If Saving Were All

If just the putting away of money in a saving bank were the only object of saving, it would be of little benefit. The depositor would be simply a miser.

Money is meant to be used, wisely and with regard to real needs and wants. Wise investments can be made only with ready money and a savings account furnishes ready money.

We stand ready and eager at all times to advise our depositors of good investments—places for the money they have saved. Open your account here today. We pay 5 per cent interest on savings.
