CHEMISTS CREATE DUSTLESS TRACKS

Horses Run Under Ideal Conditions, Thanks to Science.

"TAKING the other horse's dust," a phrase immortal in the racing world and running back to the time when the memory of man runneth not to the contrary, seems destined to be obsolete soon, race goers say.

Gradual improvement in caring for the big metropolitan tracks near New York and Chicago, as well as others in various sections of the country, is responsible for the change.

Landscape gardeners have wrestled with the problem for years, not for the benefit of helping the "students of form" but for purely aesthetic reasons. Dustless race tracks, it was agreed, would add greatly to the comfort of the spectators for the best race finish in the world holds no thrills if only the judges can see it.

Today chemicals are freely used in keeping the dust from rising. Chemists had to find something that would not injure the horses' hoofs and at the same time permit thoroughbreds to use their maximum speed.

Calcium chloride, a chemical that absorbs many times its own weight of water, has been used for some years on the smaller tracks at county and state fairs and now is coming into wider employment on the larger tracks.

THIS AUTO PICKS UP ITS OWN ROAD DUST

English Idea Not Needed in This Country, However, Experts Say.

MANCHESTER, England, engineer 15 years ago patented an apparatus to be used on automobiles which would collect its own dust.

As described by Church Howe, then American Consul at Manchester, the device drew the dust into funnel-shaped conduits which ran from the rear of the front wheels to the rear of the back wheels.

The dust was blown into a central box, either by air pressure of the moving automobiles or by a centrifugal fan geared to the driving shaft of the car.

Such an apparatus would have little success in America today, highway engineers point out. Recent improvements in road construction have eliminated the dust problem almost to the minimum in some sections and even old dirt roads may be modernized by applications of calcium chloride.

BACKYARDS GIVE JOY TO CHILDREN

TURN your backyard into a children's playground! That is an idea growing rapidly in various sections of the United States and Canada.

One of the first to do that was George W. Perry, Director of Parks and Playgrounds, of Orange, N. J., who one year ago established a recreation center in the rear of his property. So pleased was he with the success of the idea that he told others of it and today a well-established organization, called the Backyard Playground Association of America, is functioning with headquarters in New York City.

In hot weather the most popular part of the equipment is a garden hose which serves as a shower bath for the children. These playgrounds have been salvaged from dismal areas of tin cans and other rubbish. The janitor has been enlisted as groundskeeper and director of activities, and when he is of the alert type, he has worked to make the ground quite in keeping with the more ambitious recreation centers, rolling the earth or pounding it down firmly and spreading a thin layer of calcium chloride to keep down the dust.

In the congested districts of the larger cities, particularly in New York, the idea has caught on, the playground experts declare.

FORMER O'NEILL BOY ALMOST DROWNS IN POOL AT OAK VIEW

Frank Wyant, son of Mr. and Mrs. Lew Wyant of this city, came near drowning in the swimming pool at Oak View Park on the 4th. Frank, whose present home is near Wausa, had gone to the park to celebrate; he had been in the pool a short time when he was seized with cramps and went down three times. A park visitor saw what was happening and jumped over the fence and dived down and brought him off the bottom of the pool. Dr. Fletcher, of Orchard, was called; first aid was given him and after some time Frank was brought to life. He was taken to his home at Wausa where he is reported as recovering nicely from the near fatality. Mr. and Mrs. Lew Wyant went over to Wausa and spent the following day with him.

DOUBLE WEDDING.

A very pretty double wedding was solemnized Sunday afternoon, June 24, 1928, at 3 o'clock at the home of Mr. and Mrs. Glenn Wilcox in Elgin, when their daughter, Fern Olive, became the bride of Roy D. Conger and Mollie Mae, the bride of A. Hawley Merchant. Mrs. Robert Lawrence, sister of the brides sang "I Love You Truly," accompanied by Mrs. Mary Merchant, mother of A. Hawley.

The house was prettily decorated with ferns and roses and the bridal couples marched down the stairs to the strains of a wedding march played by Mrs. Merchant. Both brides were daintily dressed in white satin and lace with flowing veils and carried bridal bouquets of roses, sweet peas and ferns; the bridesgrooms wore the conventional navy blue. Rev. D. B. Carne, of Pierce, officiated at the wedding using the double ring ceremony.

Following the ceremony a dainty bridal luncheon was served, after which both couples left on a two weeks' honeymoon to points in Colorado.

The brides are daughters of Mr. and Mrs. Glenn H. Wilcox, of Elgin, where they have grown to womanhood. Mrs. Conger has taught for several years in Alliance, where she has a host of warm friends. Mrs. Merchant has taught in the Elgin grade schools for the past three years, having resigned her position this spring. Both young ladies because of their pleasing personalities have a host of friends, who wish them every success in married life.

Mr. Conger is the oldest son of Mr. and Mrs. C. P. Conger, of Inman, and was until recently employed at the C. & N. W. depot at Elgin. He is a man of dependability and sterling worth and has many friends in Elgin.

Mr. Merchant is wire chief of the Antelope County Mutual Telephone Company, which position he has occupied for the past four years, during which time and on account of his straight forwardness he has formed many and lasting friends.

Mr. and Mrs. Conger have not decided yet where they will locate. Mr. and Mrs. Merchant will be at home to their many friends after July 15th at Elgin.

EDWARD A. GRAHAM.

