### NORFOLK WINS THIRD ANNUAL NORTH NEBRASKA RELAYS

(By George Abdouch)

The third annual North Nebraska Relays were held at Atkinson last Wednesday, May 14. Unfavorable weather prevented the competing of many of the towns. Only seven competed out of the fifteen who were invited. The following towns participated in the meet: Norfolk, Neligh, Stuart, Atkinson, O'Neill, Butte, Bassett. Due to the high winds, only two records were broken in the field events. A record was set in the javelin by Tomlinson, of O'Neill, at 139 feet, 8 inches. Eaton, of Stuart, set a new record in the discus with a heave of 114 feet and 1 inch. The old record was 111 feet.

The sprints were the fastest that were ever run in this section of the country. In the morning preliminaries the 100-yard record was broken

by the following men: Lyman of Bassett; Eldridge of Norfolk and Tomlinson of O'Neill. The best time at the morning was ten and two-tenths seconds. A final record was set in the afternoon by Lyman, of Bassett, at ten seconds flat. Lyman, of Bassett, also set a new record in the 220-yard dash with the time of 23 seconds flat. The old record was held by Chas. Graham of O'Neill at 23.1 seconds. Trobough, of Atkinson, set a new record in the 120-yard high hurdles with the time of 16.4 seconds. A new record of 2.14 was set by Hart of Bassett in the half-mile run. Lyman of Bassett won individual honors with 21 points.

The scoring was so close between Norfolk and Bassett that the final relay race was decided the winning of the meet. Norfolk won the last relay race by about three inches. The teams scored as follows: Norfolk 52; Bassett 50; Stuart 29; O'Neill 24; Atkinson 19; Neligh 10; Butte 5.

### O'NEILL MAY HAVE A COMMUNITY HOSPITAL

Mr. and Mrs. Tyler, of Tilden, Nebraska, were in O'Neill Wednesday promoting a hospital for O'Neill to be operated along Community lines, permitting all of the physicians of the county to have equal rights. Mr. and Mrs. Tyler have been managing the Tilden Hospital for several years and are leaving the hospital at Tilden owing to a change in the plan of operation; a suitable building can be secured in O'Neill for a six double room hospital that can be rented.

It is the plan to have these rooms furnished by individuals or organizations, with a bed, chair and bed-stand and anything else that they desire for the comfort of the patient. It is estimated that about \$1,000 will be required to put the hospital in first-class condition.

Several O'Neill citizens have already volunteered to furnish a room. O'Neill needs a hospital very much and any move along the line of securing such an institution will be gladly received by everyone.

### O'NEILL COUNTRY CLUB TOURNAMENT JUNE 22-23-24

The O'Neill Country Club will hold its Ninth Annual Tournament on June 22, 23 and 24. R. F. Griffen, president of the club, has appointed Dr. L. A. Burgess to be chairman of the tournament committee, with H. J. Reardon in charge of prizes and Rex Brown heading the dancing and social end of the meeting. Dr. Burgess expects the entire list to exceed that of any previous year. The annual tournament of the O'Neill club has grown to be one of the largest in the state of Nebraska; at last season's event 127 golfers from north Nebraska entered the tourney. Every effort will be made to make the meeting this year the most enjoyable in the history of O'Neill's tournaments. Hugh O'Donnell, a student at Notre Dame, and the winner of the 1929 meeting, sends word that he will be here to defend the championship and that he is playing regularly at school.

### DUAL TRACK MEET HELD WITH BUTTE

The track team consisting of about

fifteen high school athletes headed by their coach, Lub Lewis, came over from Butte, Monday and participated in a Dual Meet with the O'Neill High School team.

O'Neill was victorious in all of the events excepting the pole vault and the mile run. The O'Neill team won all four places in the half-mile run and won the relay.

Butte won 30 points to O'Neill's 95.

### O'NEILL LIONS CLUB HOLD LUNCHEON TUESDAY

Promptly at 12:10 last Tuesday the O'Neill Lions Club sat down to their regular noon luncheon at the Golden Hotel. Several Lions were absent from the dinner, some were out of the city while others were detained because of illness in their family.

