

MRS. HINCKLEY NERVOUS WRECK

Tells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Memphis, Tenn.—"Two years ago I was completely run-down and my nerves were a wreck. I could not sweep a room without resting. I could not do my work except a little at a time, and the doctor's medicine did not help me. One day some one threw your little book on to my porch, and in it I read several testimonials of women who had been like myself. I went right out and got me a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken the whole of that bottle I knew it was helping me. I took six bottles, and then in about three months I took two more. Now I am in perfect health. I do all of my own work and could do more. I can truly say that I know Lydia E. Pinkham's Vegetable Compound gave me my health. —Mrs. O. J. HINCKLEY, 316 Union Ave., Memphis, Tenn.

ARE YOU A SUFFERING WOMAN?

Health is Most Important to You
Lincoln, Neb.—"At one time I became very miserable with weakness from which women suffer. I suffered all the time. One of my neighbors urged me to take Dr. Pierce's Favorite Prescription because it had cured her of similar symptoms, so I decided to try it. The first bottle made me feel so much better. I took four more, and feel certain that in that one experience 'Favorite Prescription' saved me from the operating table and the surgeon's knife. Two years afterwards when the turn of life commenced, I took the 'Prescription' again with the result that I came through strong and healthy and am still maintaining wonderful health."—Mrs. Martha Strayer, 218 So. 19th St.

PROMOTER HAS APEALED CASE

Says He Was Railroaded Because Public Demanded Some One Pay Penalty

Lincoln, Neb., Oct. 4 (Special)—H. W. Kenyon's appeal from a sentence of one to seven years in prison has been argued and submitted to the supreme court today. Kenyon came from Chicago a few years ago to organize the Bakers' Fire and Bankers' automobile insurance companies, and is accused of having taken 1600 shares of stock owned by Otto H. Bruckman, a Cuming county farmer, and used them as collateral to a \$50,000 note that he signed at a local bank. He denies having any knowledge of such use of the stock and says he signed only as surety for C. E. Maixner, the secretary of the company, now serving time in prison.

Kenyon's attorney says that he was tried at a time when the public mind was inflamed over disclosures of what happened to companies in which stock by the million to farmers, and that he was a victim of the demand that somebody be sacrificed.

MUST PAY RENTAL ON SCHOOL LANDS

Lincoln, Neb., Oct. 4 (Special)—Notices are being sent out from the land commissioner's office to all school land leaseholders notifying them that delinquent payments must be in his hands by January 1st. The law requires this ninety day notice. The land commissioner has delayed giving the notice because otherwise it would have caused hardship on many holders of leases. In the beet sugar and potato growing sections the lessees were without any funds upon which to draw, but they are now selling their crops, which are abundant and well-priced.

MAYOR PARDONS GIRL WHO IS TO WED

Omaha, Neb., Oct. 4.—Rose White, 22 years old, who was given a day's stay of execution on her sentence of two days for speeding by Municipal Judge Dineen to enable her to spend a day with her sweetheart, who came from Los Angeles to visit her, has filed notice in the county court of her intention to obtain a marriage license.

NORFOLK BREEDER OWNS WORLD'S CHAMP HOG

Norfolk, Neb., Oct. 4 (Special)—Telegrams received here are to the effect that Nebraska owns the world's grand champion Duroc Jersey Hog. This honor was won at the National Swine Show, at Peoria, Ill. by W. H. Rasmussen of Norfolk.

WANT NORBECK FOR GOVERNOR

Movement On to Have Him Resign From U. S. Senate To Make Race

Huron, S. D., Oct. 4.—There seems to be no further question about the report that several well known republicans of the state want Peter Norbeck to resign his seat in the United States senate to become a candidate for the republican nomination for governor of South Dakota. It was plainly evident here at the state republican meeting and at informal sessions that strong efforts were being put forth to influence the junior senator to make such a move.

A. W. Ewert of Pierre, treasurer of the rural credits board and well known banker, worked industriously trying to arouse interest in the request that Senator Norbeck resign and become a candidate for governor. He communicated his wishes to several groups, saying that he believed Norbeck might be induced to make the move provided he felt that there was a widespread demand for such action.

