interested—your relatives and friends of the Old Home Town.
