

# NEXT WEEK

## Put in a New Set of Champions

Next week, more than 95,000 equipment dealers will assist you toward greater motoring economy with a special Champion Spark Plug week.

Begin now, with a new set of Champions, to give your engine a real chance to deliver its full power, pick-up and efficiency.

Champion for Ford is 60 cents. Blue Box for all others, 75 cents.

Champion Spark Plug Company, Toledo, Ohio

## CHAMPION Dependable for Every Engine

**Make Our Own Lives**  
We frequently complain that our lives are narrow and unsatisfactory. Perhaps they are, but who makes them so? We are "the architects of our own fortunes" and "the builders of the houses in which we live." If our lives are contracted and self-centered we can replan and rebuild if we will.—Grit.

## CALUMET THE WORLD'S GREATEST BAKING POWDER

35 years of unflinching service on bakery day has made CALUMET the world's greatest baking powder.

Retains its great leavening strength in every climate to the very last spoonful. Always dependable and pure.

Sales 2 1/2 times those of any other brand

BEST BY TEST

### The Gentle Art

"I did not provoke her. I bit her and pulled out her hair in self-defense," said a Willesden witness.—Tit-Bits.

The great end of a good education is to form a reasonable man.

## GUARANTY LAW WORKING WELL

### Huge Sum Owed by Failed Banks Shouldered by Solvent Ones

Lincoln, Neb., April 5.—(Special)—Since the guaranty law went into effect in Nebraska 65 banks have been liquidated at a loss of a little less than \$9,000,000, according to figures prepared by Secretary Griggs of the banking department. Sixty more banks now in the hands of the commission or headed that way will probably add \$6,000,000 more to the losses shouldered by the solvent bankers. The commission has assets of a face value of \$11,000,000, but actually worth about \$3,000,000. Two years' assessments will bring in the other \$8,000,000 needed.

## WANT TO BUILD OWN RAILROADS

### Residents of Nebraska Town Seek Information From State Board

Lincoln, Neb., April 5.—(Special)—Henry J. Struve, head of a number of industries, including what he asserts to be the largest broom factory in the world, at Desher, Thayer county, has asked the state railway commission for information as to what portion of the rates on through shipments would be given three short line railroads that he and the people of his community propose to build. Struve is a man of wealth and vision, and in this town, a community almost exclusively German, he and other men of means in the section, have builded a model town, with comfortable homes for workers and developed a number of industries. The town is on a branch line of the Rock Island running from Fairbury to Nelson, and this fact has hampered industrial development. Other railroads have been asked to build there, but none have done so. Now the townsfolk propose to build their own lines.

The town is surrounded on all sides, at distances ranging from 10 to 24 miles, by railroads such as the Northwestern, Santa Fe, Burlington and Union Pacific, and the plan is to build to Relvidere, Davenport and Superior, lines that would place the town on the transcontinental line map.

### BLOOMFIELD STUDENTS IN WAYNE CONTESTS

Bloomfield, Neb., April 5.—(Special)—Bloomfield will have 11 students in the preliminary interscholastic contest to be held at Wayne, Saturday. Winners in this contest will go to the state contest to be held at Lincoln, May 9. The local entrants are: Algebra—Margaret Fink and Adaline Johnson; plane geometry—Arthur Driver and Edna Gneuwich; solid geometry—Frederick Krohn and Marvin Johnson; American history—Marlan Caya; Ancient history—Warren Hansen and Kathleen Van Auken; latin (Caesar)—Mildred Swanson and Margie Sigler.

### ODD FELLOWS TEAMS TO CONFER DEGREES

Bloomfield, Neb., April 5.—(Special)—The local first degree team of the Odd Fellows lodge is preparing to go to Lynch, Monday evening of next week, where it will confer that degree on a class of 20 candidates. The other three degrees will be conferred by teams of that vicinity.

### BLOOMFIELD WOMAN IS 100 YEARS OLD

Bloomfield, Neb., April 5.—"Grandma" Sutton, of Bloomfield passed the century mark today. She is gradually failing but still able to be up part of the time. She has ceased to do her accustomed reading and talks but little. She lives with her daughter, Mrs. Hardy.

### TO MAKE LEVIES FOR SCHOOL TUITION

Lincoln, Neb., April 5.—(Special)—Attorney General Spillman has approved the opinion of State Superintendent Matzen that in spite of the fact that the new free high school tuition law does not become effective until July 1, it will be perfectly legal for county boards, at their annual June meetings, to anticipate its effect by including the levy provided for it. Under this law the entire county, instead of the district from which the pupils come, will bear the cost of teaching them in high schools, the district where the high school is located, being excepted. This is expected to greatly increase the attendance of farm children at high schools, as many districts, under the old plan, could not afford the expense.

