CAL RECEIVES SENATORS BUT NOT KIND IN HIGH HATS AND FROCK COATS

Universal Service
Washington, Sept. — President Coolidge received members of the Washington American League baseball club, now leading in the race for the pennant.

The president wished the best of luck to Captain Harris and his players.

Mr. Coolidge took his first "big league" baseball lesson from Walter Johnson, premier Washington pitcher.

The smokeball king demonstrated just how he pitches his famous curves, and then handing the ball over to the executive, showed him how to hold it.

BROADWAY IS CALLING PRINCE

Wales Planning To Invade "Roaring Forties" Before Leaving U. S.

BY EARL L. SHAUB, Universal Service Correspondent.

New York, Sept. — The bright lights of Broadway are beckoning to the Prince of Wales and he is feeling their lure.

This became known Friday when it was revealed that he is planning a midnight tour of the "Roaring Forties" and the "Frantic Fifties" and has gone so far in his plans that he has sent an aide to complete the arrangements.

At least one popular cabaret queen has been told the prince wishes to see her perform and will make a special trip to town before his departure to Canada, September 14. It is reported he has expressed a desire to witness several Broadway productions.

After sleeping until 1 o'clock Friday, the prince engaged in a game of polo and was caught in a thunder-shower.

Danced All Night.

His late awakening was due to the fact that he spent last night as he chose—dancing. He danced with at least 17 American girls. As on another occasion since he came here, dawn was approaching when he decided to call it a day and turn in.

More than 1,000 persons braved a chilling rain to watch the prince play polo at Grace Field Friday afternoon. The match was close the score being 8 to 7 in favor of Wales' team.

After the game the British heir returned to the Burden home at Syosset, encountering on the way a heavy downpour of rain that before came a regular cloudburst. His car was forced to slow down to 18 miles an hour because fast driving was impossible on the slippery roads.

The royal visitor changed horses after each chukker. Several times he was loudly applauded when he prevented the opposition from scoring. He was shown no favors in the game and more than once was roughly handled in the scurrillousness.

When the British and American polo teams meet Saturday Eric Pedley, whom experts without prejudice consider the greatest polo player this country ever saw, will be sitting on the side lines unless one of the regular players is injured.

And the reason for this is that Pedley's name does not appear in the New York social register. He is considered the greatest all around athlete the Pacific coast ever produced.

But he has no ancestral palaces with gilded halls. He doesn't own racing stables and luxurious yachts. So he will not be in the regular silk stocking team.

CAVERLY WISHES JURY HAD HEARD LEOPOLD TRIAL

Universal Service.
Chicago, Sept. — Judge John R. Caverly admitted Friday that he had not reached a decision in the case of Nathan Leopold and Richard Loeb, slayers of Robert Franks. He must decide the fate of the slayers by September 10.

"I wish this case had gone to a jury," he said. "It is too much for one man to decide. When I have read the sentence I shall make a plea that a law be enacted requiring three judges to sit in all capital cases where a plea of guilty is entered."

Judge Caverly may be unable to reach a decision. In that case he would have it within his power to order the plea of guilty withdrawn and submit the case to a jury.

CHILD IS SUFFOCATED IN AN OATS BIN

Humboldt, Ia., Sept. 5. (Special) Gord, 8 years old, was smothered on his father's farm, Friday afternoon. Farm employees were filling the oats bin. The boy jumped into the chute and was covered by oats as he was plunged to the bottom of the bin. When a half hour later he was found dead.

Coolidge To Give Address At Unveiling of Monument

Washington, Sept. — President Coolidge will speak here on October 15, at the unveiling of a monument to Francis Asbury, the first Methodist Episcopal bishop in the United States.

The president wrote to the committee in charge of the ceremony accepting the invitation to deliver an address.

TWO FARMERS INJURED BY GASOLINE EXPLOSIONS

Marshall, Minn., Sept. — Gasoline explosions on two farms in the vicinity of Russell caused injuries to two men, both suffering severe burns on the arms. While filling the tank of his tractor with gas, Olin Green, living south of Russell, was badly burned when the gas ignited from some unknown cause.

On a farm south of Russell, John Rustman was engaged in drawing gasoline from a large tank by the light of a lantern when an explosion occurred. Rustman's hands and

NO NEED FOR PERSHING TO BE LONG WITHOUT JOB

Universal Service
Washington, Sept. 5.—Wild west shows and the "movies" are seeking the services of General Pershing, who retires next week as chief of staff of the United States army.

