

System Counts

In everything, systematic procedure wins. Hit and miss tactics always fail.

This applies with equal force to saving money. Save systematically. Put away a stated minimum amount every payday, or every so often, and the rapid accumulation will surprise you.

On our books are many successful people who save regularly—in good times and bad—and most of them started with only a dollar. You can do it, too. We pay 5 per cent on savings.

THE HOLT COUNTY BOARD APPROPRIATES \$300.00 ERADICATION OF CROWS

At the regular meeting of the county board of supervisors this (Thursday) morning, an appropriation of \$300.00 was made by the board to be used in connection with the eradication of the crows of the county which have become a menace.

The county has been divided into two equal parts by an imaginary line drawn on the range line between ranges twelve and thirteen, which is located about one and one-half miles east of Emmet, and running north and south through the county.

James H. McPharlin, of O'Neill, has been chosen as the captain for the east one-half of the county and Mose Campbell, of Atkinson, will have charge of the west one-half of the county. These captains have the power to appoint sub-captains in their territory who will report to their main captains during the big shoot which will begin March 15th and will continue until twelve o'clock on the night of April 30th.

The sum of \$300.00 will be given to defray a part of the expense of the shoot in the following manner: \$200.00 will be given to the side killing the largest number of crows, and \$100.00 will be given the losing side.

The big crow hunt will terminate with a banquet following the close of the shoot. The location of the banquet to be designated by the losing side.

NOTES FROM THE NORTHEAST

E. E. Cole was in the O'Neill market Monday with a load of hogs.

The snow of Saturday and Sunday was beneficial to fall grain, which is in good condition.

Martin Stauffer and Emmett Wertz drove to Niobrara Saturday on business returning home the same day.

The farm sale of Mr. Reese, of Knoxville, was well attended and property selling at satisfactory prices.

Charly Cole who has been ill for some time is reported recovering from a serious attack of rheumatism.

There appears to be an unusual demand for farms by renters and several changes will be made March 1st, in this part of the county.

Some loss of cattle in stock fields are reported. We are inclined to think farmers that do not pasture stalk fields are to the good, financially.

Emmett Wertz was on the Page market recently with sixty-six head of Poland China's that averaged 320 pounds, selling at top prices for that day.

John Slack, of Dorsey, and Arthur Tomlinson, of Knoxville, purchased pedigreed stock at the Wertz farm last week. Mr. Slack, an Aberdeen Angus sire, and Mr. Tomlinson, a Poland China.

Farmers in this part of the county realize that good stock with proper care is remunerative and not as expensive to raise as poor stock. We notice some very good cattle and hogs on farms in this part of Holt county and we note a sentiment to improve cattle and hogs by purchasing individuals of a satisfactory standard.