### ODD FELLOWS WILL HOLD MEMORIAL SERVICE

Neligh, Neb., April 5.—(Special)—The local organization, as well as other Odd Fellow organizations throughout the state will hold a memorial service next Sunday, to commemorate the 100th anniversary of the order. For the occasion, a special sermon will be delivered at the First Methodist church by the pastor, Rev. James E. Jones.

### CLEARED OF ASSAULT TO MAIM CHARGE

Ainsworth, Neb., April 5.—The case of the state vs. Myrtle Owens was tried in the district court here and a verdict of not guilty was brought in. The defendant was charged with cutting with intent to wound. The cutting occurred on September 20, 1924. Mrs. Owens had been assaulted, she claimed in court, by Joe Stultz, and at the time of the alleged assault she told him that if she ever got an opportunity she would kill him, it is said. This was over two years ago.

## HELP APPRAISE DITCH PROJECT

### Head of Nebraska Soil Survey Goes to Scottsbluff Irrigation District

Lincoln, Neb., April 5.—(Special)—George E. Condra, head of the state soil survey, has been called to Scottsbluff to sit with representatives of the federal government to carry out an assignment from congress to find out how much should be charged off to profit and loss on the North Platte valley project and how much should be credited to land owners who have been overcharged.

The land owners say that the government engineers assured them when the project was begun, that the cost to put water on the land would not be to exceed \$35 an acre, which would include 10 years' operation and maintenance. When the project was finished, the cost of water on the land, not to mention maintenance or operation expenses, was nearly twice \$35 an acre. This has kept many of them breaking their backs to pay, while some gave up and quit. A reclassification of the lands is also included in the committee's job so that not all the land shall pay the same water cost.

### TO OPEN BIDS FOR STATE HOUSE WORK

Lincoln, Neb., April 5.—(Special)—Bids will be opened next Monday by the state capitol commission for the erection of the second section of the new statehouse. This will include the foyer, the state library reading rooms, the house chamber and offices along the east side to connect the wings of the present structure. In order to get out the debris of the old building an opening was left on the east and west ends. The third section, to be built in 1926, will consist of filling in the west gap, the building of the tower and the senate chamber.

The second section is expected to be the costliest of all because of the ornamental work connected with the house chamber and the foyer, as well as the work in the library room. It will also comprise the base of the tower to the height of the present structure, the foyer running to the rotunda from the north and the library from the south. It will take four years to complete the structure, say the commissioners.

### SAYS DEAD ACTOR DRANK BAD LIQUOR

Wilber, Neb., April 5.—(I. N. S.)—Funeral services were held here this afternoon for William Howard, 55 years old, an actor in a stock company playing here. Howard's death, according to coroner, was caused by drinking bad liquor. He is survived by a sister, living in Fort Wayne, Ind.

### KEEP WOMAN POISONER IN BED 10 DAYS

Hastings, Neb., April 5.—(I. N. S.)—Mrs. Della Sorenson, 28 years old, Dannebrog, Neb., poisoner, who confessed to killing seven persons with strychnine over a seven year period, will be kept under constant supervision at the state insane asylum here. Superintendent Fast says. She will not be isolated, but will have no opportunity to inflict injury upon herself or others. For the first 10 days, the superintendent declared, Mrs. Sorenson will be kept in bed most of the time.

### INTRASTATE SHIPPING RULES TO BE UNTANGLED

Lincoln, Neb., April 5.—Railroads of the state have been cited to appear, April 30, to discuss with the state railway commission a number of matters in connection with the substitution of Western Classification No. 58, heretofore applying largely to interstate traffic, for all other classifications.

A number of these have to do with live stock shipments. One rule provides that when it is necessary to clean railroad owned or operated stock yards, chutes or pens and disinfect them after cattle with a contagious disease have been in them that the carrier may charge the owner of the stock 15 per cent. more than the actual cost of labor and materials. The commission challenges the justice of this charge, and will determine what is a proper one.

Another rule to be debated has to do with cars used in the transportation of live stock that the railroad must clean in obedience to health authorities' orders or when required by the shipper. The roads have a charge of \$2.50 for single deck and \$4 for double deck cars, with provisions relating to the carrier absorbing all excess above actual cost if done by another than the railroad. There are two exceptions that do not fit into each other. One of these relates to when the cars are to be disinfected within a quarantine district and the other that the provisions do not apply on Nebraska and Kansas intrastate traffic when handled in connection with other lines.