The general was not quite clear as to just what the wild west management wished him to do, but apparently his services were desired as a sort of "litterer" to present the real performers.

Despite these and other offers, General Pershing plans to devote himself almost exclusively to the writing of his book.

CHILD'S DEATH WAS CLEARLY ACCIDENTAL

Sioux Falls, S. D., Sept. (Special)—That Edward Enterman's death was by an unavoidable accident and that there was no negligence on the part of anyone, was the verdict returned by a coroner's jury which investigated the death of the six-year-old son of Mr. and Mrs. Charles Enterman who was crushed by an ice wagon Saturday night.

The average buying power of the pound was at its lowest during the year 1920.

TEXAS REPUBLICANS NOMINATE BUTE FOR WOMAN'S OPPONENT

Dallas, Tex., Sept. 5.—The republican party of Texas nominated for governor, Friday, George C. Bute, dean of the law school of the University of Texas.

Bute was on the high seas when he was notified by cable of his nomination, returning from the international convention of the bar association. The republican party does not intend, according to political observers, to make a very vigorous campaign against Mrs. Miriam A. Ferguson, the democratic nominee, because of the fact that Mrs. Ferguson is even more avowedly anti-klan than the republican party itself.

Small Boy Was Not Taking Any Chances

Five-year-old William came down from St. Louis with his mother to pass the week-end with his aunt and little cousin, Virginia, the latter also five years old.

When bedtime came William's mother found that in the hurry of getting away she had forgotten to bring her little son's pajamas.

"Never mind," said the aunt, "he can wear one of Virginia's night-gowns."

William looked his extreme disdain. Being too well behaved to make a scene, however, he went silently and dutifully to bed. But the next morning when she went into William's room, his mother saw the nightgown lying in the middle of the floor.

"William," she said when he had awakened, "why did you take off this nightgown?" And she held the discarded garment accusingly before his eyes.

"Do you think," he asked wistfully, "that I was going to wear that thing all night and wake up this morning a girl?"—Kansas City Star.

Move Started To Cut Wages In Textile Industries

New York, Sept. — A general wage reduction affecting more than 1,000,000 textile workers is slated to take place in the New England textile industry immediately after the election.

Statements to this effect were made by C. S. Kelly, Jr., of Sanford and Kelly, New Bedford, Mass. Mr. Kelly said many manufacturers are "frank to state that we must have a wage cut, and most of them think they need 20 per cent."

Political expediency and absence of winter weather, he said are the only factors delaying the decrease.

Everything Rosy Until Wife Went to College

MR. & MRS. FRED STEENBERG

For twenty years Mr. and Mrs. Fred Steenberg, of Minneapolis, Minn., were happy. Then Mrs. Steenberg, who is 42, decided there wasn't enough money in farming, so she went to high school and later to the University of Minnesota, from which she received her Bachelor of Arts degree. Now "Friend Husband" is seeking a divorce, declaring that since her college education she neglects her household duties.

Those Darned Censors Take Joy Out Of Life For 50,000 At Bathing Beauty Show

Atlantic City, N. J., Sept. — The most beautiful young women in the land paraded Friday in bathing suits before more than 50,000 enthusiastic male admirers but there was a fly in the ointment. The bathing suits were censored.

Reform organizations throughout the land, it seems, have mailed, wired and sent protesting committees to prevent a parade in the one piece, almost transparent silk bathing suits in which they were judged. They called attention of the Atlantic City police to local ordinances requiring modest suits.

Consequently when the beauties paraded they wore two pieces suits or else wore slips to serve as screens where the bathing suits were insufficient.

Nevertheless before the newspaper men and judges in the high school, the girls appeared for their semifinal selections in their scanty suits. The artists in the judge's committee selected five young women from each geographical group and awarded prizes. Later they selected one girl from each of these five groups. The names of these five from whom, with Miss Catherine Campbell of Columbus, Ohio—the Miss America of 1923—will be selected Saturday afternoon the "Miss America of 1924." The names of these five girls were not given out.

There is a strong feeling that Miss Campbell may be declared the most beautiful girl in America for the third time. Should she win the choice she will become permanent owner of the \$5,000 gold mermaid now in her possession.

