ACCIDENTS.

Accident statistics for Nebraska compiled by the State Press Association and Rehabilitation Division of Vocational Education.

Report for the two-week period ending July 2, 1929.

Motor vehicle accidents	150
Other public accidents	37
Employment Agricultural	23
Employment Industrial	9
Home accidents	31

Total accidents 250

By autos there were 9 killed, 168 injured. Public accidents there were 17 death and 21 injured. Agricultural there were 3 deaths and 14 injured. Industrial there were 1 death and 14 injured. Home accidents there were 3 deaths and 33 injured. Total number affected were 289.

Of the 256 persons injured, 17 were permanently disabled.

Injuries resulting from motor vehicles and from other public accidents are still on the increase. Home accidents hold their own in injuries and gain a fatality. Agricultural and industrial accidents hit a slump but also close strong with a fatality to the good.

A study of motor vehicle accident causes compared with the last report shows loose gravel skids increased from 15 to 21; excessive speed from 3 to 14; mechanical defects 3 to 9; collision 8 to 52. Increases from 38 to 111 of whom 4 were killed. The number of pedestrians struck dropped 25 per cent.

The prey is getting wary.

Total 150 9 176

The above table of motor vehicle accident causes covers 150 reports of which 7 were from employment; 38 were non-injurious and 125 were public accidents resulting in injury.

General Summary For Eight Weeks: Motor Vehicle accidents 540; disabilities 18; deaths 38 and persons affected 596.

Total number of accidents from all causes were 824, with 84 disabilities, 100 deaths and 1008 persons affected.

Every two weeks for eight weeks these figures have appeared and they will continue to appear at these intervals. What is it all about? Why does your editor and a great state Press Association interest itself in the periodical presentation of such statistical matter?

Because in the ordinary peaceful pursuits of travel, of employment, of public and the home life, a casualty list comparable to that of the Great War is needless criminal.

Because there is need of the earnest cooperation of every man, woman and child in our state if Nebraska is to be made a safe place in which to live.

DIDN'T DREAM SARGON COULD BENEFIT HER SO

"I suffered with stomach trouble and constipation two years without getting lasting relief from any medicine. But Sargon changed all this, and did more for me than I ever dreamed any medicine could do."

MRS. HILDA KINNAMAN

"Day after day I would dose with cathartics, but my health kept right on failing. So much drastic medicine upset my stomach, and I suffered a great deal with gases and pains from undigested food. I was nervous and listless. My strength and energy failed me, my sleep was restless and broken, and I was dreadfully run-down."

"It is remarkable what Sargon did for me. Now, I eat and enjoy anything my appetite craves, and I never suffer any stomach trouble or indigestion. And how I do enjoy my sleep! I get up in the morning rested; refreshed and feeling fine. Now I am strong and energetic, and feel so good, I don't feel like the same person."

"My liver was inactive for a long time and it seemed impossible to get it stimulated, but Sargon Soft Mass Pills gave me complete relief. Unlike other laxatives they don't nauseate or upset in the least."

"I will always be grateful to this splendid treatment for all it has done for me, and I only hope my statement will induce others to try it."

The above statement was made by Mrs. Hilda Kinnaman of 4704 South 20th St., Omaha, who is highly esteemed by a wide circle of friends.

Sargon may be obtained in O'Neill from Chas. E. Stout.