### FIND BODY OF RANCHER IS SHOT TO DEATH

O'Neill, Neb., April 5.—Frank Daniels, 23 years old, a ranchman, residing with his mother 11 miles southwest of Ewing, was found dead in his car by the roadside by a mail carrier. He was shot through the head. A revolver and four empty shells were found in the car. The face was powder burned where the bullet entered. Daniels had been in Ewing, apparently in good spirits, and his finances were in good condition. No inquest will be held.

## STUDENT FACES MURDER CHARGE

### Prosser, Neb., Young Man Held With Another For Killing Minden Policeman

Grand Island, Neb., April 5.—Charles Sealing, who was a business college student and owner of land at Prosser, Neb., is under arrest here and Abe Bartlett is in charge of other officials, both being held for the murder of the chief of police, Ace Ramson, at Minden, Neb., during the night from Saturday to Sunday, October 19.

A confession has been secured from Sealing, according to police.

## PHONE COMPANY ON THE CARPET

### Railway Commission Wants To Know About Extra Charges

Lincoln, Neb., April 5.—(Special)—Officers of the Stanton Independent Telephone company have been cited to appear before the state railway commission, May 19, to explain why they have made what the commission says are unauthorized charges against farm line companies for switching and farm subscribers for service.

The commission has received complaints from farm line companies that they are charged \$9 a line a year for being switched at Stanton, whereas the usual standard charge is \$6 a year.

The commission finds no record of any authority being given the company to make any switching charge. The other complaint is that the company makes the farm subscriber build and maintain his own stub line from his residence to the main farm line lead, and the commission wishes to discuss the equity and reasonableness of this requirement.

### INSURANCE AGENT WINS IN SUPREME COURT

Lincoln, Neb., April 5.—(Special)—Grover C. Holeman, fire insurance agent in Custer county, paid no attention to several letters written by the St. Paul Fire and Marine company that he cancel a policy it had issued through him on the barn of a man named Hoshaw. The barn burned while the correspondence was on, and the company paid the policy. Then it sued the agent, claiming he was responsible. The supreme court has just entered a decree dismissing the case. It finds that the trial court committed no error in holding for the agent. Holeman said he was merely a soliciting agent, without authority to cancel policies or to use the company money in his hands to refund the unearned premiums and that the company had the right to cancel direct without consulting him.

### FORMER GOVERNOR IS GOING TO FLORIDA

Lincoln, Neb., April 5.—Former Gov. Charles W. Bryan is leaving Nebraska for Florida, as did his brother before him.

This doesn't mean, however, the former governor insists that he is removing his political self to Florida. He will keep his legal residence here—also as his brother did before him.

"I'm going on the chautauqua platform soon, to be gone all summer," he admitted, "and I'm planning on spending my winters in Florida, as I did this winter."

Asked whether it was true, as rumored, that he intended to go into the real estate business in Florida with his brother, W. J. Bryan, under the firm name of "Bryan Brothers, Realtors," the former governor and vice presidential candidate equivocated by saying that it is "often customary for people who go to Florida for the winter to go into business there."

### NELIGH COUPLE WEDDED FIFTY-SEVEN YEARS AGO

Neligh, Neb., April 5.—(Special)—Today Mr. and Mrs. C. W. Wright, of this city are celebrating their fifty seventh wedding anniversary. They have been in Antelope county over 40 years. Mr. Wright is an old soldier. He will be 84 years old in June.

### NEBRASKA CALF TO GO TO SOUTH AMERICA

Lincoln, Neb., April 5.—A Nebraska calf, Woods Patriot, a pure-bred registered Hereford, will be shipped today by Woods Brothers of Lincoln to President Gomez of Venezuela as an expression of gratitude for the South America's hospitality to Mark W. Woods when he visited South America recently. President Gomez manifested keen interest in the development of industries in the United States and outlined his plans for the advancement of the cattle breeding interests in Venezuela, Mr. Woods said.

### FUNERAL HELD FOR MAN FOUND DEAD

Neligh, Neb., April 5.—(Special)—Funeral services were held, Wednesday afternoon, at the Methodist church, at Ewing, for Frank Daniels, who was found shot in his car, last Monday afternoon, seven miles south of Ewing. The last time Daniels was seen alive was Sunday night. Twelve hours later he was found dead, with a revolver by his side, with one empty chamber. Rev. J. E. Jones of Neligh, conducted the service.

