

MARRIED TWELVE YEARS BEFORE BABY CAME

Gladly Recommends Lydia E. Pinkham's Vegetable Compound

Louisville, Nebraska.—"I was married twelve years before my boy was born. I had a lot of female troubles and had been treated by a physician for them but they continued much the same. Then I read your advertisement in the newspapers and thought I would give Lydia E. Pinkham's Vegetable Compound a good trial, for if it had helped others, why not me? I have taken 36 bottles of the medicine and am never without it in the house. My baby boy is three years old now and I sure am happy since I got relief from my troubles. When any one has troubles like mine, or any ways like mine, I am always glad to recommend the Vegetable Compound so that they will get the right kind of medicine."—Mrs. JOE NOVAK, Box 662, Louisville, Neb.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use for sale by druggists everywhere.

Is Your Work Hard?

Is your work wearing you out? Are you tortured with throbbing backache—feel tired, weak and worn out? Then look to your kidneys! Many occupations tend to weaken the kidneys. Constant backache, headaches, dizziness and rheumatic pains result. One suffers annoying kidney irregularities; feels nervous, irritable and worn out. Don't wait! Use Doan's Pills—a stimulant diuretic to the kidneys. Workers everywhere recommend Doan's. They should help you, too. Ask your neighbor!

An Iowa Case
M. L. Mohler, farmer, R. F. D. No. 2, Bedford, Ia., says: "My back ached and pained for several days at a time. Some of the time I had to lay off work. I was so lame and sore across my back. My kidneys didn't act regularly and in other ways showed signs of disorder. I used Doan's Pills and two boxes cured me."

SAY A PRAYER WHEN YOU SWALLOW A PILL, ADVICE OF MINISTER

Universal Service
Chicago, May 12.—Say a prayer when you swallow a pill. That was the advice given by Rev. Franklin C. Sherman, president of the American Guide to Health, in an address to the Methodist ministers of Chicago, at their weekly meeting Monday.

"A true Christian has more belief in the power of God than the power of a pill," he said. "It is all very well to take medicine but it should be liberally mixed with prayer."

"One of the biggest jobs before the clergy today is the christianizing of the medical profession. When that is accomplished more will be done in the direction of curing the sick."

CLEAN BILL FOR SENATOR LIKELY

Investigating Committee Expected to Find Burton Wheeler "Not Guilty"

Universal Service
Washington, May 12.—An early report declaring Senator Burton K. Wheeler, democrat, of Montana, "not guilty of the charges contained in the federal grand jury indictment," was forecast at the session of the special Senate investigating committee Monday.

Senator Borah, republican, of Idaho, chairman of the committee, indicated clearly that he considered the charges trivial and wishes to dispose of them immediately. He announced that the committee would meet in executive session Tuesday to reach a decision as to the advisability of holding further hearings.

Senator Sterling, republican, of South Dakota protested at the hearing Monday that "those who are interested in getting at the truth" had additional witnesses to present.

The chairman, Borah, demanded the names of these witnesses but Senator Sterling asserted he was "not ready yet."

Senator Wheeler repeated his previous denials of the charges, and maintained that his only activity in behalf of his client, Gordon Campbell, in Washington was "to try to secure some financial assistance for him."

METHODISTS RAP BUTLER

University Head Condemned For Refusal to Debate "Dry" Question

Universal Service
Springfield, Mass., May 12.—A resolution charging Nicholas Murray Butler, president of Columbia university, with insincerity because of his refusal to debate the 18th amendment was offered from the floor of the Methodist general conference Monday.

After Dr. Butler had vigorously attacked the federal prohibition law he was challenged to debate by Dr. Clarence T. Wilson, head of the board of temperance. Dr. Butler refused the invitation.

"If Dr. Butler has any light to offer on the subject," said Rev. Dr. Moore of Baraboo, Wis., who offered the resolution, "we should like to have it. We will give him a respectful hearing."

The conference, however, refused to grant Dr. Moore's request for Butler's presence.

The Rev. W. R. Wedderspoon of Chicago presented a resolution urging the reading of the bible in the public schools of the United States. The resolution was adopted.

In a plea that the younger generation be given more religious instruction and especially be taught the importance of stewardship in giving financial support to the church, Rev. Harry L. Brown of Puget Sound said:

"If the boys and girls are old enough to chew gum and attend the movies they are old enough to learn the importance of giving to the church."

VOTE IN FRANCE MEANS SHAEKUP

Communists Hold Balance Of Power—Poincare May Resign Soon

BY C. F. BERTELLI
Universal Service Correspondent
Paris, May 12.—The balance of power in the next French parliament, according to latest indications, will be held by the "workers and peasants bloc" of communists who, although numerically the smallest party, must accord their support to the socialists in order that the latter may govern with the necessary working majority.

