**ONE PROFIT.**

Solely as to the new car, Mr. Henry Ford's announcement needs no interpretation. In this respect Mr. Ford states what the car is and can do. Detroit, knowing Ford well, believes he has told the precise truth as, after months of intensive test, he sees it. The final test will be the car's performance for its purchasers on roads all over the world.

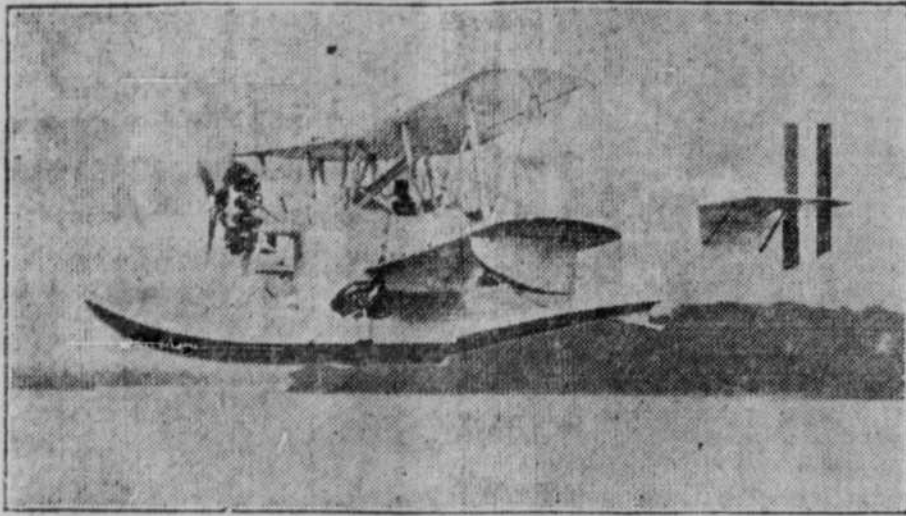

There's another side, however. It is in that paragraph of Mr. Ford's announcement in which he speaks of his one-profit scheme of manufacture. Inasmuch as this seems certain to be repeated again and again for months and even years in newspapers, magazines and books—to be repeated, discussed, interpreted, attacked and defended—to be repeated and to stand as Ford's pronouncement of his remarkable place in this remarkable industrial age—it is repeated here.

"We make our own steel—we make our own coal—we make virtually every part used in the Ford car. But we do not charge a profit on any of these items or from these operations. We would not be playing fair with the public if we did so. Our only business is the automobile business. Our only profit is on the automobile we sell."—Detroit News 11-29-27.

**CARD OF THANKS.**

We take this means of extending to our many kind friends and neighbors our hearty thanks for their assistance and sympathy extended us during the recent illness and burial of our beloved wife and mother.  
Geo. W. Baird and family.

**NEW AMPHIBIAN PLANES FOR U. S. BATTLESHIPS**

Photos from Wide World Photos  
One of the new Loening air-cooled amphibian planes which have been ordered by the U. S. Navy to replace the water-cooled types now used on battleships of the fleet. The planes carry a crew of three, are equipped with machine guns and bombs, can fly

at a speed of 125 miles an hour and a cruising range of 560 miles. They are powered with a 420-horsepower Wasp air-cooled engine, weigh 3,250 pounds and carry a normal load of 1,500 pounds and will take off from water in 12 seconds. Photo shows one of the new planes in flight.

**EDUCATIONAL DEPARTMENT.**

Despite the inclement weather of last week most of the teachers report their Parent's Day a very successful one. The Patrons and Friends of the school districts in the County were invited to visit their respective schools on Washington's Birthday. The afternoon was largely spent in the usual routine of the school, a short Patriotic Program was then given after which most of the teachers served refreshments. Many Patrons also reported that they spent a very enjoyable afternoon, became better acquainted with the teacher and her methods and felt very well pleased with their afternoon visit. I wish to thank Patrons and Friends of our Rural Schools for the interest they showed on this day. You would feel very well repaid if you could see some of the letters of appreciation which your teachers have sent to me. Do not let this be your only visit to the school this year. Nothing will please your children more than to have you come to school.

The Holt County School Directories have been printed and sent out to the teachers. One mistake has been made which we wish to correct. Miss Mary Coufal a teacher in District 44, Certificate reads as a Second Elementary Certificate, this should read a Professional Life Certificate.

The Second Annual Meeting of the Rural School Boards of Holt County will be held Saturday, March 10th, at 10:15 a. m. in the Auditorium of the O'Neill High School. All school Board Members and their wives or husbands are urged to attend. Any one interested in school matters is cordially invited.

MRS. LUELLA PARKER,  
County Superintendent.

**CHAMBERS ITEMS.**

completed his work, and moved to Crofton.

George Rock's house burned down Sunday morning. Mr. Rock had started a fire and went out to do the morning chores and Mrs. Rock was not feeling well and did not get up at once and when she did, she was only able to get outside as it was all in flames. They lost everything but were fortunate to escape themselves.

**CELIA ITEMS.**

The Scott family enjoyed a Sunday dinner with Johnson's Sunday.

The community truck hauled a cow to the Shallhayes ranch, east of Atkinson, Tuesday.

The builders from "Greenville," James and Johnson, are at it again, this time putting up a shed for J. V. Johnson.

The Grickel, Chas. N. Smith and O. A. Hammerberg families have some splendid piles of stove wood now, sawed up by the Johnson outfit.

A. O. James had a letter from his son, living in Omaha, telling about his flock of 125 hens, that they had laid 8000 eggs from October to February.

A few neighbors gathered in Friday evening at G. W. "Dick" Atchison's for a farewell party. The Atchison family has rented a ranch near Valentine where they will make their future home.

Some of the young people including Miss Judy Monson, our east school ma'am, drove over to the power dam by Whiting bridge, Sunday, to view the sights there. The trip evidently made our little schoolma'am cross, as she, on being asked how she liked the dam thing, snapped "don't you swear at me. After viewing the dam sight the young people drove on to, and spent the evening with our former neighbor family, Carl Fredricks, whom they found all well and prosperous.
