OBITUARY

Inman and vicinity was wrapped in gloom when the word was received of the death of Jerry Kopecky, at the Lutheran hospital at Norfolk, on the morning of January 7th, as the result of injuries received when a tree fell on him, on December 29th, 1930.
Jerry John, youngest son of Mr. and Mrs. Lewis Kopecky, was born in South Omaha, Nebraska, on August 4th, 1913, and at the time of his death was 17 years, 5 months and 3 days old. At the age of five years, he came with his parents and brother, to Inman, where he has since resided.
Jerry was a lovable boy; his sweet personaliy endeared him to all who knew him. He was a Senior in high school, captain of the basketball team, and played the drums in the high school orchestra. He was also a member of the Epworth League of the M. E. church and was in harmony with the teachings of Christ. He was a talented accordion player and appeared in many programs.
Funeral services were held from the home of his uncle, Joe Kopecky, north of Newman Grove, on Friday afternoon; many friends from Inman attended the services. Miss Clute, pastor of the Methodist church at Inman, delivered the sermon, and a male quartette from Newman Grove furnished the music. The floral tributes, which were many and beautiful, bespoke of the high esteem in which he was held.
Pall bearers were boys from the high school, Dale Stevens, Harvey Tompkins, Rex Butler, Vere Butler, Robert Jackson, Kenneth Leidy, and their basket ball coach, Prof. Clarence McClurg. Interment was in the Iowa Valley cemetery.
Jerry is gone, but his memory will ever be fresh in our minds, for God calls our loved ones Home, but we lose not wholly what He hath given; they live on earth in thought and died as truly as in His Heaven.

The eleventh anniversary of the Eighteenth amendment suggests the subject of Prohibition, as it relates to that amendment. According to much propaganda, and as one suggested, because we have so many "propagandists," many would have us believe the eighteenth amendment is the only Prohibition law we have on the statutes. This is the angle of discussion we expect to take: "Is Prohibition a Moral or Legal Question?" Is it responsible for so much law violation? Why do we have it? Shall we keep it?

Marshal Joffre is dead. His work for France was not Napoleonic. To bear the tricolor to distant parts in a war of conquest was not his portion. His was a defensive, last ditch service, resembling that of Washington. If blood must be shed in international affairs, let there be augmented honor for him who stands upon his native soil, and spills the blood of an invading enemy.