## MRS. URQUHART GETS REWARD

Mrs. Urquhart of Omaha wants every housewife to share her good fortune in possessing a handsome reward. Here is what she says: "This is the way I did it. I answered an ad by writing for a free 10c bottle of Liquid Veneer and I found it so wonderful for dusting and polishing that I told fifteen of my friends about it and the makers sent me entirely free and postpaid, a great big, beautiful \$2.00 Liquid Veneer Polishing Mop." Then Mrs. Urquhart goes on to say: "I am very proud and pleased with the reward given for what I have done, so will take great pleasure in showing it to friends."

Twenty thousand of these \$2.00 Mops are going to be given away to housewives. Write for a free 10c bottle and ask for descriptive circular 15 telling how easily you, too, may have one of these mops. Address Liquid Veneer Company, Dept. L, Buffalo, N. Y.—Adv.

### Plan Revolving Garage

A possible solution of the shortage of parking and garage accommodations is offered in a revolving garage to be erected soon in the West end of London, England, says Popular Science Monthly. The floors of the garage will be arranged as concentric rings, each of which will be divided into a number of one-car compartments. The floor will be revolved so that any compartment can be brought into line with the main entrance.

### Fresh Strawberry Shortcake

Sift 4 cups of flour in large mixing bowl, add 4 teaspoons Calumet Baking Powder and 2 teaspoons butter, pinch salt, two eggs and enough milk to make a soft dough. Place the dough in layer cake pan and bake in hot oven for 20 minutes. Cool and split in 2 layers. Spread 3 tablespoons butter between the layers and let cool. Cut cake in desired size and pour fresh crushed strawberries over cake. Serve with whipped cream.

Why do most people laugh good-naturedly when a man scolds about his own relatives?

## AILMENTS OF YOUNG GIRLS

### Relieved by Lydia E. Pinkham's Vegetable Compound School Teacher's Experience

Evanston, Wyoming.—"A few years ago I had troubles every month such as girls often have, and would suffer awfully every time. I was teaching school and it made it hard for me as I had to go to bed for two or three days. One day my mother suggested that I take Lydia E. Pinkham's Vegetable Compound, which I did, and it did wonders for me.

In the course of a year I married and after my first baby was born I got up too soon and it caused a displacement. This troubled me so that I could hardly walk or do my housework. I knew what the Vegetable Compound did for me before so I took it again. It strengthened me and now I have five little kiddies. The eldest is six, the baby is five months old and I have twin boys three years old and a boy of five years. I do all my own housework, washing and ironing, and I never felt better in my life. I owe my health to your wonderful medicine and I recommend it to all my friends."—Mrs. VERBENA CARPENTER, 127 2nd Avenue, Evanston, Wyoming.

### Bank Note's Long Travels

After being gone for sixty years or thereabouts, a bank bill returned to its original home in the Old Colony National bank, at Plymouth, Mass. It has been framed under glass in a manner which shows both sides of the veteran, which is not much the worse for its travels about the world. It is a \$1 note and the date of issue is 1865.

## Get back that lost weight!

WHEN you start to waste away to a shadow, when the color leaves your cheeks and your poor, tired legs will hardly hold up your weakened body it's high time you started taking a fine tonic and builder like Tanlac.

Tanlac will build you up and make you feel that life's worth living. Made from roots, herbs and bark gathered from the four corners of the Earth and compounded under the exclusive Tanlac formula, Tanlac is just what the poor, starved body needs.

First of all it cleanses the blood stream and puts the digestive organs in order. You find, after a few days' treatment, that you want to eat. Pretty soon the welcome color steals back into your cheeks and the scales tell you that you're gaining weight. From then on it's only a short time until you're feeling fit as a fiddle.

Millions of men and women have taken Tanlac with great benefit. More than one hundred thousand people have written us glowing tributes to this wonderful tonic.

TAKE TANLAC VEGETABLE PILLS FOR CONSTIPATION

## TANLAC FOR YOUR HEALTH

### Machine Writes Fast

Miss Edna C. Robeson of Atlanta, Ga., is the inventor of a machine that writes faster than one can speak. A complete word is written at every touch of the key.

The heart of the giver makes the gift dear and precious.—Luther.

To make another person hold his tongue, be you first silent.

### Hints for Housewife

If a wire hook is sewn onto the bag in which clothes pegs are kept the bag can be hooked onto the line and pushed along in front as you hang out the clothes.—Chicago American.

Time never hangs heavy on the hands of a boy with his first watch.

Good counsels observed are chains of grace.—Thomas Fuller.

## Children Cry for

MOTHER:—Fletcher's Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Chas. H. Fletcher* Absolutely Harmless—No Opium. Physicians everywhere recommend it.