Following the luncheon President Lion Carter announced several special committees as follows:

Committee to confer with the city council in regard to Clean-Up Week: Lions Downey, Agnes and Toy.

Committee to investigate the conditions in regard to mail on the Burlington mornings, and the possibility of bus mail out of O'Neill at noon: Lions Miles, Bowen and Youngkin.

Committee to look after the distribution of sugar beet seed among the farmers who will plant a small quantity to find out the feasibility of raising sugar beets in the county: Lions Lubker, Ryan and Cadwell.

Committee to confer with secretary in regard to extending an invitation to the All-Nebraska Air Tour to stop at O'Neill during their flight over the state during the week of June 23rd: Lions Harty, Haley and Toy.

Program committee for the entire month of June: Lions Allinger, Youngkin and Smith.

The club has received their banner and have it hanging in the lobby of the Golden Hotel; it is a beauty.

Much enthusiasm is being manifest among the members and each Lion is up and ready to spring at anything that looks like a good thing for the town and surrounding country.

The O'Neill Leather Works is one of the busy places in O'Neill. They report the sale of harnesses this week to Scott Hough, Roy Wayman and D. D. Murphy.

# STRIKING... CONVINCING PROOF

that DIRT, AIR or MOISTURE can't  
affect the SEALED IN STEEL  
GENERAL ELECTRIC REFRIGERATING UNIT

THE convincing under-water test is proving to millions the facts hundreds of thousands of users already know—that General Electric Refrigerators are trouble-proof and service-free. A flawless mechanism, bathed in oil, is sealed in steel. Dust, dirt, moisture and rust cannot harm it—or halt its quiet, efficient, dependable operation.

Completely submerged in water—this refrigerator has operated day after day, week after week. Only a General Electric could do this. Dramatically—convincingly—General Electric has shown that efficiency is sealed in, and trouble sealed out. That's why not a single General Electric owner has ever spent a cent for service.

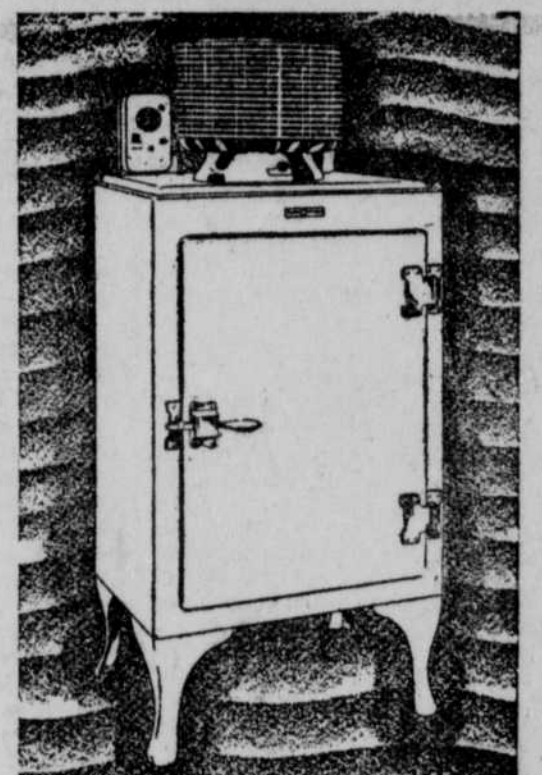

All the mechanism is contained within the steel walls of the On Top Unit. Dependability is unfailing—operation positive. Year after year it serves you with quiet, faithful efficiency.

The General Electric Refrigerator gives you everything that electric refrigeration offers—plus value that far overshadows cost. Built of all steel and porcelain lined, far greater food storage capacity is provided. It is movable—can be installed anywhere.

General Electric serves faithfully the year round—work is saved—expenses reduced. There's a model to fit your particular needs. Prices are reasonable—terms liberal. Ask us to prove its advantages to your complete satisfaction.