The silver seashell for outstanding amateur beauty was won by Miss Lillian Mae Erbe, of Philadelphia. Miss Margaret Gorman, the "Miss America" of 1921, took second prize.

Romance Of Sunny Peru Is Wrecked On Rocks Of Divorce Court At Chicago

BY A. J. LORENZ, Universal Service Correspondent.

Chicago, Sept. — A romance that blossomed under the tropical sky of Peru was crushed against the rocks of a divorce court here Friday.

And pretty Adela Salter, a dancer of Seattle, Wash., who hoped to become the bride of Mitradates H. Plata, Peruvian consul at Chicago, finds herself merely the third side of a domestic triangle.

In the short space of an ocean voyage from Panama to the United States, the handsome young diplomat from South America found it possible to woo and win the pretty dancer from the northwest. He talked to tell her, however, that his wife, Mrs. Edmee Plata, waited his bidding to join him in Chicago.

The three met in New York, where, according to Mrs. Plata's divorce suit, the consul and Miss Salter were living in the Astor hotel as man and wife.

"I was much surprised to receive a call from a young man named Salter, when I arrived in New York," said Mrs. Plata.

"He told me his mother in Seattle had written him, telling of Adele's romance with Plata, and their intended marriage. I investigated and found them living in the Astor hotel.

"When I surprised them they were giving a prenuptial party. They had announced their intention of living in Paris."

In the divorce suit, Mrs. Plata sought to enjoin her husband from withdrawing any of his funds from Chicago banks. He is said to have offered to turn over his share of the Plata estate in Peru to Mrs. Plata and their four children. The couple was married in Peru in 1911. They separated two years ago.

Mrs. Plata has since supported herself as a teacher of foreign languages.

GIRL TO TRY MOVIE DODGE IN EFFORT TO CAPTURE THE PRINCE

Universal Service.
Chicago, Sept. — A revival of the old favorite game of "drop + Friday. Fluttering hearts are hoping the Prince of Wales will fall for it.

Such is the frank confession of Pasty Ruth Miller, pretty screen star, whose pictures H. R. H. is said to have often admired.

"I'm dying to meet the prince," said Pasty Ruth. She is on her way to New York.

"If I can't make his acquaintance any other way I'll adopt movie 'busbuss.' I'll buy a filmy, handkerchief and drop it in his path. They fall for it in the movies every time."

FEELS IT HIS DUTY TO TELL THE FACTS

"Tanlac has meant so much to me in the way of improved health that I feel it a duty, as well as a pleasure, to recommend it," is the appreciative statement of J. M. Freeman, well-known resident of 307 Camden St., San Antonio, Texas.

"About a year ago my stomach and digestion got all out of fix and I soon became badly run-down. My appetite went back on me and the little I did eat failed to nourish me. Constipation troubled me nearly all the time and I also had bilious spells and attacks of dizziness.

"My sleep was unsoond and I got up mornings with a mean, sickening taste in my mouth and a dull headache that lasted me almost through the day. I lost considerable weight and that tired, draggy feeling was on me all the time.

"After a few days' use of Tanlac I noticed a marked improvement in my

appetite, digestion and general condition. So I took four bottles and by that time I was eating as heartily as I ever did and digesting everything fine.

"My liver went to work right, my headaches stopped and I was able to sleep like a log. I had gone down to only 143 pounds, but I am now a strong man of 215 pounds, and my health is the best it has been in years. A friend of mine took four bottles of Tanlac at the same time I did and got fine results, too. As a builder of health and strength Tanlac is certainly without an equal."

Tanlac is for sale by all good druggists. Accept no substitute. Over 49 Million bottles sold.

May Employ Guns to Get Airplane Started

Shooting an airplane out of a gun probably sounds like a wild flight of fancy, yet that method is under scientific test at the naval air station, Washington, says Popular Science Monthly, and may become the standard way of launching airplanes from warship decks.

The plane is placed in a small car, mounted on tracks that end at a platform on top of a battleship's turret. The car is connected by a series of pulleys with a piston enclosed in a gun. When the gun is fired, the piston is driven forward, pushing the car almost instantly into a speed of 60 miles an hour. At the end of the tracks hydraulic and spring buffers stop the car, and the plane is catapulted off, continuing under its own power.
