YOUR SUPPORT WILL BE APPRECIATED

Railroad taxes charged and paid to Holt county for 1923 amounted to \$46,855. Do you want the railroads to continue to pay, or do you want to pay it A vote for LaFollette is a vote for government ownership of railroads. His program would mean the loss of \$5,000,000 in Nebraska taxes.

## **FACTS TO BE CONSIDERED IN** THIS CAMPAIGN

Radicalism and socialism breed discontent and more discontent. They represent anarchy in its earlier stages and these elements are supporting LaFollette in this campaign.

Radicalism never has and never will cure the ills of those who believe that the world owes them more than they are getting. Higher taxes are essentially a part of any socialistic program.

First cost of the LaFollette plan of socializing industry, according to Ex-Congressman Pat Kelley of Michigan, would reach the staggering sum of seventy-six billion dollars. Add to that the present national debt of twenty-one billion and twelve billion which represents state and municipal obligations and you have one hundred nine billion against the property of the people, a mortgage of nearly fifty cents on every dollar invested.

Depression, hard times, unemployment and bread lines are tied to socialism. This has been demonstrated in Russia. OUTSTANDING FACTS ABOUT LAFOLLETTE:

He has dominated Wisconsin since 1901 and his personal machine is in control of governmental agencies. During the twenty-three years of his control TAXES HAVE IN-CREASED 423 PER CENT AND PROPERTY ASSESS-MENTS HAVE INCREASED 235 PER CENT. During the same period the Wisconsin population has increased twenty-eight per cent. Average wages paid in Wisconsin at this time are lower than wages paid in neighboring states. Taxes are higher in spite of the fact that IN THIS LA FOL-LETTE CONTROLLED STATE TAXES ARE LEVIED ON INCOMES OF \$800 AND OVER.

LaFollette is not running for the presidency as a nominee of duly elected representatives of the people, but was chosen by a group of socialists, labor leaders, radicals and other selfconstituted "delegates" to a conference dominated by him.

LaFollette appeals for the support of followers of Theodore Roosevelt, champion of true progress, a real progressive, but not a believer in the doctrines of the socialist party. In his magazine, under date of July, 1912, Mr. LaFollette repudiated and denounced Roosevelt in the strongest terms. He charged that he was no true progressive and declared that he, Roosevelt, had built a party around himself. He said further that no party can succeed with the organization built about a man. Men who supported Roosevelt can not consistently support LaFollette.

LaFollette's program carried to its last analysis, would, we believe, nullify the constitution by permitting congress to reenact and make valid the laws found unconstitutional by the supreme court—the one and only institution which protects the rights of a minority as against the whims of a radical

States of the east, states of the greater middle west and far western states are for Coolidge. In her COMMON SENSE way, Nebraska will remain in the COMMON SENSE column for COMMON SENSE GOVERNMENT.

The republican administration has reduced the national debt \$3,070,442,666. WHY CHANGE?

The cost of government has been cut from \$5,538,000,000 to

\$3,497,000,000. WHY CHANGE? A national surplus of \$86,000,000 has been built up to

\$500,000,000. WHY CHANGE?

Short time obligations amounting to \$7,000,000,000 have been refunded or paid. WHY CHANGE? The administration has released 95,456 employes who held

posts under the former administration. WHY CHANGE? More than forty per cent of the foreign debt has been collected and interest is being paid the United States on the remainder. WHY CHANGE?

The republican administration brought about limitation of armament as a step toward war prevention and advocates further reduction.

Calvin Coolidge has eliminated waste. The simple, economical habits of his own life have been carried to Washington

and put into practice there. WHY CHANGE? United States Senator Arthur Capper, of Kansas, always on the side of the farmer, says:

"Credit for governmental economies must go to President Coolidge. THE COOLIDGE ADMINISTRATION HAS EN-ACTED AND PUT INTO EFFECT MORE CONSTRUCTIVE LEGISLATION FOR REBUILDING THE FARMING IN-DUSTRY THAN WAS ENACTED DURING THE ENTIRE HALF CENTURY PRIOR TO 1921." WHY CHANGE?

The republican party in Nebraska presents a strong Congressional and state ticket headed by Adam McMullen, nominee for governor. The legislative record of Mr. Mc-Mullen, an active farmer, offers proof of his stand for economy and more economy. He favors legislation such as the proposed tax on gasoline, to further reduce general taxes. This would tax the thousands of tourists who use Nebraska roads. Mr. McMullen favors a program for good roads and is for lowering license fees on automobiles. He would not apply the gas tax to motorized equipment used on the farm. More than three-fourths of the states have the gas tax and it has proven

satisfactory in every instance. VOTE TUESDAY FOR TAX REDUCTION AND COMMON SENSE GOVERNMENT. THIS IS THE REPUBLICAN PRO-GRAM.
