HUGH O'DONNELL WINS EIGHTH ANNUAL INVITATION GOLF TOURNAMENT TUESDAY

Hugh O'Donnell won the Eighth Annual Invitation Golf tournament of the O'Neill Country Club, from Joe Leonard of Basset, Nebraska, 2-1, Tuesday afternoon, in the presence of a large gallery of spectators who accompanied the players around the eighteen holes.

Hugh O'Donnell was also medalist. Hugh has been runner-up at the last two tournaments; he is a steady, heady player who has the ability to become a top notch player within the next few years.

Joe Leonard, the runner-up played a hard game and made Hugh do his best from the first tee.

Those who have been attending the tournament say that this was the most successful of any yet held by the Country Club.

There were 120 entries.

The qualifying rounds were played Sunday. A number of the entries did not qualify. Several of those who qualified did not play.

The pairings were made Monday morning and the contests began at once.

The finals in all flights were completed Tuesday afternoon.

The visiting golfists and their wives were entertained at a buffet luncheon at the Country Club at eight o'clock Sunday evening. A large number of the local members were present and a pleasant evening was enjoyed.

Before the tournament came to a close the visitors and members present vote that:

D. W. T. Lund, Battle Creek, was the

most handsome; Tom Hanson, Tilden, the most nervous player; Paul Boisserie, Spaulding the luckiest player; Jim Lannighan, Greeley, the best dressed and Dr. D. Sullivan, Spaulding, displayed the best form.

W. E. Staab of Norfolk joined the "hole in one" club when he made No. 3 which is a 108 yard shot in one, during the qualifying rounds.

The visiting ladies were entertained by the ladies of the Country Club at bridge parties Sunday and Monday afternoons at the Country Club.

Sunday afternoon the prize winners were Mrs. E. L. O'Donnell, high score; Mrs. Wm. Froelich, second high score prize for the visiting ladies; Mrs. Frank Biglin, second high score—for home ladies; Mrs. Wm. McInerney, Cheyenne, Wyo. door prize.

Monday afternoon those winning prizes were Miss Olive Fletcher, Orchard, high score; Mrs. Jack Marshall, Tilden, second; Mrs. C. D. Wood, third; Mrs. S. J. Weekes, door prize; Mrs. R. Morrison, all-cut.

Punch and wafers were served each afternoon.

A dance was enjoyed at the Country Club Monday evening. Standiford's orchestra furnished the music. During the dance a five pound box of candy was awarded as a door prize which was won by Miss Helen Reardon.

The following is the registration and qualifying scores:

Joe Leonard, 75, Bassett, Nebr.

INTERSTATE POWER CO. SPONSOR CELEBRATION FOR MILLIONTH FRIGIDAIRE

A replica of the Millionth Frigidaire arrived in O'Neill Wednesday afternoon and at promptly two o'clock a parade sponsored by the Interstate Power Company headed by the O'Neill concert band, and followed by a long procession of trucks and autos representing the various business interests of O'Neill, escorted the Frigidaire, mounted upon a truck, from the C. & N. W. depot through the principal streets of the city.

Following the parade a beauty contest was held on Fourth street. The street was roped off for a considerable distance. The contestants were divided into three flights—from 2 to 7 years, from 7 to 15 and from 15 to no limit.

The prize in each contest was a purse of ten dollars.

The one receiving the longest and loudest applause was declared the winner.

The first flight was the little ones from 2 to 7 years. Those who took part in the contest were Dorothy Ann Jordan, Mary Mellor, Dorothy Bennett, Harriett Bennett, Ethel Bennett, Rachael Salmans, Patricia Schroeder, Mary Constance Golden.

The little folks drew a loud and long applause from the large crowd of visitors and it was difficult for Mr. C. D. Wood, who was in charge of the contest to decide who should receive the prize. The little folks were brought for a second appearance. The prize money was finally divided between Mary Miller and Mary Con-

stance Golden. The second flight was the girls between 7 and 15 years.

Those competing were Beatrice Wyant, Delta Gunn, Dorothy Morrison, Dorothy Morrison was declared the winner.

The third flight was the best girls from 15 years to no limit.

Those entering this contest were Evelyn Howard, Helen Reardon, Bernadine Protivinsky, Helen Reardon was decided the winner.

The celebration closed with a free dance Wednesday night in the K. C. opera house, given by the business men of O'Neill, which was fairly well attended. The Streeter orchestra furnished the music. The Interstate Power company are very grateful to the business men for the interest shown by them in their celebration of the Millionth Frigidaire; they feel that the efforts of the O'Neill business men were largely responsible for the success of the celebration.

FRIGIDAIRE DEMONSTRATION BRINGS MANY INQUIRIES

What temperature is necessary to keep ice cream perfectly in an electric refrigerator? Why is chocolate ice cream harder to keep in good condition than any other flavor? Is it necessary to stir frozen deserts in the ice trays of an electric refrigerator while they are being prepared?

These are among the more numerous questions being asked by women who have visited the Frigidaire Cold Control Demonstration being held this week by Interstate Power Co., local dealer. Much interest also

is being manifested in the exact time required to freeze ice cubes. Various new desserts mentioned in a souvenir receipt booklet have created much comment.

"This is the second year that we have held such a demonstration," said Mr. C. D. Wood, "and we are much gratified to find that the public interest in the Frigidaire cold control has greatly increased since its announcement. Women are fascinated with its six freezing speeds and the many unusual frozen dishes which this ingenious device makes possible. When the cold control is set in the sixth position, a temperature close to zero is created in the freezing trays. With such a temperature it is possible to keep ice cream perfectly until time to serve."

There has been much local interest in the "Millionth Model" household refrigerator being displayed this week, the local dealer said. This model was added to its line of electric refrigerators by Frigidaire Corporation in commemorating the fact that there are now more than a million users of its products. It is small de lux unit, selling at a low price.

Popularity of the Millionth Model Frigidaire, twentyeighth members of this famous line of household electric refrigerators, has been assured, Interstate Power Co., the local dealer declared today, with a close of a cold control demonstration week in commemoration of Frigidaire's entrance into the million users class.

"The celebration was a great success. Crowds of both men and women visited our show room daily and vice-