It is said that Norbeck had told one state official that he would rather be governor of South Dakota and compete the road and park program, as well as carry out some of his original plans, than remain in Washington.

Current reports here are that Norbeck was in Huron the night before the republican meeting and that W. H. King of Mitchell, former republican state chairman, and Andrew Marvick of the highway commission, also were here.

Senator Norbeck, it is indicated, has not expressed any great enthusiasm over the resignation idea but has admitted that the proposition has been put before him.

SAYS GYPSY WOMAN ROBBED OIL STATION

Omaha, Neb., Oct. 4.—Clad in a gorgeous costume, a gypsy woman, used a pistol to hold at bay Peter Edgar, 20 years old, attendant at an oil station while she robbed the station's cash register of \$10, according to Edgar's report to the police. The woman fled in an automobile. Shortly afterward police caught two families of gypsies in a suburb, traveling in two automobiles at a high rate of speed. Edgar said he recognized a woman in one of the cars as the one who committed the robbery.

MOTHER DETERMINED TO CLAIM HER CHILD

Lincoln, Neb., Oct. 4 (Special)—Defeated in the district court of Douglas county in an effort to regain possession of her 12 year old daughter Doris, Mrs. Iva Gannoway has appealed to the supreme court for aid. She gave the girl to Mrs. Mary Kerrigan to adopt three years ago, and claimed that the girl is not properly reared and is being prepared for the movie stage because of peculiar talents she possesses. Mrs. Kerrigan came right back and said that the mother had not paid much attention to the child until she heard about her musical talents, that the mother leads a transitory life, has been married four times and divorced three times, and figured in 1918 in a sensational escapade at Norfolk, when an admirer shot her. The court found Mrs. Kerrigan was the proper person to have the child's custody.

GRAIN DEALERS DEMAND ACTION BY CONGRESS

Des Moines, Ia., Oct. 4.—Doing away with the United States trade commission repeal of the Capper-Tincher act regulating grain exchanges and cancellation of the federal tax imposed on grain transactions were demands made of congress in resolutions adopted at the closing session of the convention of the Grain Dealers' National association here Wednesday. Removal of the federal tax on telephone and telegraph charges and reduced freight rates when such action is possible without injuring the roads or impairing their service also was recommended.

EASTERN BANKERS HAVE CONFIDENCE IN WEST

Des Moines, Ia., Oct. 4.—Statements of "calamity howlers" that the middle western farmers are "broke" are not being given serious thought by eastern bankers and business men, John H. Hogan, president of the Des Moines National bank, declared here following his return from the American Bankers' association convention at Atlantic City. "Western bankers and business men have entire confidence in the financial stability and the vast productive resources of Iowa and the other states in the corn belt," Hogan said. "It was conceded by all eastern bankers that Iowa has 'come back' and that the outlook for the present and the future is good."

PUT ON CAMPAIGN TO SELL BRIDGE BONDS

Yankton, S. D., Oct. 4.—The banks of Yankton have subscribed for Meridian Highway bridge bonds to their full loan limit of about \$60,000, and an intensive campaign for the sale of the remainder of \$200,000 in bonds will be undertaken early week after next, said President D. B. Guernsey of the bridge company.

The point has practically been reached where the sale of the bond issue will complete the bridge, Mr. Guernsey said, with the company's books now showing \$709,000 collected up to date. This month's payment of \$75,000 on the steel for the bridge is the largest remaining, and later smaller payments will complete the job. There are certain collections continuing on stock already subscribed and subscriptions continue. The \$150,000 remaining unsold bond will be offered in a campaign of three days to a week on the basis that the \$200,000 worth necessary to complete the bridge must be subscribed for before any of the subscriptions will be binding, Mr. Guernsey said. Exact plans for the campaign have not been completed, he said, but it will probably be carried on by ward committees or by committees sent out by the various banks. The banks have agreed to hold the \$60,000 they purchased, and not resell them until the \$200,000 is sold.