The community was shocked by the announcement of the sudden death of Edward A. Graham at his home north-west of O'Neill at about 9:40 o'clock Monday morning.

Mr. Graham was preparing to come to O'Neill to transact some business relative to the regular monthly meeting of the township; he had stepped into a room to procure some papers when his wife heard him call; she went to see what was wrong and found him unconscious on the floor. He expired in a very few moments without regaining consciousness.

Edward A. Graham was born in Fondulac, Wisconsin, June 1, 1867. He came to Holt county in 1877 from Wisconsin, and located near O'Neill; he has continued his residence in this vicinity since coming to the county.

He was united in marriage to Mary Heenam, September 1, 1892; to this union were born nine children, Mrs. C. C. Johnson, Yuba City, California; Mrs. J. B. Shuster, Omaha; Ed. Graham, Whittier, California; Mrs. Lloyd Ritts, Morris J. Harry, Gertrude, Gerald, Charles and Viola. Two brothers and a sister, John, of San Jose, California; George, of St. Cruise, California; Mrs. Elizabeth Corcoran, of Oakland, California, also survive.

The funeral services were held from St. Patrick's church at nine o'clock Thursday morning, July 5th, Rev. Father B. Leahy, officiating. Burial was in Calvary cemetery.

The deceased was one of the early settlers of the county, coming here with his parents at the age of ten years. He was a man who enjoyed a large circle of friends; he was a friend to everyone.

W. H. BENTLEY.

W. H. Bentley died at the home of Mr. and Mrs. Clark Hough in this city on July 4th. Old age was given as the cause of his death.

He came to Nebraska from Indiana about fifty years ago and settled near Dustin, Holt county, where he has since resided. He would have been eighty-one years of age in September. He was born in New York in 1847.

Mr. Bentley was brought from his home to O'Neill about three weeks ago for medical treatment.

The funeral services were held from the Biglin undertaking parlors at eleven o'clock Thursday morning, conducted by the Rev. H. H. Beers, pastor of the Presbyterian church of this city.

A daughter, Mrs. Anna Sexton, of Inkom, Idaho, was with him during his late illness. Burial was made in Prospect Hill cemetery.

More than a "health food"

Shredded Wheat is something more than a mere health food. It supplies the elements for growing children—mineral salts for teeth and bones, carbohydrates for heat and energy, proteins for muscular tissue, vitamins for normal growth and the prevention of diseases of childhood. Shredded Wheat contains no condiments or "teasers" to stimulate an unnatural appetite. It is 100 per cent whole wheat, nothing added, nothing taken away. It is salt-free and sugar-free—you season it to suit your taste. Every package contains 12 large full-size biscuits (12 ounces) thoroughly baked, crisp and brown. Ready-cooked, ready-to-eat.

Made by The Shredded Wheat Company

MRS. LEWIS KNAPP.

Mrs. Lewis Knapp passed away in the Lutheran hospital in Norfolk Thursday morning at seven o'clock, following an illness of about two weeks. She was fifty-one years of age.

She leaves a family of eleven children all of whom are at home, one daughter being married and resides near the Knapp home. Her husband passed away a few months ago.

The Biglin funeral coach brought the remains to O'Neill this (Thursday) evening. The funeral services will be held Saturday afternoon from the Methodist church.

The Frontier will publish an obituary next week.

MRS. MARY L. COPPOC.

Mrs. Mary L. Coppoc, a resident of Holt county for forty-four years, passed away at her home at Chambers, Friday, June 29, aged 91 years, 4 months and 18 days. Friends here were in a measure, prepared for the sad news as Grandma Coppoc had been in ill health for some time.

Mary L. Shutts, eldest daughter of Peter and Orpha Shutts, was born in Otsego County, New York, February 11, 1837. Her early life was spent in New York and Pennsylvania; About 1853 she moved, with her parents, to Benton County, Iowa, August 18, 1861.

She was united in marriage to Joseph L. Coppoc. To this union ten children were born, five of whom preceded her in death. Shortly after the marriage of Mr. and Mrs. Coppoc Mr. Coppoc was called into the service of his country. During the last three months of his service she was with him in the South and acted as his secretary in closing up the affairs of the company, issuing discharges, etc.

Soon after the war Mr. Coppoc entered the ministry and the faithful wife became his helper in that work. In the year 1884 they came to Holt County, Nebraska, where her home has been continuously ever since. Rev. Coppoc passed away March 27, 1914.

She is survived by two brothers, L. E. Shutts, of Vinton, Iowa; H. L. Shutts, of Northfield, Minnesota. Five children, Mrs. A. E. Lusk, of Des Moines, Iowa; Rev. J. S. Coppoc, of McDonald, Kansas; Mrs. A. M. Horan, of Herrington, Kansas; Lorena and Earl Coppoc, of Chambers, besides eighteen grandchildren and seven great grandchildren. Mrs. Coppoc was a good woman. Her life was characterized by many deeds of kindness. In the days of her activity she was an earnest worker in the Baptist church. Her last years were spent with her daughter, Miss Lorena and her home life was made beautiful by the wonderful devotion of a daughter for her aged mother. In the great adventure on which she has gone, we feel that whatever is reserved for true worth is hers.

Private funeral services were held at the home Sunday morning at 9:30, Rev. Ray assisted by Rev. F. R. Davis officiating. The remains were tenderly laid to rest in the Chambers cemetery.
