YOUTHFUL FISHERMAN.

(Ainsworth Democrat, May 29)
Raymond Baker, five-year-old son
of Judge R. A. Baker, bids fair to
make "pa" go some in the line of
fishing, if an early start is any indi-
cation.

Last Sunday the Baker family
journeyed to Enders lake on a fishing
expedition, having as guests Wm.,
Claude and Elmer Wolfe, of O'Neill,
brothers of Mrs. Baker.

The men fished with indifferent
success for some time, and the judge
decided that it was about time for
him to take a rest. His youthful son,
at once, began clamoring for his
father's reel, and the judge weaken-
ed and decided to let him try. He let
out about forty feet of line and told
the boy to help himself. He did—in
a very short time he called to his
parental ancestor that he had one
hooked—the judge investigated, and
sure enough the boy had caught a
two pound bass. Yes, the boy wants
to go again.

What Good Does It Do You to Know Something?

Advertisements in all Papers and
Magazines are all trying to appeal
to the intelligent. Now this one is
for the great majority. Reliable
authority, in fact it was the Draft
Boards during the War, figured out
that the intelligence of the average
Adult of this Country was that of a
13 year old Child. (Now that is
giving us the best of it because a 13
year old Child is about the smartest
thing we have in this Country), but
the 13 year old Child they referred to
was one who had been raised on the
milk of human Kindness (which is
mostly Water) and weaned on a
Hard Boiled Egg. You know the
smarter the Man the more dissatis-
fied he is, so cheer up, let us be
happy in our ignorance. What do
we care how little we know if we
get what we want? "Bull" Dur-
ham needs no Literacy Test, it is
with minority in quality, and with
the majority in usage.
