Too Shy to Wed
 Situated in the lovely fruit-growing district of the Cornish valley of the Tamar, Landulph is said to be the shyest village in England. The young folk there are so nervous of one another that there has been but one marriage at the ancient parish church within the past five years. According to the rector, the young men think more about playing cricket than they do courting. A church warden is optimistic enough to believe that romance will return to the village in due course.

Girlhood
 The trying time in a young girl's life is reached when Nature leads her uncertain steps across the line which divides girlhood and womanhood. Neglect at this critical period is largely responsible for much of the misery of women. Often there is need of some safe, strengthening tonic to overcome the languor, nervousness and distress girls commonly experience at this time. Dr. Pierce's Favorite Prescription soothes the nerves, encourages the appetite and helps the entire womanly organism. It is purely herbal—contains no narcotic, nor any harmful ingredient. Druggists, Tablets or liquid. Send Dr. Pierce, Buffalo, N. Y., 10c if you desire a trial pkg. of tablets.

Built to Last
 An Irish salesman was trying his hand at selling iron window sashes and in recommending them to the builders he said:
 "These sashes will last forever—and afterward, if you have no further use for them, you can sell them for old iron."—Specialty Salesman.

Looks Young, Feels Fine
 "Eight years ago before my last baby was born, I started taking Lydia E. Pinkham's Vegetable Compound. I got such good results that I named her Catherine Lydia. I have six older children and five grandchildren, too. I am 44, but people tell me I look much younger. I am now taking the Vegetable Compound again because of my age. I eat and sleep better and I do all my housework, and my washing. I will do my best to answer letters."—Mrs. H. Dolhonde, 6318 York St., New Orleans, Louisiana.

Men Should Discard Heavy Wardrobe In Summer, to Guard Their Sanity

If man would only realize what a wide variety of absurdities he indulges in during the torrid period of the year, simply because he allows the heat to "get" him in his all-wool-and-a-yard-wide suits, he would take a tip from women, who need only a hint of a hot spell to reduce their clothing to its lowest possible weight. Dorothy Sebastian, left, knows what she's about. One of her hot weather favorites is this sleeveless frock of rose colored silk. Fay Wray, center, is wearing a snappy dress of fifty years ago, demonstrating the type of costume that was popular for summer wear, and, just to show you that women have, at least, "grown up" since that period of unhealthful garments, Doria Hill, right, appears in a nifty little printed silk costume, which is the coolest of outfits and guaranteed to keep one sane while the mercury rises.

Advised to Follow Example Set by Women in Hot Weather

TAKE it easy while the mercury vaults into the nineties. If you don't you may wake up some steaming morning behind iron bars or in a psychopathic ward. If you happen to be a male whose irritability rises with the temperature, keep under a shower.

If Baby has COLIC

A cry in the night may be the first warning that Baby has colic. No cause for alarm if Castoria is handy! This pure vegetable preparation brings quick comfort, and can never do the slightest harm. Always keep a bottle in the house. It is the safe and sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it suitable for the tiniest infant, and for frequent use. And a more liberal dose of Castoria is always better for growing children than some needlessly strong medicine meant only for adult use. Genuine Castoria always has Chas. H. Fletcher's signature on the wrapper. Prescribed by doctors!

Engineers Still Seek Fog-Penetrating Light

In spite of endless research and experiment by illuminating engineers for a light which will penetrate fog and which aviators and ship captains can see to help guide them through the mist, none has yet been found, said R. E. Carlson of the Westinghouse Lamp company, in a recent talk in Chicago.

And, Out He Went!

He—If we can't agree, we'll divide the house. You take one side and I'll take the other. Take your choice.
 She—Oh, I'll take the inside.

Needless Pain!

People are often too patient with pain. Suffering when there is no need to suffer. Shopping with a head that throbs. Working though they ache all over. And Bayer Aspirin would bring immediate relief! The best time to take Bayer Aspirin is the moment you first feel the pain. Why postpone relief until the pain has reached its height? Why hesitate to take anything so harmless? Read the proven directions for checking colds, easing a sore throat; relieving headaches and the pains of neuralgia, neuritis, rheumatism, etc. You can always count on its quick comfort. But if pain is of frequent recurrence see a doctor as to its cause.
