STATE OF NEBRASKA
ADAM McMULLEN,
GOVERNOR.

Lincoln, January 21st, 1928.

TO ALL COUNTY TREASURERS:
We have had considerable complaint from various parts of the state that applicants for auto registration have, in some cases, registered in a county other than that in which they reside. In cases of this kind, in effect the applicant has not registered at all—any more than if he had paid his land taxes by making payment in county other than that in which they land is located.

This letter is in no way personal, and not directed particularly to anyone, only calling your attention to be especially careful that the applicant for registration resides in your county.

Very truly yours,
DEPARTMENT OF PUBLIC
WORK,

R. L. COCHRAN,
39-2 Secretary & State Engineer.

NOTICE TO FEDERAL
INCOME TAXPAYERS

For the convenience of those who are required by law to file Federal Income Tax Returns, a Deputy Collector of Internal Revenue will be at O'Neill, Nebraska, on March 14 and 15, 1928, to assist taxpayers in preparing their returns. No charge will be made for this service. The matter of filing your Income Tax Return should be given immediate attention, in order to avoid penalty and interest.

The Frontier \$2.00 per year.

"AIN'T NATURE WONDERFUL"

(Uncle Pete in St. Louis Post-Dispatch.)

Beaver Flats, Neb.

Assurance that the backbone of winter is broken and that balmy days are a certainty from now on, was received here St. Valentine's day, with the arrival from the South of Charley Martin's migratory tamed ducks, which left their winter home on a Louisiana bayou on Lincoln's birthday anniversary, February 12.

The leader of the flock as for the last several years, bore attached to its leg a note from Mr. Martin's brother-in-law, stating that they also were enjoying nice weather down there. The return of Mr. Martin's ducks from their winter sojourn in the South is considered by residents of the Calamus Valley as positive evidence that winter is over and spring plowing and early seeding always begins in the valley a few days after their arrival.

The ducks were a day longer in making the trip this year than usual, according to the leading date given on the communication from Martin's brother-in-law, and probably tarried along the way to rest or feed. None, however, were lost on the trip, as the full count of 75 which left Louisiana were at the barnyard quacking to be fed when Martin was aroused by their clamor just at sunrise St. Valentine morning.

Martin is a ranchman residing on Waller's Lake, south of here, and for many years has raised ducks as a sideline to his cattle ranching. Some years ago the drakes of the wild mallard flocks which summered on his lake began to be attracted by the buxom lady members of his tame flocks and intermingled with them. In a few years the wild strain in the tame flock became so pronounced that all of the tame ducks could fly and later began to migrate southward with the wild birds for the winter. They have continued to return each spring and generally bring some wild ducks with them. Although mostly of wild blood now, the ducks still retain many of their domestic traits and lay their eggs and rear their young in the Martin poultry houses. Many of the really wild ducks summering on the lake have followed their example and also use the poultry houses as domiciles.

Some years ago, being curious to ascertain where the duck wintered, Martin attached a note to the leg of the leader of the flock, asking whoever received it to notify him. The winter before he had shipped a crate of the ducks to his brother-in-law in Louisiana, asking him to feed them during the winter and release them in the spring, hoping that they might in turn induce the entire flock to winter with his relative. The experiment evidently worked, as the brother-in-law received the note and replied that not only the ducks that had wintered there the year before were back but also the other members of the flock. Since then Martin and his brother-in-law exchange greetings by duck mail each year.

FEDERAL COURT DECISION.

On Tuesday of this week, the United States Court at Omaha, in the case wherein the National Life Insurance Company of Chicago, Illinois, was plaintiff, and Freeman P. Mills, of Gordon, Nebraska, was defendant, handed down its decision in favor of the plaintiff and against the defendant for the sum of \$41,700.00 and costs.

In this case, the defendant, who is a banker at Gordon, purchased on contract from the plaintiff a ranch in Sheridan County, Nebraska, and when the plaintiff tendered title, the defendant should perform his contract and entered judgment accordingly.

The plaintiff was represented by Judge J. J. Harrington and M. F. Harrington of this place, while the defendant was represented by Captain Allen G. Fisher, of Chadron, Nebraska.

