Bradstreet, of Spencer, Nebraska, and son, Otto, now living in California, have been called to his bedside and that little hope was had for his recovery. Mr. Beaver was one of the early settlers in the Agee neighborhood and still owns his homestead here, but has been living with his son, Ernest, at Deaver, Wyoming, for several years. No further report has been received as to the condition of Mr. Beaver.

The authorities up at Bassett tagged a car driven by M. P. Hanna of this city, on February 4th, and caused him to buy a license in Rock county. The matter was brought to the attention of Chairman of the County Board of Holt County John Sullivan, who got in communication with County Treasurer Patch in Bassett and requested him to send the money for the license to Holt county; the county treasurer refused to comply with the request and the outcome of the matter will be watched with interest by car owners. The state law requires a car owner to purchase a license in the county in which the car is owned. A Rock county license is of no value to Mr. Hanna.

Norfolk News: Automobiles driven by Archie Perry, Norfolk, and T. H. Strong, Emmet, were damaged in a collision at Fourth street and Pas-

walk avenue, Friday evening about 6:45 o'clock. No one was injured. Impact of the collision forced the Perry machine, on which the fender and running board were damaged, against the curbing. Front wheels on Strong's machine were knocked out of line, the car being towed to a garage for repairs. Norfolk police were told that Strong had failed to halt his car at the "Stop" sign. Strong, however, informed the police that he had stopped his machine before he drove it on the intersection. Dick Carrio, high school student, was riding with young Perry at the time.

Mr. and Mrs. J. S. Ennis are in receipt of a letter from their son and family, who are now at Melbourne, Australia. They enclose a clipping from a Perth, Australia, paper, which tells of a farewell reception tendered them just before they departed from Perth last October following a ten months' stay in that part of Australia as production manager for the General Motors Corporation. Mr. Ennis spoke very highly of the people of western Australia; he states that they are very friendly and that he never had met such open-hearted people and that their stay there was greatly enjoyed. In speaking of Melbourne, where he is now located he says that they are having mid-summer; that Christmas was more like the 4th of July; they are ten miles from the mountains; ships from every country land within two miles of his office building; sheep raising is one of the principal industries; all kinds of small grains are raised but wheat is the principal one; rain falls there all the year; the days are warm and the nights are cool; the houses are principally of brick with tile roofs; Mr. Ennis tells of the town of Ballard, fifty miles from Melbourne, that is 150 years old and has gone into history as the scene of the greatest gold rush ever known and is quite a noted place in that country.

GET YOUR TRUCK LICENSE.

### THE W. C. T. U. REPLIES.

Editor of Frontier: There appeared in the local item of the January 25, 1929, Holt County Independent an article which to my mind is a direct insult to the intelligence of the Women of America, and especially those affiliated with the W. C. T. U. It reads in part as follows:

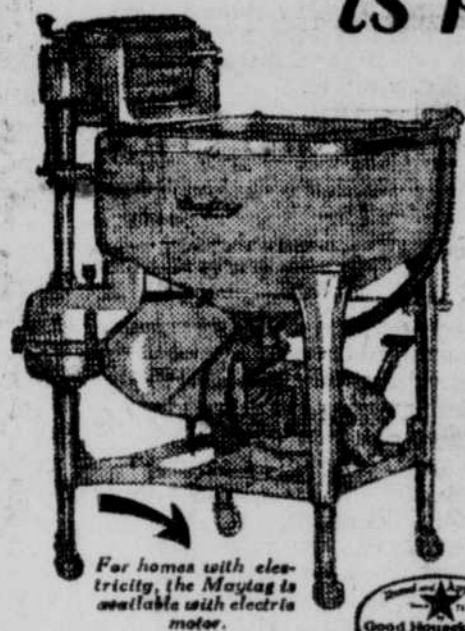

"The W. C. T. U., an organization that has always been republican now seeks to resist the confirmation of Mrs. Ryan on the Board of Control. \* \* \* Mrs. Ryan is chairman of the Woman's National Democratic Committee for Nebraska, clean and able. Although dry in practice, she saw in Governor Smith a man who would do things!"

To my mind the American people saw the same thing that Mrs. Ryan did, and that was, according to his own statement, if elected president he would do all in his power to amend, if not entirely wipe out the 18th amendment, and by her actions she upheld and favored that proceeding, even though it would be a violation of his oath when inaugurated as president.

It is certainly gratifying to know that a great majority of the American people so emphatically resented the principles announced by Governor Smith, and upheld by his supporters.

MARY A. UTTLEY, County President and Secretary Local Union, W. C. T. U.

## Farm or City —the MAYTAG is Preferred!

NOT ONLY is the Maytag recognized as the world's finest washer, but also as the most practical washer for farm homes. Its outstanding ability as a fast, clean, convenient, careful washer is equally practical for farm homes with or without electricity.

The roomy, cast-aluminum, heat-retaining tub and Gyrafoam action are unique in service and perfection. The Roller Water Remover permits perfect wringing in less time and with less work.

### The Gasoline Multi-Motor

Only the Maytag has the Multi-Motor. It is built specially for the Maytag by The Maytag Company. It is designed for simplicity and reliability; built for the woman to operate. A thrust

of the pedal starts it. The Multi-Motor is so compact that it is interchangeable with the electric motor by removing only four bolts and gives the same smooth, steady flow of power.

### FREE for a Week's Washing

Only by washing with the Maytag can you appreciate what a difference it makes in washday. Write or telephone for a free trial washing. If it doesn't sell itself, don't keep it.
