NEW MEXICO.

Chicago, Sept. 9: New Mexico can be counted safely in the Republican column for national, congressional and state candidates—but that isn't going to prevent us from working our hardest to get out every possible Republican vote.

This appraisal of the situation was made today by Praeger Miller, Republican State Committeeman there, when he visited National headquarters.

"Bankers, business men, investors, taxpayers and farmers in my state," said Mr. Miller, "have hardly regained their equilibrium since the disastrous deflation of the last administration. They have not forgotten the Wilson vetoes of the emergency tariff bill and the bill to revive the War Finance Corporation in 1920.

"Had these measures been speedily enacted when the emergency of 1920 arose thousands of farmers and bankers throughout the west would have been saved from financial disaster. But the bills were rejected and the financial disaster came in the liquidation that followed in the wake.

"The liquidation of the farms and ranches of the west destroyed the collateral of the banks and brought unprecedented poverty and suffering to the people. Since the Republican Administration came into power in 1921 prices on all products of New Mexico have been gradually increasing. Businessmen and farmers throughout the state, in many instances regardless of party affiliation, feel that the country will be safely and sanely managed by Coolidge and Daves. To replace President Coolidge with either of the other presidential candidates would be the most colossal blunder ever made by the producers of the nation. Things are good. They are getting better. A change could not help but make a disturbance. Why change?"

Mr. Miller who is a dirt farmer was one of a committee dispatched by the farmers and business men of the west to Washington in 1920 to urge on the Democratic president the prompt signature of the emergency tariff law and

the War Finance board revival. The committee failed in its effort.

UNCLE EZRA SAYS:

Coolidge was nominated by the people—not by the politicians—let's have the election the same way.

Every mother admires the rugged honesty of Coolidge—his life always has been and is today an inspiration to the youth of the land.

The welfare of the nation needs clean and clear thinking—don't Russianize our country.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

Just fifty years ago last Sunday Mr. and Mrs. John Moler, of this city, were united in marriage. That the occasion might be appropriately observed their children arranged a celebration in honor of the event which was held at the old home place sixteen miles north

and two miles west of O'Neill, last Sunday. Mr. and Mrs. Henry Krier are now residing on the Moler ranch and also assisted in the celebration.

Two hundred and three guests were present and enjoyed the festivities that began about noon and continued until late in the night. During the afternoon a ball game was played between chosen teams and the older ones amused themselves pitching horse-shoes.

All of the children were present excepting John Moler, of Wall, South Dakota, who was unable to be present at this time. The children present were: Mr. and Mrs. David Moler and family, of Westington Springs, South Dakota; Mrs. Charles Bigler, and two daughters, Miss Mildred and Miss Bernadine, of Winner, South Dakota; Mrs. John Grutsch and Allen V. Moler, who reside northwest of O'Neill.

Mrs. Emma Sellers, of Marshalltown, Iowa, sister of Mr. Moler; Mrs. C. F. Allen and husband, of Lincoln, sister of Mrs. Moler; Mr. and Mrs. Lindley Allen, of Pawnee City, nephew and niece; Mrs. Lulu Eastwood, of Fairmont, a niece, were also present at the celebration.

After their marriage Mr. and Mrs. Moler resided at other points for a few years. Forty-two years ago they came to Holt county and took a home-stand, pre-emption and tree claim which are still a part of the homeranch of 720 acres. Besides the home ranch Mr. Moler owns a half section of excellent land a couple of miles from his other holdings, which is occupied by his son Allen and family.

Mr. and Mrs. Moler made their home upon the ranch until last March with the exception of four years they resided in Wayne, Nebraska, from 1913 to 1917.

MRS. PHILOMINA BAZELMAN

Mrs. Philomina Bazelman died at the home of her son, Martin Bazelman, in this city last Sunday about noon, following a short illness. She had been in fairly good health until the previous Tuesday when she was confined to her bed for a day; on the following Friday she suffered a relapse and passed away peacefully on Sunday at the age of seventy-nine years, nine months and eight days.

Philomina Delwael was born November 30, 1844, at Alstern, Holland, where she spent her girlhood. She was married to Gabriel F. The deceased leaves two sons, Martin and Fred Bazelman, twelve grandchildren and a host of friends to mourn her departure.

The funeral services were held from St. Patrick's church Tuesday morning at nine o'clock, Rev. M. F. Cassidy conducting the services. Burial was made in Calvary cemetery.

JOHN P. McCAFFERTY.

John P. McCafferty, of Butte, Montana, passed away at the home of his mother in this city late Tuesday afternoon, after an illness of a little over a year's duration. He enjoyed the best of health until that time when he suffered a nervous breakdown which baffled the physicians. He traveled far and near in the hope of obtaining some relief from the fatal malady which was rapidly making great inroads on his health and which finally resulted in his death.

John was born in this city December 29, 1882, and grew to manhood here. He was for some years associated with his father in the hardware, furniture and undertaking business both here and in Spencer, Nebraska. About eighteen years ago he left here for the west and located in Butte, Montana, where he entered into the hardware and furniture business and in which he remained until his health broke a year ago. He leaves to mourn his death, his mother, of this city and three sisters, Mrs. John Melven and Mrs. R. E. Gallagher, of O'Neill, and Miss Florence, of Omaha, and one brother, B. J. of Taft, California. ***

HOME AND THE BABY.

Grandpa and Grandma Longstaff have received the announcement of a son, John Longstaff, born to Rev. and Mrs. E. C. Goodenberger, on June 30th, at their home in Kianglung, Yunnan, China, via Hiaphong. Rev. and Mrs. Goodenberger sailed last September as missionaries to Yunnan province. Rev. Goodenberger is a carpenter by trade and has the supervision of the construction of the building which is being done by the missionary party. He has invented a large saw which he is using to get out the lumber and which has the possibilities of being an invention upon which he will realize later. Upon one page of the announcement appeared the following poetry written with a typewriter:

Home was never home before
Till the baby came.
Love no golden jewels wore,
Till the baby came.
There was joy, but now it seems
Dreams were not such rosy dreams,
Till the baby came.

Home was never really gay,
Till the baby came.
I'd forgotten how to play,
Till the baby came.
Smiles were never half so bright,
Troubles never half so light,
Worry never took to flight,
Till the baby came.

Home was never half so blest,
Till the baby came.
Lacking something that was best,
Till the baby came.
Kisses were not half so sweet,
Love not nearly so complete,
Joy had never found our street,
Till the baby came.

Nebraska—The Conquered Desert

Napoleon of France needed some ready cash in 1804, and thinking that this part of the country would never amount to much, sold the territory containing Nebraska to Uncle Sam.

As late as 1858, the North American Review spoke of the territory west of Omaha as a "vast desert which can be crossed, if at all, with camels."

But as a desert, Nebraska has not been much of a success. Today the average annual value of the crops from the state's fertile fields, exceeds \$400,000,000, not to mention the state's factory output of more than \$600,000,000.

Nebraska is growing steadily and requires more and more local and long distance telephone service. At the present rate of Nebraska's growth, we must spend about three-fourths of a million dollars annually for new telephone facilities in this state.

In order to provide for the growing demands for telephone service, vast sums of money must be constantly obtained from investors. Nearly half a million people already own Bell System stock or bonds. We shall be pleased to have you, also, as an investor in the business. Any telephone employee will gladly give you full information about Bell stock or bonds, or call our Manager.

As Nebraska prospers, the telephone is successful. Therefore, we constantly strive to provide reliable telephone service at the lowest possible charges consistent with reasonable wages to employees and a fair return on the money invested in the business.