FAREWELL PARTY FOR MR. AND MRS. MARKEY

A farewell party was given at the county home of Mr. and Mrs. T. E. Markey, Tuesday evening, February 21st. About one-hundred guests were present. The evening was spent in dancing and card playing.

Luncheon was served at about midnight consisting of sandwiches, cake and coffee.

Mr. and Mrs. Markey were presented with a beautiful gift by the friends and neighbors as a token of esteem in which they are held by the people of this locality.

Mr. and Mrs. Markey and daughter, Irene, expect to leave for Omaha, Nebraska, about the first of the week while Miss Cecilia will complete her school term before joining her parents.

The friends and neighbors departed to their respective homes at about two o'clock, wishing Mr. and Mrs. Markey and daughters joy, and prosperity in their new home.

MILDRED HUMPHREY.

The home of Mr. and Mrs. John Humphrey was saddened by the passing of their youngest daughter, Mildred, whose death occurred at her home, Sunday, February 26th. A victim of the "Flu." Little Mildred was born at Chambers, May 3, 1924. She was a frail child from birth being unable to walk until she was past two years of age. Her sweet disposition and winsome ways made it a pleasure for the parents, brothers and sisters to tenderly care for her. Those who are left, with aching hearts, to mourn the loss of this little one are the parents, three sisters and two brothers besides other relatives. Funeral services were held at the Baptist church Monday, February 27, at 2 o'clock, Rev. Ray officiating. Interment was at Chambers cemetery. The sympathy of the community goes to the bereaved family. ***

DON'T be WAFFLE HUNGRY

ITS NO TROUBLE TO MAKE WAFFLES AT HOME

Lots of people get waffle hungry—and then don't do anything about it because its too much trouble to make waffles. Greasy smoke in the kitchen, trips back and forth to the dining room waffles getting cold before they're eaten, a heavy iron to clean when its over.

Get a Manning-Bowman Waffle Iron at our special sale and have waffles whenever you're hungry for them, without the trouble and muss its used to be. This beautiful appliance will bake delicious waffles right at the table. It doesn't need grease on grinds; its heat is clean, strong electric heat that bakes without soot or smoke fumes.

Come in and let us demonstrate this convenient appliance to you.

For Short Time Only \$14.95

MANNING-BOWMAN WAFFLE IRON AND WAFFLE SET.

PERFORMANCE as different as the car itself

Were greater beauty their only advantage, the new engineering principles of Dodge Brothers Victory Six would still be revolutionary.

Were greater safety The Victory's only advantage, it would still command the gratitude of a life-loving world.

Were greater economy its paramount feature, the fact would still remain that The Victory has made possible 21 miles per gallon at 25 miles per hour FOR A SIX.

But these are incidental to the basic Victory achievement. You must DRIVE the car to know about that!

You must take a corner faster than you ought, a cobble pavement faster than you thought, before The Victory secret begins to reveal itself.

And you must unleash the full, sustained speed of the car before the idea takes full hold!

Victory design is unlike that of any other vehicle in the world—and Victory performance is equally radical and remarkable.

To examine the one and experience the other will prove an event that we urge you not to postpone.

THE FIRE DEPARTMENT ASK FOR BUILDING

A petition asking for the erection of a suitable building for the housing of the fire equipment and the accommodation of the city council was filed with the council at their meeting Tuesday evening. The council took up the matter and after some discussion decided to introduce an ordinance asking that the sum of \$7,000.00 be raised and set aside for the purpose of erecting such a building.

The firemen and city are in dire need of a building that is suitable to house their apparatus and also large enough to afford a council chamber where the city business may be transacted.

The proposed building is to be erected on the lot north of the Hagensick shop, providing the bonds carry.

STATE OF NEBRASKA, LINCOLN February 2, 1928.

Mr. W. E. Conklin, County Treasurer, O'Neill, Nebraska.

Dear Sir: This is to confirm conversation with you over the telephone this morning, at which time I told you that you were right in charging \$15.00 for the first 4000 pounds gross load of trucks, plus 50c for each 100 pounds in excess of 4000 pounds. The law is very clear on this, and there is no question but what the course you are pursuing is strictly in accordance with the statutes.

Very truly yours,
DEPARTMENT OF PUBLIC WORKS
R. L. COCHRAN,
Secretary and State Engineer.