CURIOS ACTION OF DOGS IS INVESTIGATED

Council Bluffs, Ia., Oct. 4 (Special)—Sheriff Percy Larson and his deputies are trying to unravel a possible mystery of the recent flood in this city. For three days and night two dogs, an Airdale and a mongrel, have kept constant vigil near the street car line to the Iowa school for the deaf, at a spot which at one time was covered with water to a depth of several feet and now covered with mud to a depth of about two feet.

People passing the place reported the matter to the sheriff and yesterday he and his deputies visited the place. They found a pair of women's tan shoes near the spot where the dogs have so long remained and which they refuse to leave. At times the dogs set up long, loud wails and wherever anyone approaches they express delight but no one can induce them to leave. At times they will accompany visitors for a short distance, always returning to the spot and resuming their wails as if for some lost one.

The finding of the shoes has led to the theory that some woman, trying to escape from the storm and flood, removed them and it is also thought possible the owner may have become exhausted and that the mud was swept over and conceals her body. Members from the sheriff's office and also city police have examined the ground closely for a long distance from where the dogs have taken up their stand without finding any further trace of evidence of anyone having been there.

ACCIDENTALLY KILLED WITH HIS OWN GUN

Lead, S. D., Oct. 4.—Abe Aladalo, one time shift boss of the Homestake Mining Co. shot himself Tuesday while cleaning a shotgun at his home. The shot entered the left breast above the heart, death coming instantly. The magazine of the gun was loaded and it is believed that he allowed the stock to hit against the floor, discharging the weapon. He was preparing to go on a chicken hunt.

FARM TRAGEDY HAS ATTENTION

Killing Near Milford, Neb., Not Made Clear to Authorities

Milford, Neb., Oct. 4 (Special)—Antone Lana, 35 years old, was shot and killed on the farm of Adolph Vajgrt, six miles southeast of here Monday while scuffling with Vajgrt's 13 year old daughter who in her testimony to the coroner's jury today said Lana had forced her into improper relations, according to County Attorney L. H. McKillep of Seward. The dead man was a farm hand.

Officials were not notified of the shooting until late Monday afternoon when Dr. Alexander Conrad, summoned to the farm home by Vajgrt. The body, covered with straw, was found in a shed near the house, according to the county attorney.

In her story to the coroner's jury, Miss Vajgrt said that the fatal wounds were inflicted while a revolver was in Lana's hands. She told the jury that she went to the shed where he slept, about 6 o'clock Monday morning to inquire if he was going to leave. She says he made preparations to take his departure and when he was questioned, began shooting, whereupon she grabbed the weapon. In the scuffle which followed, Lana kept his finger on the trigger and fired several shots, the girl's testimony shows.

OPERATOR GAVE WRONG NUMBER

But Court Holds Error is Not Ground For Damage Suit

Fremont, Neb., Oct. 4.—Because a telephone operator gives an incorrect number is no cause for a damage suit, County Judge Wintersteen held here in the suit brought by Paul Colson against the William M. Stone Insurance agency for damages to the latter company made by a mistake by a telephone operator. It was alleged that the operator in connecting an Oakland bank, which wanted some insurance for an Oakland company, mistook the number 215 for 251. The former is Colson's number while the latter is that of the Stone agency.

BUILDING MATERIAL MOVEMENT IS HEAVY

Omaha, Neb., Oct. 4.—Railroads moved more tons of building materials and other supplies last month than they ever had in any one month in their history according to a report made public here by the Central Western Shippers association.

The railroads, the report also stated moved 1,092,000 cars of freight during the first week of October, which was 22,000 cars more than had ever been moved in a single week, and still had 66,000 empty cars.

According to the association's report there is no such thing at this time as a car shortage. Elimination of the car shortage, was brought about by the co-operation of the carriers, public and shippers, in the last year, it was said. The shippers' association which made public the report is composed of organizations in the following states: South Dakota, Nebraska, Utah, Idaho, Wyoming and part of Montana and Council Bluffs, Ia. A meeting of the association will be held at Pocatello, Idaho, the first week in December.

