

MRS. LUCY ELIZABETH GRASS.

Mrs. Lucy Elizabeth Grass died at her home in this city last Saturday evening at 8:30 o'clock following an illness that covered a number of months. Paralysis was given as the cause of her death.

The deceased was born September 28, 1849, at East Tracy, Wisconsin. She was united in marriage to Nicholas Grass, on December 26, 1871, at East Tracy, Wisconsin. To this union five children were born four of whom survive. The family came to Holt county in 1884 from Rayville, Nebraska, where they had made their home for a time, and settled upon a homestead nine miles east of O'Neill where the family resided for many years; following the death of Mr. Grass in April, 1906, Mrs. Grass and daughter, Elsie, moved to O'Neill where she made her home until her death.

Mrs. Grass was a hard working woman during the years that have passed; she reared a family in a way that was a credit to her and who were attentive to her during her declining years, and who administered to her every want. Her daughter, Mrs. L. K. Hough, has remained with her mother and cared for her since she came to O'Neill.

The deceased leaves two sons, Charles and Percy Grass; two daughters, Mrs. Cora Hamilton, Page, and Mrs. L. K. Hough, O'Neill, one brother, Joseph McKinstry, Hornick, Iowa; two sisters, Mrs. Emma Miller of Wisconsin, and Mrs. Nellie Hotchkiss, Lincoln, Nebraska, besides a number of nieces and grand children.

Those from away who were here to attend the funeral services were Joseph McKinstry, Hornick, Iowa, a brother; Mr. and Mrs. M. B. Hildreth, and daughter, Winifred, Demmon, Iowa; Mrs. Hildreth is a niece; a granddaughter, Mrs. George Drey and Mr. Drey and children, Donald and Deloras, Early, Iowa. The two sisters were unable to come for the funeral services.

The funeral services were held from St. Patrick's church Monday morning at 8:30 o'clock, conducted by Monsignor M. F. Cassidy; burial was in Calvary cemetery.

The pall bearers were R. J. Marsh, J. H. McPharlin, H. E. Coyne, R. E. Gallagher, M. H. McCarthy, C. E. Stout.

BOONE COUNTY FAIR TO OPEN MONDAY, AUG. 27

Albion is expecting one of the largest crowds in her history when the gates swing open on Boone County's 44th annual fair, August 27-31. No expense has been spared by the

management to make this the greatest of all the fairs that have gone before. Thousands of dollars will be offered for prizes and other thousands have been expended in giving fair patrons a great show.

There will be full card of running races; a fast ball game each day between closely matched teams, motorcycle races, auto races and pushball, airplane stunts and parachute drop.

Besides the above there will be four other high class acts given before the amphitheatre every afternoon and evening.

The Lackman-Carson carnival shows, one of the largest in the country, will be on the grounds.

Music for the fair will be furnished by the Wayne high school band.

CARD OF THANKS.

We desire to express our thanks to the kind and loving neighbors and friends for their help and sympathy following the death, and burial of our beloved daughter and sister Blanche; and hope you may have as many kind friends in your hour of sorrow; also thank all those who gave such beautiful floral offerings; especially the "Girl Chums" and "The Sophomores of 1928" of Atkinson.

A precious one from us has gone
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled.

Lonely the house and sad the hours
Since our dear one has gone;
But oh! a brighter home than ours.
In heaven is now her own.

Mr. and Mrs. John Mohr and family.

Keeping cars out of the repair shop

"All I can do for these bearings is enter them in a beauty contest. Almost as snug as the day they were born."

"Haven't touched 'em for 15,000 miles. Just fed 'em well with Deep-Rock Oil."

"POSITIVE"

LUBRICATION"

By "taking up" wear before it happens, Deep-Rock Motor Oil keeps cars out of the repair shop. It spreads a tough film of oil which holds its body in high temperatures. A 100 per cent pure paraffine motor oil. Gives better engine performance and lasts longer. Has the extra lubricating quality needed for high compression engines. Most economical in the long run.
