#### Hoover Overcomes Governor Smith's Lead of Over 40,000 in Gotham-Up State Is Republican

OMAHA—The Solid South is crushed. Early Tuesday it was conceded that Florida and Virginia had joined the normal Republican states and other Southern States are doubtful. Hoover and Curtis will have over 400 electoral votes.

OMAHA—While Governor Alfred E. Smith rolled up an enormous popular vote throughout the country, particularly in the eastern states he is doubtless the worst beaten demo-

cratic candidate in history from the standpoint of electoral college votes.

Democratic concession of victory was announced early Tuesday when returns showed Hoover leading in every eastern, western and border state, and in Virginia and Florida indicating that Governor Smith would have less than one hundred electoral votes out of a total of 531.

The defeat of Governor Smith and his running mate was so apparent that Chairman Raskob of the democratic national committee conceded the election of Hoover and Curtis early Wednesday morning. At the same time Governor Smith sent the following message of congratulation to Herbert Hoover at his home in Palo Alto, California.

"I congratulate you heartily on your victory, and extend to you my sincere good wishes for your health, and happiness and for the success of your administration."—Alfred E. Smith.

#### HOOVER SOON SATISFIED

STANFORD—Herbert Hoover closed up his reckoning of election returns before midnight, when he had tabulated a sufficient number of electoral votes to give him the presidency.

After New York had been added by the tabulators to the list of states in the "Hoover won" column, they put on Tennessee, Iowa and Wisconsin, making the victory certain.

There was applause from the on-lookers in the living room when Florida was added. Delaware, Idaho and Wisconsin then were claimed as safe, and the friends of the candidate began asking each other how great the vote in the electoral college would be.

Later, as the returns became more conclusive and his victory was conceded by John J. Raskob, chairman of the democratic national committee, and then by his democratic opponent, Hoover emerged from his study and was surrounded by his friends, who showered him with congratulations.

#### FARM ISSUE NO DENT

OMAHA—Hoover swept through the entire farm belt, rolling up leads in some areas in excess of normal republican majorities.

The farm relief issue, stressed by democrats in their assault on this rock-ribbed republican territory, made no dent in the wall. Even Wisconsin, which was lost to the republicans in 1925 through the elder La Follette's victory, returned to the fold.

Iowa, one of the battle grounds of the farm question, gave its native son a sparkling lead.

#### NEIGHBORS FOR HOOVER

PALO ALTO—Herbert Hoover received a plurality of 309 in his own voting precinct at Stanford university.

#### HOOVER EXPRESSES THANKS

Herbert Hoover's first public utterance as president-elect was a greeting to a group of his fellow townsmen before midnight Tuesday.

"I thank you for this expression and appreciate your coming up to greet me. I thank you from the bottom of my heart," he said to a throng of several thousand townspeople and students of Stanford who marched to his home on the edge of the Leland-Stanford university campus, as word of the victory was flashed through the town.

Sousa's band, which led the frenzied procession, greeted Mr. and Mrs. Hoover with Sousa's own "El Capitan."

With skyrocketing bursts and Kleig lights blazing up on the white Spanish stucco of the Hoover home, the assemblage sang "The Star Spangled Banner" to the accompaniment of the Sousa band.

VICE-PRESIDENT CURTIS

DES MOINES—Clay county, Iowa, where Senator Charles Curtis, republican vice-presidential nominee, made his now noted "too damn dumb" statement, gave the Hoover Curtis ticket a big lead. The republican vote was 3,659 to 1,873 for Smith. During a campaign speech at Spencer, Clay county seat, Curtis told a farmer heckler that he was "too damn dumb to understand" an explanation of republican taxation policies.

#### BIG LEAD IN CALIFORNIA

SAN FRANCISCO—California swept into the Hoover column by a tremendous vote. This, too, with a total balloting that breaks all records in the state. While San Francisco showed a slight drift to the New York Democratic candidate, California will give Hoover over 20,000 majority.

Southern California gave a vote for Hoover that exceeded any balloting ever cast in that section of the state at a presidential election.

From the outset of the count in the south it was manifest that the Republican nominee would run away with the contest.

#### MOODY BLAMES JOHN J. RASKOB

AUSTIN, TEX.—John J. Raskob, manager of the Democratic national campaign, was criticized in a statement by Governor Dan Moody, Democratic, which said that the popular vote given Smith was a magnificent personal tribute and that the south is still Democratic at heart.

"Unfortunately for Governor Smith and the Democrats the management of the campaign was entrusted to Mr. Raskob, a cynical commercialist with an alcoholic complex who has no conception of the attitude or ideals prevailing in the south or west. The statements which he persisted in issuing had a tendency to drive votes from the Democratic party which all the regular Democrats in the south could not overcome."

#### RADIO EXPENSIVE

NEW YORK—During the last two months the radio bureaus of the national parties have sown upon the air political seed that cost more than \$1,250,000.

