SUNDAY & MONDAY

At the Royal

HERMAN KAUP.

(Stuart Advocate, April 17.)
Herman Kaup, sr., was born in Buren, Westphalia, Germany, May 29, 1844, and died at his home in Stuart, Holt County, Nebraska, April 14, 1924, at the advanced age of seventy-nine years, ten months and fifteen days.

He immigrated to the United States in June, 1868, settling on a homestead in Dodge County, Nebraska, where he resided about four years, when he

moved to Monterey, Cumming County, Nebraska. In 1904 he moved to a farm three miles northwest of West Point, Cumming County, Nebraska, residing there until 1911 when he moved to Stuart, Nebraska, living here until his death.

He was united in marriage to Sophia Scharfen in November, 1869, and this union was blessed with fourteen children, eight sons and six daughters, of whom eleven survive, two children passing away in infancy. Gertrude (Mrs. Anton Batenhorst), passed away about thirteen years ago. Those living are: Herman, Frank, John, Mary (Mrs. Herman Luening), of Creighton, Nebraska, Bernard, Sophia (Mrs. A. J. Kreikemeier), of West Point, Nebraska, Joseph, Catherine (Mrs. Frank Steinhiser), of Stuart, Nebraska, Aloys, Ferdinand, and Mary, yet at home. All the sons live at Stuart, Nebraska.

He is also survived by his aged wife, sixty-five grand-children and ten great-grand-children, and many other relatives.

Three weeks ago he was suddenly taken ill and was confined to his bed from that time on, passing peacefully asleep to his reward, fortified by the last rites of his church, of which he was a very exemplary and faithful member.

During his long sojourn in this country, he made two pilgrimages to his birthplace, the first in 1884 and the last in 1900. In the latter he was accompanied by his wife and five youngest children, staying there about a year.

Funeral services were held at St. Boniface church, in Stuart, Nebraska, Wednesday morning at 9:30, Rev. Father Jungles officiating at Requiem High Mass and interment was made in the Stuart Catholic cemetery.

His six grand-sons, Joseph Kaup, Alphonse Batenhorst, Robert Batenhorst, Leo Kaup, Frank Kaup and Henry Kaup, acted as pall bearers.

A large number of relatives and friends of Stuart and out-of-town, friends were present at the funeral.

THE LINCOLN STAR.

The Lincoln Star is now located in its new building and has one of the most efficient and up-to-date newspaper plants in the entire country. Many new typesetting machines of the very latest models have been installed and all the equipment is of the best. The Star will soon begin the erection of its mammoth new Hoe press—the largest in the State. This press is capable of printing and folding a paper of sixty four pages in one operation. It will print and deliver complete 16-page papers at the rate of 80,000 per hour.

The Lincoln Star prints six different editions each week day, making it possible to select the train service that will give the out-of-town subscribers the latest news at the earliest hour. The news of the world is received over two leased wires—the Associated Press and the International News Service. Both world wide organizations. The Star also publishes the best and most expensive features and comics known in the newspaper world.

The mail subscription price of the Star is \$3.00 per year for the daily and \$4.50 per year for the daily with Sunday. The daily Star at \$3.00 is a remarkable newspaper bargain. You can send your subscription direct to The Lincoln Star or give it to any authorized Star agent. 47-4

STUDY MAN-MADE LIGHTNING

Engineers Confident That Experiments Going On Will Prove to Be Successful.

Two-million-volt artificial lightning is being created in the research laboratories of the General Electric company, Pittsfield, Mass., in order that buildings and high power electrical transmission lines may be protected against the powerful "electrical dynamite" that nature discharges during storms, reports the Kansas City Star.

F. W. Peck, Jr., engineer in charge of the spectacular experiments now in progress, explains that in addition to the trouble that engineers have in keeping power current from escaping from the conductors there is the very important problem of lightning protection. A few million horsepower are released in a fraction of a millionth of a second when lightning crashes. Electrical engineers must know how to prevent this destructive force from reaching the conductors of power lines or they must arrange so that it will discharge harmlessly to the ground when it does get to the line.

The highest voltage actually used at the present time for the commercial transmission of power is 220,000 volts on a line in California, but the General Electric company has an experimental million-volt line. Mr. Peck declared that it is too early to say whether such high voltages will ever be acquired in practice.

