

Pre-War Prices

A comparison of grocery prices today with those of 1910-14, just before the World War will reveal the fact that the consuming public is paying about the same average cost for food now as then unless with the exception of meats—at least such is the case, we believe, in the Robert C. Moore Stores. Hunt up some of the grocery advertising of that day and make the comparison for yourself. You will find it interesting.

Please note herewith some very special and current prices at your Robert C. Moore Store.

Mr. and Mrs. Oscar Lindburg and Helen; Mr. and Mrs. Frank Griffith and Cecil were callers at the Harry Fox home, Friday evening.

Mr. and Mrs. Frank Searles and children and Mrs. Viola Searles spent Sunday at the home of Mrs. Frank Searles' parents, Mr. and Mrs. A. Johnson, at Emmet.

Mr. Neff, of Omaha, and R. D. Spindler sold two New Idea manure spreaders last week, one to James Early and one to a party across the river in Boyd county.

Mr. and Mrs. Edson Sargent, who spent several days last week visiting old friends and relatives in this locality were over night guests at the Albert Kaczor home Thursday.

H. D. Hansen of Fairfax, S. D., came down Friday, on business; he and his family expect to move to Sioux Falls in the spring; he expects to sell his corn while down in this locality.

Mrs. Charlie Linn has five hundred baby chicks which she purchased from the Meadow Grove Hatchery last week; they are Buff Orpingtons and Rhode Island Reds and are a very pretty sight.

Raymond Hulshizer came from Bassett, Friday for a few days visit at the home of his brother-in-law, Merriady Hubby; Mrs. Hulshizer, who is teaching the Meek school, spends the week-ends at the Hubby home.

The attraction in this locality the past week has been the saw-mill which Fred and Oscar Lindburg and Charlie Hoyer have been operating, sawing lumber for Harry Fox. A good many of the neighbors have been there to watch the work.

What might have been a serious accident occurred when Harry Fox, who was hauling rye from Boyd county for Ralph Young, drove onto the scales at the Martin Langan place with a load and the platform gave way; no serious damage was done.

Mr. and Mrs. W. H. Allinger drove to Lincoln, W. ednesday where Mrs. Allinger will visit with her mother, Mrs. T. A. Boyd while Jack is in the east on a buying trip for his new general store that he expects to open in the building being vacated by D. Abdouch.

Mrs. James Evans of Grand Island was here the latter part of the month visiting her mother, Mrs. Catherine Smith, and making arrangements to ship her furniture to Grand Island, as they had secured a house. Her mother will spend the greater part of her time with Mrs. Evans in Grand Island.

E. E. McKnight, district representative of the City Service Oil Company, whose home is in Omaha, stopped in O'Neill a short time Wednesday morning while enroute to Long Pine, Nebraska, where he expects to visit relatives and friends. Mr. McKnight made The Frontier office a pleasant call while in O'Neill.

Ralph Leidy, of Inman, is in O'Neill this week warming up the large incubators at the O'Neill Hatchery preparatory to starting them Saturday evening. Custom hatching has been quite popular among farmers and poultry raisers; it gives the poultry raisers an opportunity to have their chicks all hatch at about the same time and also have earlier pullets for early fall laying.

P. J. Biglin came near having a serious fire at his home one day last week. The chimney at the Biglin home became stopped up with soot; P. J. secured the assistance of several neighbors and proceeded to burn out the chimney with kerosene. Everything seemed to be going all right; the fire was out in the chimney and the men were leaving when W. J. discovered a very small curl of smoke issuing from under a shingle; a bucket of water was secured and the fire put out. If the men had not discovered the blaze when they did, serious damage would, no doubt have resulted.

REX BEACH STORY GAINS POWER ON THE SCREEN

Drama, that portrayal by action of the things that make up the struggle of life, is given its most vivid picturization in "The Silver Horde," Radio Pictures' red-blooded outdoor romance of the North, which comes to the Royal theatre Friday and Saturday, February 6-7th.

