AINSWORTH-O'NEILL.

The local high school met its first defeat Friday, October 17th, at the hands of Ainsworth, 13 to 6. The game was hard fought and for the most part weak played.

The fact that Ainsworth outweighed the O. H. S. fifteen pounds per man caused the latter to resort more or less to an open style game.

Ainsworth first score came after they had secured the ball on O'Neill's forty yard line and had marched down the field for a touch down. In the try for point they were successful in an off-tackle play.

O'Neill scored early in the second quarter on a cleverly executed play—a triple pass resulting in Hunt's skirting the end for eighty-five yards and a touch-down. He was aided nicely by Hall on interference.

The final counter came for Ainsworth as a result of a bad pass from center going out of bounds on O'Neill's eight yard line. At the end of the fourth down the ball was barely over. The try for point failed.

The last quarter found O. H. S. carrying the ball well into Ainsworth's territory only to lose it as a result of costly penalties and intercepted passes.

The encouraging part was the noticeable improvement in play over that in the Ewing game.

To pick out any star for the game would be unfair to the other players for they played as a team.

It Doesn't Work Both Ways

Saved money may someday be spent, but this statement cannot be reversed. Spent money never can be saved—by you!

But the money you spend, which ought to have been saved, will circulate until it reaches the hands of someone who does save—then he will be using the dollar you should have put away.

There's no better habit than the saving habit—and it's easy to acquire once you're started. A dollar will open an account here and will draw 5 per cent interest.