To Develop Canada's Clay Deposits.

Numerous varieties of valuable clay deposits, some of these being brick, tile, earthenware and fire clays, have long been known to exist in Saskatchewan, Canada. To promote a knowledge of these deposits and to encourage their development, the provincial authorities have recently included a course of ceramics in the curriculum of the Saskatchewan university. Thus although there are no pottery-manufacturing plants in this province at present, the people of that section of the Dominion are obviously aware of the possibilities in the situation and are taking steps to make Saskatchewan one of the leaders in the manufacture of brick, tile, pottery, or other products of the ceramic industry.—Popular Mechanics Magazine.

SURROUNDING AND PLEASANTVIEW ITEMS

Walter Deise shelled corn for Paul Roth Tuesday.
Laura, Pearl and John Steskal spent

Sunday with John Hinckles family.
Alvin Waltnopher spent Monday evening with Albert Klingler's family.
Clifford Davis, of O'Neill, is lathing J. F. Warner's new house this week.
Zeb Warner, of O'Neill, was a dinner guest of A. J. Klinglers Tuesday.
Fred Roth is helping his brother, William, with his farm work this week.

Alvin Waltnopher shelled corn for Frank Heeb, and C. A. Strong Wednesday.

Ed Early and Jake Doumier spent Sunday evening with Ed Steskals' family.

Earl Miller, of Atkinson, was an over Sunday visitor of C. A. Strong's family.

Mr. and Mrs. Herman Klingler visited Mr. and Mrs. C. A. Strong Tuesday evening.

Mr. and Mrs. Nels Anderson called on their niece, Mrs. Emma Deiser Monday evening.

Mr. and Mrs. John Alfs spent Monday evening with Mr. and Mrs. Zeb Warner, of O'Neill.

Mr. and Mrs. Oscar Fullerton, Sr., of Atkinson, visited their son, Robert and family, Thursday.

Mr. and Mrs. Joe Bruder and daughters, visited their daughter, Mrs. Wm. Murphy Monday evening.

Henry Winkler, Jr., drove up to Ray Coborn's near Phoenix Monday to get some Plymouth Rock eggs for hatching.

Those that had cattle on the Omaha markets were George Pancrats, John Pruss and Gerald Deshoski. These were grain fattened cattle.

Mr. and Mrs. Zeb Warner, Mrs. Walter Warner and daughters, of O'Neill, spent Tuesday with their son, J. F. Warner.

Ed Steskals, Joe Bruder and Albert Klingler received almost 600 Pine trees from groves on their farms at Halsey, Nebraska, Monday.

Mr. and Mrs. C. A. Strong and daughter, Lucile, Nellie Bellinger and Earl Miller spent Saturday evening with Mr. and Mrs. Herman Klingler.

Mr. and Mrs. Albert Klingler, Mr. and Mrs. Herman Klingler were dinner guests of Mr. and Mrs. Grant Randall and family Sunday near O'Neill.

Mr. and Mrs. Pete Thulsa and family, of near Atkinson, Mr. and Mrs. Ed Heeb and family spent Sunday afternoon with Mr. and Mrs. Joe Bruder and family.

Mr. and Mrs. August Hoppe and son, Carl, spent Saturday evening with Mr. and Mrs. Henry Winkler. Mrs. Hoppe reminded Dorothy of her birthday anniversary, by presenting her with a nice gift.

Mrs. Katherine Olrich was pleasantly surprised Sunday when the children and families gathered to spend the day at home. Those present were: Mr. and Mrs. Joe Ulrich and daughter; Mr. and Mrs. Orville Hitchcock and daughter; Mr. and Mrs. Lenord Ulrich; Mr. and Mrs. James Mullen and children, Vincine, Angla

Lee Sivesind, Owner

COL. JAMES MOORE, Auctioneer.

NEBRASKA STATE BANK, Clerk.

Real News Paramount

In the country newspaper, sensations, scandals—the recording of human misery—is almost taboo. At least it certainly is secondary to the printing of real news about people and things.

For the province of the country paper—your HomeTownPaper—is to give community interests first place, printing the more or less sensational personal items only when necessary to keep faith with subscribers who pay for ALL the news.

Therefore, your Home Town Paper can give you, in full measure and overflowing, 100 per cent pure news about the people in whom you are interested—your relatives and friends of the Old Home Town.