FORMER DRY AGENT PLACED UNDER ARREST

Omaha, Neb., Oct. 4.—Earl C. Hanins, a federal prohibition agent, who was suspended Monday, was arrested Tuesday on a farm seven miles west of here on a charge of conspiracy to violate the federal prohibition laws. Frank Close, who prohibition officers said, was attending three stills which were in operation at the farm house, also was arrested as was Sebastiano Vinciguerra. Close, was the only man in the house when the officers arrived, and they were forced to wait an hour for the two other men. About 65 gallons of liquor were confiscated. Vinciguerra, officers declared, attempted to draw his revolver, but was knocked unconscious with the butt of one of the officers' revolvers. All are held under \$3,000 bond.

ON TRAIL OF YEGGS WHO TRIED TO ROB BANK

Lincoln, Neb., Oct. 4 (Special)—A swarm of detectives has been let loose by the insurance companies and bankers' association on the trail of the five yeggs who tried to loot a bank at Barneston last Saturday morning, and were forced to abandon it because of the tear gas bomb placed in the safe to protect it and which was discharged by the explosion. State Sheriff Carroll says a trail has been discovered that he thinks will lead to the capture of the gang, which is suspected of systematically robbing country banks.

CORN HUSKING IS ALREADY WELL STARTED

Plainview, Neb., Oct. 4 (Special)—A tour through northeast Nebraska shows that in almost every instance the corn is thoroughly ripe, even the very latest which it was feared would be caught by the frost before maturity, and already the farmers are beginning to husk what they say is one of the largest yields they have had for several years.

ORGANIZE CLUB FOR COOLIDGE

Nebraskans Divided Between President and Senator From California

Lincoln, Neb., Oct. 4 (Special)—Republican leaders are of the opinion that but two names will be entered in the Nebraska presidential primary those of President Coolidge and Senator Hiram Johnson. Coolidge clubs are being organized in the state, with the name club already in operation at Fremont. The reports it has received indicate a friendly feeling but a watchful waiting attitude towards the president. Col. John G. Maher is in charge of the Johnson organization. Johnson won so handsily three years ago that his managers think they can repeat without much trouble, but the opponents of the senator think he is much weaker from a variety of causes.

In democratic circles interest is divided between the movement inaugurated by Congressman Shallenberger to get a delegation for Henry Ford and the work being done to secure a delegation that will be friendly to Governor Bryan as a presidential candidate. The governor is expected to pass the gubernatorial mantle over to either W. H. Thompson of Grand Island or J. N. Norton of Polk, and enter the senatorial primary. He is suspected of a desire to erect a presidential fighting rod and wants friends on his home state delegation to the better influencing of the direction of the current.

COLUMBUS SENDS ONE GIRL CADET TO FRISCO

Columbus, Neb., Oct. 4 (Special)—Miss Lydia Ackerman, one of the 20 young women members of the Hastings cadet corps has been elected as "Miss Columbus" by the local post of the American Legion which voted \$75 toward defraying her expenses to advertise the local post at the national convention at San Francisco.

Columbus is the smallest of Nebraska cities to have a legion post to select one of the 20 girls of the cadet corps as their representative. Paying the expenses of the Hastings girls by having 20 different posts to adopt one enables the Nebraska delegates to take a special feature to the convention with them. Peter Phillips and Henry J. Kotlar, Columbus are the two local delegates to the meeting.

THEIR WEDDING OCCURRED 2500 FEET IN THE AIR

Alliance, Neb., Oct. 4.—A wedding which was strictly private took place here Saturday afternoon when Miss Naoma Moxon, daughter of an Alliance jeweler, and W. C. "Billy" Brooks, stunt aviator of the Alliance Aviation Co., were married 2,500 feet in the air. Judge Tash shouted the marriage service to be heard by the parties of the first and second part above the roar of the airplane engine as they circled above the streets of the city.

Brooks is the aviator who was arrested in Omaha some time ago when he performed daring stunts at low altitude over the business district. Later, accompanied by U. R. Zeidler, his associate at Alliance, he flew into Yellowstone park and made a forced landing in the park lake.