The democratic national committee announces that it has spent 600 thousand dollars for political radio broadcasting and the republican national committee, although saying that no figures are available, reports the spending of "as much as the democrats."

#### IN SOUTH DAKOTA

OMAHA—Hoover was leading Smith by more than 20 thousand votes when the half way mark of the estimated 250 thousand votes cast was reached, but the race for governorship between the democratic incumbent, W. J. Bulow, and his republican opponent, Busil F. Jones.

#### NEW YORK WORLD CONCEDES HOOVER'S ELECTION

NEW YORK—The New York World is conceding the election of Mr. Hoover said, "The result is not what we wished it to be—but it is an indisputable result. Mr. Hoover is elected president of the United States by a clear and unmistakable decision of a majority of the American people. The World salutes the winner. It salutes the next president. It wishes him health, strength and good fortune."

#### Nebraska's Representatives in Congress Apparently Unchanged

#### Nebraska Republicans Have Scored Another Sweeping Victory

Their candidates for president, senator and governor carried the state by majorities ranging from 40,000. The entire state ticket below governor was given big majorities.

Herbert Hoover will roll up a big majority according to returns from more than half the state's precincts. He carried at least 70 of the 92 counties in the state and piled up surprisingly large majorities in many of them.

In 977 precincts the vote was: Hoover, 1,800,160; Smith 99,128.

The Hoover majority in itself was sufficient to carry with it the Republican candidates for other offices, although they showed much strength of their own.

Senator R. B. Howell was re-elected by a decisive majority.

#### Weaver Has Walkaway

One of the surprising results of the election was the ease with which Arthur J. Weaver, Republican nominee for governor, defeated Charles

GOVERNOR WEAVER

W. Bryan. Even Weaver's most loyal supporters expected that the race would be close, but Weaver apparently has won by a large majority. In addition to Senator Howell and Governor elect Weaver, the state winners, all Republicans are:

Lieutenant Governor—George A. Williams, Fairmont.

Secretary of State—Frank Marsh, Norfolk.

State Auditor—L. B. Johnson, Omaha

Land Commissioner—Dan Swanson, Fremont.

State Treasurer—W. H. Stebbins, Gothenburg.

Attorney General—C. A. Sorenson, Lincoln.

Railway Commissioners—C. A. Randall, Newman Grove and John Curtis, Lincoln.

Charles W. Pool, former secretary of the state, put up a strong fight against his Republican opponent, but will lose by at least 25,000.

Sorenson Edge 40,000

C. A. Sorenson, though strongly opposed in many sections of the state, including Omaha, was safely elected.

On the face of partial returns from the six congressional districts it appears that the Nebraska representation in congress will remain unchanged.

#### CALLS IT VINDICATION

WASHINGTON—F. Scott McBride general superintendent of the Anti-Saloon league, issued a statement declaring the result of the election is a "thorough vindication of the Anti-Saloon league, which was bitterly attacked by Governor Smith throughout the campaign."

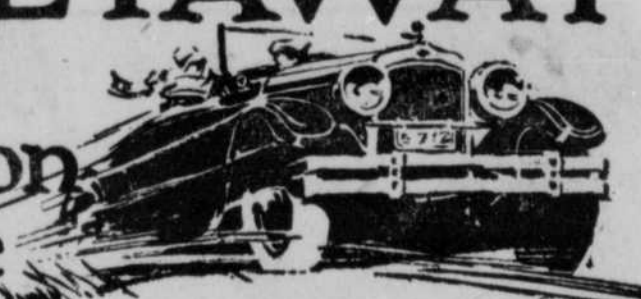

#### EDISON'S FIRST IN PRECINCT

WEST ORANGE, N. J.—Mr. and Mrs. Thomas A. Edison waited 15 minutes for the polls to open to cast their vote at 6 o'clock. They were at the head of the line and therefore cast votes Nos. 1 and 2.

#### WISCONSIN REPUBLICAN

MILWAUKEE, WIS.—Walter J. Kohler was elected governor of Wisconsin by an overwhelming majority. Returns gave him a big lead over A. C. Schedeman, Democrat, and Otto Hauser, Socialist. The rest of the Republican state candidates also were elected.

# A FAST GETAWAY to High Compression Performance

FIRST, a quick, easy start. Then, high-compression performance from any motor.

That's what happens when Conoco Ethyl goes through the carburetor. This super motor fuel gets the best from all types of motors in all kinds of weather.

By performing perfectly in the new high-compression motors, it releases the full power which these motors were designed to develop. By "turning carbon into power" it makes motors of lower compression deliver high-compression performance.

Conoco Ethyl is indeed the miracle motor fuel. It is giving thousands of motorists an added pleasure in car ownership. When you try it, you'll quickly understand what a difference Conoco Ethyl can make in the general operation of your car.
