During the past year County Judge C. J. Malone has issued thirty-three marriage licenses and performed three ceremonies. During the year 1922 which was the last full year previous to the passage of the new marriage law, there were 108 licenses issued in Holt county, and of this number the judge performed thirty-two ceremonies. It does not take a mathematician to tell that there has been a loss to the county both to the judge's office and to the clergy, photographer and many other lines of business in the county. The present marriage law should be repealed at this session of the legislature. It has no advantages other than causing the bridegroom to take a wedding trip whether he really wants to or not.

ABDALLA STORE DAMAGED BY FIRE NEW YEAR'S MORNING

Fire was discovered in the basement of the M. S. Abdalla Ladies' and Gents' furnishing store about four o'clock New Year's morning. The origin of the fire is not known. The stock was damaged considerably by water and smoke. The fire was confined to the basement and seemed to do the most damage to the floor joists in the central part of the building. Eli Abdalla, who was sleeping in the rear of the building, was awakened about four o'clock in the morning by the crackling of the fire beneath. In his excitement and hurry to get out of the building and turn in the alarm, Eli broke the key in the front door and was unable to escape in that direction; he was likewise unable to open the rear door until he had succeeded in breaking the lock. He ran to the Golden Hotel in his underclothing and gave the alarm; before he obtained clothing he had frosted his feet. The insurance adjusters were here the first of the week and adjusted the loss on the building. They will return later and settle Mr. Abdalla's loss after Mr. Abdalla completes an invoice of the stock.
