### A Circle Tour of our Golden West

Going via the Pacific Northwest Returning from California via Colorado.  
**The Low Cost of the Trip Will Surprise You**  
It is an experience of a lifetime to become acquainted with the great storehouse of scenic, climatic, agricultural, industrial and other wealth in the Pacific Northwest and California.

In making such a trip, it is both natural and logical for one to select that route on which the most and the best of the astounding wonders in our fascinating West can be viewed from the car window.  
To the end that Burlington patrons may reap the fullest possible measure of delight, benefit and inspiration which such a wonderful trip affords, schedules have been developed and perfected via two widely different routes so that the most of the best scenery is passed during daylight hours.

Through the combination of these two routes par excellence into one grand circle tour of our impressive and progressive West, you can travel several thousand miles, through a dozen great states, on one ticket. You can see practically every kind of scenery, every phase of topography, every variety of plant life, every species of animal life, every sort of mineral wealth, and every beauty of landscape that the entire American West affords.

Aside from the broadened vision which travel only can give, such a trip may take you to the land of your dreams, to a home in this wonderland of natural beauties, to an opportunity in this wonderland of natural wealth, with a future wide open.  
Let me tell you more about it and let your home-town railroad introduce you this summer.
