HOOVER MEETS FARM PROBLEM

Urges Expenditure of Hundreds of Millions on a Workable Program

FAVORS HIGHER TARIFF WALL

Farmers Must Control and Administer Federal Farm Aid, Says Candidate.

HOOVER ON FARM RELIEF:

An adequate tariff is the foundation of farm relief. Working out agricultural relief is the most important obligation of the next Administration. The object of our policies is to establish for our farmers an income equal to those of other occupations.

PALO ALTO, Calif.—Herbert Hoover

met the farm question fairly and squarely in his Address of Acceptance at the Stadium of Stanford University. Nearly one-third of his address was devoted to this subject, which Hoover termed "the most urgent economic problem in our nation today."

REPUBLICAN RECORD

Our problems of the past seven years have been problems of reconstruction; our problems of the future are problems of construction. They are problems of progress. During these years our population has increased eight percent.

Will Cost Money

"Objection has been made that this program, as laid down by the Party Platform, may require that several hundred millions of dollars of capital be advanced by the Federal Government without obligation upon the individual farmer. With that objection I have little patience.

Prohibition

On the subject of prohibition, Mr. Hoover repeated his recent declaration: "I do not favor repeal of the 18th Amendment. I stand for efficient enforcement of laws enacted thereunder. Our country has deliberately undertaken a great social and economic experiment, noble in motive and far-reaching in purpose. It must be worked out constructively."

out the common ground on which we may mobilize the sound forces of agricultural reconstruction. Our platform lays a solid basis upon which to build. It offers an affirmative program.

Tariff and Waterways

"An adequate tariff is the foundation of farm relief. Our consumers increase faster than our producers. The domestic market must be protected. Foreign products raised under lower standards of living are today competing in our home markets.

POINTS FROM HOOVER SPEECH

It shall be an honest campaign; every penny will be publicly accounted for. Having earned my living with my own hands I cannot have other than the greatest sympathy with the aspirations of those who toil.

Greater Opportunities

"The working out of agricultural relief constitutes the most important obligation of the next Administration. I stand pledged to these proposals. The object of our policies is to establish for our farmers an income equal to those of other occupations."

CELIA NEWS.

Elmer and Walter Johnson and nephew of Mr. and Mrs. J. V. Johnson, came up from Oakland Monday evening to help in the hay field a few days.

The Harold Kirkland family enjoyed dinner with Mr. and Mrs. Alfred Kazda Sunday. They brought some ice and had a generous treat of ice cream.

Hay making is worse than shearing a pig this year. More noise than hay and a sight harder on the machinery. A lot of stock will go hungry this winter unless sold off or feed is imported.

The Celia singers were booked to sing at the Leonia church Sunday but on account of the trip to Oakland, were prevented attending. Their talent as singers was discovered at Oakland and they were asked to sing in the church there, which they did.

Conrad Frickel lost a valuable horse the other day while threshing, in a very unusual manner. In driving up close to the machine the horse's tail in, some way, got caught in a pulley which twisted it off next to the body. The injury was so severe the horse had to be killed.

Ray Aldridge left for Boulder, Colorado, by auto, to bring back his wife, Mrs. Isabelle Aldridge, who has been out there a couple of months on account of her health. The oldest children, Edric and Donald went along for a trip, as did also Mr. Aldridge's brother-in-law, Chas. Keeler. Miss Mollie Frickel went along also for an indefinite stay.

It was necessary for J. V. Johnson to make a trip to Oakland, Saturday a week ago, in the community truck and since a truck is a hard rider without a load W. O. James went along as ballast and as that capacity served about as well as our Hon. Judge Malone, who went along to Wausa, some time ago, and they are both excellent backseat drivers. The object of the trip of Oakland was to haul up a tractor belonging to the boys and to be used in the hayfield. Johnson changed his mind however and brought back a load of oats, returning Monday.
