Sabbath Day Dinner Ends In Tragedy

Universal Service
Chicago, May 4.—A reconciliation dinner ended in a tragedy, Sunday.

Two months ago Frank Knight, Jr., eloped and married a pretty 17-year-old girl over the protests of his father, Frank Knight, Sr. The elder Knight told his son never to come into his house.

Mrs. Knight, the mother, thought to effect a reconciliation and invited her son and his bride to dinner Sunday. Mrs. Knight had not returned from church when the son came home. As she reached the door she saw a crowd collected on the side walk and found her son dead, with a bullet through the heart.

Knight had shot his son as he entered the door, according to statements of neighbors.

The elder Knight was found late Sunday night and arrested, charged with slaying his son.

"I don't know what was the matter with the boy, but he was never any good," he said. "I couldn't stand it any longer. I told him to get out. He turned and attacked me and I fired a shot to scare him but he kept coming at me. Then I had to shoot him."

STRIKE SPREADS IN BUENOS AIRES

General Business Paralyzed—Government Worried Over Situation

Universal Service
Buenos Aires, May 4.—At noon Sunday it was estimated that 70 per cent. of Argentine workers had gone out in the general strike which is paralyzing the business of the country.

The government is worried over the strike and the effects on foreign trade and commerce, the cabinet, following a long meeting Saturday in which the situation was excitedly discussed, meeting again Sunday to take positive steps to prevent interference with commerce.

Although the cabinet recognizes that it is "within the rights of every Argentine citizen to strike," it cannot allow any interference with "foreign relations." Therefore the navy department has been ordered to seize several river steamers and tugs which have been manned with navy crews in order to keep up communication with Montevideo and allow foreign vessels to enter the port of Buenos Aires.

With the exception of the lighting system, railroads and tramway services, all public services have been stopped. There is no bread or meat shortage as yet, but many markets are closed and the "walking delegates" are forcing commercial houses to close down. Many closed willingly to avoid trouble.

There have been scores of arrests in the city of Buenos Aires, Rosario, Santa Fe, Tucuman, La Plata, Tandil, Mendoza, Cordoba, Posadas, Bahia Blanca and other cities where the strike is most effective.

Weeks Seeks to Eradicate One-Year Army Enlisting

Washington, May 3. (I. N. S.)—Secretary of War Weeks wrote a letter to Senator Wadsworth, chairman of military affairs committee, proposing an amendment to the national defense act, prohibiting one year enlistments in the army.

The army is now compelled to accept such enlistments under a decision of Attorney General Daugherty and army authorities contend they "cannot make a soldier" in one year.

Recently Mrs. Thomas was seized in front of her home by a man and a woman and herself lashed. She refused to identify her assailants.

NIGHT FLIERS TO CARRY U. S. MAIL

Twenty-four Hour Service By Postmaster General Soon

Universal Service.
Washington, May 4.—Daily air mail service which will make San Francisco from New York in 24 hours, was promised Sunday by Postmaster General New. A plane will hop off from New York, July 1, the date when the new appropriations just voted by congress become effective.

Night flying, demonstrated successfully last summer in eight transcontinental flights, will enable the air postmen to keep their schedules. For the present, no records will be sought, but going to San Francisco will take 34 hours and 45 minutes, and to New York 32 hours and five minutes. The prime requisite will be safety to pilots and planes, consistent with reasonably fast delivery of mail.

The tests have shown that it is possible to reach New York from the Golden Gate in 23 hours and 14 minutes, and the Golden Gate from New York in 29 hours. Fast trains require 87 hours. In pioneer days the pony express reached San Francisco from St. Joseph, Mo., in eight days, considered a remarkable performance.

The night hop is between Chicago and Cheyenne. Acetylene gas lights three miles apart illuminate the way, and every 25 miles is an emergency landing field, designated by a revolving searchlight whose beams penetrate the air 150 to 200 miles. Eight cents will carry a letter in the first zone—New York to Chicago or San Francisco to Cheyenne. Sixteen cents will carry it into the second zone—Chicago to Cheyenne. Twenty-four cents will carry it all the way.

Small "Fortune" Goes Pp Song for the Democrats

Washington, May 3.—The handiwork of a thousand counterfeiters went up in smoke today at the treasury.

BREAD FAILS TO FOLLOW FLOUR

Decrease Not in Line With Slump in Grain, Report Shows

Universal Service.
Washington, May 4.—While there has been a marked decline in flour cost, due to the slump in wheat prices since 1920, bread prices have not decreased in like degree, according to a report to be filed with the Senate Monday by the Federal Trade commission.

The report is to be made in pursuance of a resolution introduced by Senator Norris of Nebraska, as part of his inquiry into why bread prices remain high in the face of the low prices paid farmers for their wheat.

From January, 1919, to September, 1922, says the report, the monthly average quoted prices of flour decreased 50 per cent. in Minneapolis district and 43 per cent. in the Kansas City district, while wheat prices declined 50 per cent. in Minneapolis and 55 per cent. in Kansas City.

Bread prices, it is stated, declined only 2 per cent. in Minneapolis, about 15 per cent. in Kansas City, due to a price war; 6.6 per cent. in Boston and 2 per cent. in New York.

"The above comparison," the report adds, "shows that the decline in wheat prices so disastrous to the farmers, has benefitted the purchaser of bread very little."

ROBBERS BLAST WAY OUT JAIL

Newton, Kas., May 3.—James A. Woodruff and Harry Ross, held for complicity in the robbery of the Walton, Kan., state bank, January 19 last, when \$140,000 in valuables were taken, broke jail here Friday night by blowing out a corner of the county jail with dynamite.

The explosives was furnished by confederates outside. Woodruff and Ross ran to a waiting automobile and were hurried away.

No other prisoners escaped.

JAPS ARRESTED TAKING PHOTOS

Newport, R. I., May 3.—Three Japanese observed taking photographs of Fort Adams and Newport harbor, have been questioned by the police and their roll of film taken from them. The film will be developed. No effort was made to detain the trio but their names were taken and they left the city for New York after being released.

Heroic Early Texans

Although Texans and Mexicans are now on friendly terms, as are states of the original thirteen American colonies with the mother country, England, there was a time when fighting was to the death and with little or no quarter given.

Blood, hunger and suffering trace heroic tales over the pages of Texas history. Col. James Bowie was ill and had to be carried across the mark in a cot when, at the Alamo, Col. William Barrett Travers drew a line with his sword and said, "Whoever is willing to die like a hero, let him cross," says the Detroit News.

Starting Trouble

Two "star" ladies, each of whom considered herself the principal person in the pantomime, were attending one of the rehearsals. "My dear," said the tall, beautiful, fair-haired one. "In the first scene I have to walk off the stage at the rear, while you remain facing the audience. What is your cue to go on with your lines?" The dark-haired dame smiled sweetly. "Why, dear," she replied without hesitation, "the sigh of satisfaction from the audience."