Thousands read, enjoyed, thrilled, to this romantic novel by Rex Beach. Millions will find new thrills, drama and action in the talking screen version.

From the opening scenes, where Joel McCrea and Raymond Hatton fight their way through the frozen North to the final sequences where Evelyn Brent and Jean Arthur fight for the love of their man, the story is complete in its pathos, romance, drama and comedy.

The manner in which the story moves from the frozen wastelands to fishing villages into an American metropolis and back again with rapid entertaining progress, brands Geo. Archainbaud, the director, as an artist in his line.

Three terrific fights are staged with telling effect. One of them involves many boats and scores of men. Another, between Joel McCrea and Ivan Linow, is one of the most spectacular exciting man-to-man encounters ever staged for a motion picture.

"The Silver Horde," distinguished with brilliant characterizations of an unusually able cast and carrying racing thrills throughout, is heartily recommended as ideal screen entertainment.

Our harbor is one of the finest and most beautiful harbors of the world.

While traveling around the Sydney harbor, our gaze first rests on the Botanical Gardens. Gorgeous flowers of all descriptions make this huge garden one of intense beauty.

Government House stands here, where Lady and Sir Philip Game, our Governor and his wife are living.

Next we see Neilson Park, which it is considered, has one of the finest swimming grounds which is guarded by a large shark-proof net.

On the opposite side is Clifton Gardens which also has fine and spacious bathing grounds.

To improve this wonderful scenery and enormous structure, our wonderful Harbor Bridge, which we are well able to be proud of (for it is the largest of its kind in the world) is in the course of construction across our harbor. We hope to have it completed in the early part of 1931.

It will be one-fourth mile long when finished and can be seen from almost any part of the city and also many suburbs.

While completing our tour of the harbor, one can see Watson's Bay, while not far away stands Vaclause House where W. Charles Wentworth, one of Australia's greatest patriots, lived.

It was he who founded our famous Sydney University, where many of our clever scholars are trained to become doctors, lawyers and many other great professions.

Our city, Sydney, which is the third largest in the world, contains nearly two million people.

We, like you, also have four seasons, spring, summer, autumn and winter.

At the present we are ready to begin our six weeks holiday. Yesterday we had a big breaking up party which we all enjoyed tremendously.

On November 4th we sat for a big examination and every girl in our class—C. A.—passed except three, owing to our patient and hard-working teacher, Miss Allen.

We are all therefore going to different schools for a secondary course. We must now close, wishing you a

O'NEILL HIGH SCHOOL NOTES

The Catholic Daughters of America sponsored a hard time dancing party for the students of both high schools, Wednesday, February 4th at eight o'clock in the K. C. club rooms; a light luncheon was served and everyone spent an enjoyable evening.

Watch for further announcements of the Senior play.

The Seniors are going to order their class rings soon.

First Grade

The First Grade is having a car race in reading. Each point scored is equal to one mile. The object is to see which car reaches the fifty-mile goal first.

Second Grade

The Second Grade is making very appropriate decorations for their room. They are going to have a Valentine box which they plan to open on Valentine Day.

Eighth Grade

The Eighth graders have written letters abroad. Florence Surber received this letter, which we think will be interesting to the readers of our Schol Notes.

Cleveland St. Girl's School, Sydney, Australia, 17th, December, '30

Dear Florence:

On behalf of our class, I am writing in answer to your interesting letter which we all thought very nice.

It came as a great surprise to us as we had never before received a letter from so far away.

Our school—Cleveland Street, is a very large and old school. It is situated on the corner of Cleveland and Chalmers Street. It is a very busy and noisy spot. You can picture us in school trying to learn our lessons while trams, busses and motor cars rush noisily backward and forward.

Looking from our schoolroom windows one can see our lovely "Prince Albert" Park with its Evergreen trees and the fresh green grass which looks very nice since we have
