"Santos" Coffee From Sao Paulo. It is against the law now to label as "Java" coffee that does not come from Java or Sumatra. Real Mocha is grown in Arabia, and after the coffee became well known and very popular some unscrupulous dealers applied this

name to coffee from other countries. Coffees frequently take their names from the ports from which they are shipped. The most widely used variety in this country is called "Santos," after a port of Sao Paulo, the great coffee-producing state of Brazil.

Volcanoes in United States. While there are no active volcanoes in this country, there are a number of extinct or dormant volcanoes in the West. These include the San Francisco mountains of Arizona, Mt. Taylor in New Mexico, Mt. Shasta in California and the following peaks in the Cascade mountains: Pitt, Mazana, Union, Scott, Three Sisters, Jefferson, Hood, Adams, St. Helens, Rainier and Baker. The Spanish peaks of Colorado are also the remains of ancient volcanoes. Most of these mountains have visible craters on their summits