It is rumored that Premier Poincare may not wait until parliament assembles to resign. Monday morning's socialist organ O'Evre demands the resignations of both Poincare and President Millerand on the ground that the country is clearly against their policies. The O'Evre also asserts that the Poincare-MacDonald interview scheduled for the next weekend should be called off because Poincare no longer represents the will of France.

Figures Support Claims
The latest figures support the socialist bloc's claim of a majority of approximately 50.

It is generally believed that the next premier will be either Edouard Herriot, or Aristide Briand, the two leaders of the left bloc.

Financial and banking circles are literally dismayed by the abrupt change in the political situation. Former Premier Paul Painleve, Herriot and other chiefs are outspokenly in favor of the adoption of the reports of the experts in their entirety but financiers point out that the threatened domination by the "reds" is likely to render dubious the success of international loans.

Fears are expressed in high quarters that the Morgans and other international bankers may retract their willingness to float loans or repeat their recent offers of support, owing to the revolutionary policies, including a tax on capital which the new parliament is likely to favor.

Exchange Rate Slumps
Genuine apprehension is current that the influence of the communists may be sufficient to defeat the continuance of the present fiscal program, substituting a levy on capital for other taxes.

These fears were speedily translated Monday into a collapse on the bourse, of exchange rates on the franc, which lost almost one point to the dollar.

Generally speaking, the new majority stands for evacuation of the Ruhr and an entente with Germany, but especially and above all, cancellation of allied debts. Practically all the leaders of the socialist bloc, prior to the elections, expressed the opinion that cancellation of interallied debts was a necessary prelude to the settlement of the reparations problem.

Indications of the majority's probable fiscal policy is given in an election manifesto handed out Sunday saying:

"The able speculative raid by international American financiers permitted the momentary recovery of the franc but this recovery will not last if the policy of financial and fiscal imprudence, combined with turbulent diplomacy, remains the French policy."

SENATE MOVES TO AID FARMERS

Bill Instructing Commerce Commission to Lower Rates Passes Unanimously

Universal Service
Washington, May 12.—The first actual step by congress in the direction of meeting the demands by agricultural organizations was taken Monday by the Senate in adopting the Smith resolution directing the Interstate Commerce commission to put rates on farm products at the lowest possible figure "compatible with the maintenance of adequate transportation service."

The action of the Senate was taken unanimously and the measure was sent at once to the House for consideration. The resolution declares "that agriculture is a basic industry of this country" and "that it is the policy of congress to promote, encourage and foster that industry, and especially in rate making during the existing depression in agriculture."

Capper Heard From
The resolution also asserts it "to be the true policy in rate making to be pursued by the commission in adjusting the freight rates, to end that commodities may freely move with fair profit to the producer and sold at a reasonable price to the consumer."

The adoption of the resolution came simultaneously with an announcement by Senator Capper, republican, of Kansas, leader of the farm bloc, that he would "oppose adjournment of congress until a real effort has been made to help the farmers of this country."

Capper's statement was regarded as formal notice to administration chiefs that congress would be held in session after the national conventions unless some effective notice was taken of the agricultural situation.

Defends McNary Bill
Senator Capper, in his statement directed particular attention to the McNary-Haugen bill, which has been promised the right of way in the House next week. He declared that measure "economically sound" and "nothing more than a workable plan for making the protective tariff effective in maintaining a fair domestic price level for crops of which we produce a normal surplus." The administration, it is generally understood, looks with disfavor on the McNary-Haugen bill in its present form.

The senator also listed the Norris-Sinclair bill, the Curtis-Aswell bill, and the repeal of section 15-A of the transportation act as measures "which agricultural interests hope will pass at this session."

PROFESSIONAL NURSE SAYS TANLAC HAS NO EQUAL

Mrs. J. Clark Says Tanlac Was More Than Match For Her Troubles.

By reason of the fact that she speaks from her long experience as a professional nurse, the statement of Mrs. J. Clark, of 415 Walsworth Ave., Oakland, Calif., will be of interest to all who are in need of an upbuilding tonic.

"In all my fifteen years' experience as a trained nurse," says Mrs. Clark's statement, "I never found the equal of Tanlac as a stomach medicine and tonic. Two years ago an attack of influenza left me without appetite and my stomach in such a bad fix that the little I did eat seemed to do me harm instead of good."

"Stomach pains would make me so weak I would feel right faint. The least exertion would completely exhaust me and six months before taking Tanlac I was so weak I had to hire my housework done. I was in bed most of the time for two months and was getting desperate."

"Tanlac was more than a match for my troubles and eight bottles left me feeling fine. I eat and sleep like a child and have energy and strength that makes life a pleasure. Tanlac is simply grand."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.
