For the benefit of those who reside in warmer climates where snow does not pile up so high, we will say that the country roads are still blocked with snow to such a depth that cars cannot run. The farmers are coming to town in wagons and sleds. Warm weather of the past few days is putting the snow out of business pretty rapidly and if more snow does not fall during the coming week many of the roads will again be passable for cars.

George Heifer, who has been confined in the county jail in this city for the past few months awaiting admission to the state penitentiary, to which place he was sentenced last fall for his participation in the shooting of the son of Mr. and Mrs. Fred Hoar, of Page, was taken to Lincoln last Monday by the sheriff, where he will complete the sentence imposed by Judge Dickson. The over-crowded condition of the penitentiary is causing many of the counties to hold their prisoners for months after they receive their sentences.
