Charles Petereson was given a preliminary hearing before County Judge Malone last Friday and bound over to the district court on the charge of arson in connection with the burning of the Ewing mill some time ago.

D. H. Clauson received a consignment of nine partridges this morning from State Game Warden Jenkins. They were taken to the Sam Wolf farm where they will be released in the near future or as soon as the weather conditions will permit. The partridge are about the size of a pigeon and are a very pretty bird. Sportsmen should guard them and in a few years there will be plenty of good shooting for all as they propagate very rapidly.

## THE FARMER AND THE MILLER.

(By Holt County's Poet Laureate.)

They stood in a cereal factory,  
Stood there side by side,  
The one the happy owner,  
The other, by looks betide  
That he was merely a farmer  
In from the county-side.

They watched the wheels a spinning  
Amid the muffled roar,  
And yet heard not the noises,  
Nor saw the growing store,  
Their eyes were dulled by visions,  
For both of them saw more.

The one saw wordly honor  
Growing like a flame,  
Thru fast growing bank accounts,  
Which written to his name,  
Was both gratifying to his greed  
And adding to his fame.

The other saw a thing Devine  
Take in it's hand of steef,  
A common grain—a food of kine,  
And make a child a meal  
By simple pressure and a grind,  
Beneath its spinning wheels.  
—F. O. HAZEN.

The Casper Herald of last week has the following to say about a former Holt county man, F. J. O'Neill, son of Mr. and Mrs. Hugh O'Neill, of Ann-car: "F. J. O'Neill, service manager for the Nolan Chevrolet company, left last night for Denver to attend a mechanical efficiency school recently installed by the Chevrolet Motor company at its Denver branch."

DOES THE MORTGAGE ON YOUR Farm come due March 1st? If so, let me figure with you on a new 5 or 10 year loan. There will be hundreds of mortgages due March 1st and we will be swamped with renewals if you wait until the first day of March, so it is best to start working on it right now, because we might not be able to reach everybody if you wait until first day of March. I loan money on Farms and Ranches.—R. H. Parker, O'Neill, Nebraska. 38-3

Frank Votruba, one of Holt county's prominent checker players and a member of the O'Neill Checker Club, was sent to Osceola, Nebraska, last Saturday to represent the club in the state checker tournament which began there last Monday. Votruba made a grand showing in the preliminary rounds, winning 18 games, losing 2 and drawing 10. The players were divided into two groups and Votruba stood second highest in the A group. The O'Neill representative is going strong and will, no doubt finish inside of the list of prizes.

## IZAIAK WALTON LEAGUE ORGANIZED MONDAY NIGHT

At a meeting of the O'Neill Chapter of the Izaak Walton League held February 16th, a permanent organization was completed, and the following officers were elected: D. H. Clauson, President; Dr. L. A. Carter, Vice-President; S. J. Weekes, Treasurer; and Ira H. Moss, Secretary. Arrangements were made for a meeting at the Golden Hotel the evening of February 24th, at the conclusion of a membership drive lasting one week, at which time the losing side will banquet the winners in a two-team contest for new members.

The name of Izaak Walton was given this League in memory of the famous English writer, who in 1653 wrote The Complete Angler which has been proclaimed a classic and has delighted the hearts of lovers of nature for nearly three hundred years. His philosophy of the outdoors proved him to be a true conservationist.

The Izaak Walton League of America is a National Organization of fishermen and hunters and outdoor lovers dedicated to the restoration of sports afield and astream in the United States and Canada and the restoration as far as can be of the outdoor America of our ancestors. It is a National Organization having no commercial or personal gain or aggrandizement under it; neither has it political or religious interests.

It is undoubtedly the most comprehensive conservation program ever undertaken in America. Though less than three years old, it has local chapters from one end of the country to the other, and it has awakened thousands and thousands of principled sportsmen and outdoor lovers to the realization of the perils that are threatening our precious woods and streams and wild life.

### Objects of the Organization.

1. The practice of true sportsmanship in hunting and fishing, and strenuous and unremitting opposition to illegal, destructive and unfair methods.
2. Sufficient fish hatcheries and game farms for the increased propagation and wider distribution of fish and game.
3. Prohibition of the sale and interstate shipment of game and of fresh water game fishes excepting for purposes of propagation.
4. Scientific regulation of the taking of salt water game fishes and prohibition of the sale of certain anadromous species.
5. The strictest enforcement of the migratory bird law.
6. The establishment of biological experiment stations to train scientific workers so that all game and fish propagation and distribution may be safeguarded by expert supervision and counsel.
7. The united support of those public officials, regardless of their party affiliations, who show themselves to be in sympathy with the principles of true conservation.
8. The fullest measure of co-operation between all organizations devoted to the interests of the outdoorsmen of America.
9. An unceasing, aggressive, educational campaign to the end that the objects of the Izaak Walton League of America may be attained.
10. That outdoor recreation as a major part of the life, education and spiritual development of the American youth be nurtured.

By unanimous vote, a resolution was passed favoring the following regulations and projects:

1. Favoring a state bounty on crows, as opposed to the county optional bounty proposed in a bill now before the Nebraska Legislature.
2. Changing the bag limit on wild ducks to 10 a day and 30 in possession.
3. Changing the opening of the migratory bird season from September 16th to October 1st.
4. Closing the season on black bass from March 1 to June 15.
5. Prohibiting the sale of black bass in the state.
6. Prohibiting the possession of seines and nets other than the regulation minnow seines.
7. Favoring an appropriation to increase the size and output of the Valentine fish hatchery.
8. Favoring an appropriation for game and fish culture equal to the amount paid in by the sportsmen of the state for fish and game permits.
9. Favoring the purchase of Goose Lake, Holt County, Nebraska, at the price last agreed upon by the owner.
10. Favoring the establishment of a Federal Trout Hatchery at Long Pine, Nebraska.
11. Favoring the establishment and maintenance of a bureau of forestry.

### EMMET ITEMS.

Peter Claussen shipped live stock to the Omaha market this week.

Peter Litzten, of west of Amelia, was in Emmet this week with hogs and reports everything fine in the south country.

J. U. Maring and Earl Farr are holding a public sale on Monday March 20th. We understand Mr. Mar-

ing intends to locate in South Dakota and engage in the seed and nursery business.

C. E. Johnson, a resident of this community for a good many years, has held a public sale and is now loading his household effects in a car to be shipped to his future home near Lincoln, Nebraska.

Emmet is jubilant over the prospect of having electric lights. The Tri-State Utilities Electric Co., of Minneapolis, Minnesota, have, on their program for this spring's work, the building of a high line from O'Neill to Bassett and will furnish all of the towns along the line with twenty-four hour service. This opportunity is something we people have been looking forward to for a long time, and as far as Emmet is concerned the plans are all laid and notices posted for a bond election to be held on March 10th, giving the people of Emmet something that has long been needed.
