FINAL SETTLEMENT OF
KINKAID ESTATE MADE
BY ADMINISTRATOR WEEKES

A rather novel method was adopted in disposing of the real estate belonging to the estate of the late Moses P. Kinkaid who represented the Sixth District of Nebraska in Congress for twenty years and who died in Washington in July, 1922. He left twelve heirs consisting of a brother living, three children of a deceased brother and eight children of a deceased sister. The real estate consisted of 2640 acres located in Arkansas, Texas, Nebraska and Canada. S. J. Weekes of O'Neill, administrator of the estate suggested to the heirs that they divide the land by agreement to save the expense and delay of dividing it by partition suits in each of the jurisdictions.

At a meeting of the heirs held in O'Neill recently they requested Mr. Weekes, the administrator, to suggest a plan of division. A tentative plan was submitted by the administrator that seemed so equitable that no one of the twelve heirs would take a first choice. All the heirs declining to make any choice in the proposed division, numbers were then placed in a hat and the numbers as drawn out by each heir took the allotment of land with a corresponding number. That portion of the personal estate on which the cash had not been realized was divided among the heirs by agreement also.

The probating of the estate has just been closed here and the administrator's final report shows \$107,000.00 in cash received and disbursed.

FARM HOME BURNED
EARLY TUESDAY MORNING

The farm residence on the place known as the George Gaughenbaugh farm, five miles south and five miles west of O'Neill, and now occupied by a young couple, Mr. and Mrs. Brandt, was totally destroyed by fire early Tuesday morning. The fire was discovered at about three o'clock in the morning and had gained such headway that the occupants barely escaped with their lives. Nothing was saved from the interior of the house. We understand that a small amount of insurance was carried on the building but none on the contents.