NEW TRAIN SERVICE MEETS WITH FAVOR

Plainview, Neb., Oct. 4 (Special)—The new passenger train schedule which went into effect on the Northwestern railroad the first of the week has been received with much favor in northeast Nebraska as the connections are such that a great deal of mail is received in the morning which otherwise would not arrive until late in the afternoon.

NEBRASKA COMPANY TO LIGHT TOWN OF PIERCE

J. Pierce, Neb., Oct. 4 (Special)—The Nebraska Gas and Electric company of Norfolk, has purchased the electric lighting plant of the Pierce Milling company. In a short time a line will be built from Norfolk to Pierce. This company is now furnishing light for Stanton, Battle Creek, Pierce and other towns.

FIND INFANT HIDDEN NEAR BABY FOLD

Dubuque, Ia., Oct. 4.—An intense search was started by the police today for the mother of an infant which was left under a bush near the Hill Crest baby fold. The child's cries attracted the attention of a nurse. The baby fold authorities think the child was deserted by a woman who attempted to turn it over to them a few days ago. Her "hard luck" story was scouted at that time.

SUPREME COURT HAS BIG GRIST

Sessions Beginning Next Week to Hear Walter Simmons' Appeal

Lincoln, Neb., Oct. 4 (Special)—Thirty-five cases are down for argument before the Nebraska supreme court the week of October 15. One is the case of the state against Walter Simmons, convicted in Boyd county of murdering a companion with whom he had started on an death. It is claimed that newly discovery of Simmons that the man was alive when they parted.

The authority of the state of Nebraska to reserve minerals in the state land; sold under contracts is attacked in a suit of a school land lease holder in the case of the suit of the state ex rel Jeshorek against McKelvie. RUSE FAILS TO CONCEAL GUILT

Driver of Car That Hit Taxi "Staged" Accident to No Avail

Lincoln, Neb., Oct. 4 (Special)—The fact that telephone poles are not covered with auto paint was responsible for the arrest of Henry Branch, Jr., on a charge of hitting a taxicab with his father's big car and then running away. In order to convince his father that he had met with an accident and also to throw the police off his trail, he took his machine out to the suburbs, rammed it twice against a telephone pole and then called the garageman for help. A suspicious detective found black paint on the Branch bumpers, and they corresponded with marks on the taxicab where it had been hit. The Branch car was loaded with university students, and they claim they did not know they had damaged the other car. They went on to a dance, but later returned and found the wrecked cab. Then they conceived the idea of bumping the telephone pole in order to make up an alibi.

ROADS WITHDRAW REQUEST FOR INCREASED WEIGHT

Lincoln, Neb., Oct. 4 (Special)—The Nebraska railroads have joined in withdrawing a request for an increase of 6,000 pounds for the minimum car weights for loading potatoes. The present schedule allows carload rates to apply when 24,000 pounds are on board, during the early shipping weeks and 30,000 the remainder of the year. So many protests were made by shippers against any increase during the first weeks, when potatoes are tender and easily bruised and the state commission was arranging for hearings at Kearney, Scottsbluff and Crawford, that the roads declined the gauge of battle.

COLONEL MAJORS IS GIVEN CLEAR BILL

Fremont, Neb., Oct. 4 (Special)—Members of the state normal board in session here today, passed resolutions submitted by Dan Morris, of Kearney exonerating Col. T. J. Majors of Peru, of charges filed with Governor Bryan in connection with application for his removal. The board holds that there is no ground for complaint, and that the charges are unwarranted. Confidence is expressed in his integrity and appreciation of his services to the state. Members entered protest against an attack such as has been made against the board president. Leaders of the attack are accused of being actuated by personal and political motives.

Norris Refuses To Again Be Candidate

Lincoln, Neb., Oct. 4 (Special)—In a letter to Colonel Maher, manager of the Johnson Presidential candidacy, Senator Norris, has reiterated his absolute refusal to again run for the position he now holds. Great pressure has been brought on him by republicans who see in him the one republican certain to defeat Governor Bryan for the senate.
