The funeral services were held at Kingsley, Iowa, last Thursday for Peter Toohill, and burial was in Sioux City. The deceased was past sixty-four years of age. Cancer of the stomach was the cause of his death; he had been ill for the past two years or more.

Mr. Toohill was the last member of the immediate family, his wife and children having passed to the "other side" during the preceding years.

The deceased was a cousin of Mrs. O. F. Biglin of this city; Frank Biglin, of this city. Miss Genevieve Biglin and Sister Eugene of Sioux City attended the funeral services.

Mr. Toohill will be remembered by the older residents as having conducted a blacksmith shop here twenty or more years ago.

EMMET ITEMS

Maxine McAllester, of Atkinson, spent Thursday with her sister, Mrs. Francis Anderson.

Mr. and Mrs. Pat Barrett are giving a free dance at their home west of Emmet Saturday night.

Francis Anderson has been operating the tractor purchased from Guy Cole by Pat Barrett last week. He is breaking sod on the J. B. Ryan farm east of Emmet.

Mrs. Ralph Beckwith entertained a group of relatives in honor of her husband's birthday anniversary Sunday. Her sister, Miss Minnie Seger assisted her with preparation and serving of the dinner.

Mrs. Pat Barrett and children, accompanied by Mrs. Julia Samples and Mr. Corrigan, drove to the Fred Barnes home near Celia to attend the birthday party of Katherine Barnes, Sunday. The honor guest was thirteen years old.

Mr. and Mrs. Vern Beckwith drove to Elgin Sunday morning and enjoyed a visit at the Bill Paul home. In the afternoon they attended the Elgin-Albion base ball game and returned home in the evening, after an enjoyable day. They found that country very much in need of rain. The corn looks good but will not stand the drouth much longer. The threshing of small grain is nearing completion.

Saturday evening Dean Beckwith and a boy friend decided to go out to the airport south of York, so they started in Dean's Ford and were driving about 35 miles per hour when all of a sudden they saw an International truck in front of them; it hit the Ford in the middle and knocked it over to the opposite side of the road, and just as it was about to upset into the ditch, it was struck by another truck coming from the south, and thrown to the other side of the road; then the two trucks collided. Both boys were badly shaken up and bruised, but not seriously injured. The Ford was badly demolished. The trucks were not damaged. Two carloads of people witnessed the accident and say that the first truck that struck the Ford was coming from a farm house on the west side of the

road and did not stop at the stop sign before entering the highway.

BOSHART APPLE ORCHARD LOADED THIS YEAR

The editor and family drove to the A. Boshart farm ten miles north of O'Neill last Monday evening and looked over the large apple orchard. The trees are loaded with large, delicious apples of all kinds; the harvest apples are ripe now and other varieties are getting ripe very rapidly.

Mr. Boshart tells us that he will have more than 1500 bushels. The

limbs of a number of the trees are breaking from the main stock because of the heavy loads they are carrying.

Mr. Boshart says that he has apples for everyone this year. He expects to sell a large quantity of this crop to parties in other counties who are wanting to come and get the entire crop, unless the home people hurry and get what they want.

The prices vary from 25c a bushel up but none of them are very expensive.

Mr. Boshart would like to have everyone wanting apples to come and get them as soon as possible.

NEBRASKA'S GREAT STATE FAIR

The conditions to produce a great State Fair were never better than this year. It is a great crop year in Nebraska. The season has produced grains, grasses, fruits and vegetables that excel in quantity and quality anything that has been produced in many years. This condition creates a sudden new interest in the Fair and will induce thousands who have never attended it to enjoy its sights and pleasures this year.

It is announced from the offices of the Fair that the reservations for space are so great that it will be extremely difficult to find room for all the displays that are seeking admittance. The exhibition halls will be full to the top with matchless displays that will show on a larger and finer scale than ever before the land and climate resources of Nebraska.

MOST AMUSING PRODUCT IN DIALOG MEDIUM

If you have laughs prepare to use them when you see the new all-talking melodrama at the Royal Theatre Sunday and Monday. "The Dummy" is the strangest and most amusing entertainment to be produced in the new medium which has added so much enjoyment to the moving picture theatre.

There isn't a dull moment in "The Dummy" from beginning to end, laughs following thrills in quick succession. From the time Mickey Bennett starts his deaf and dumb talking, while everybody else is speaking with the voices they were born with, until the gang of kidnapers is safe in the clutch of the law. "The Dummy" supplies all the thrills and entertainment any one could wish for one

J. M. SEYBOLD

Graham-Paige Dealer

An excellent cast headed by Ruth Chatterton, Fredric March and John Cromwell, enacts this melodrama. Two brilliant and likeable youngsters, Mickey Bennett and Vondell Darr, do some excellent work. The voice recording is excellently well done, showing the vast improvement made in this new entertainment medium in a short time. All of the players speak their lines with fine inflection and good enunciation. "The Dummy" is something that everyone should see.
