METHODIST CHURCH NOTES

Benj. Kuhler, Pastor

There was a much better response to church services last Sunday than some other days. I believe most of those who attended would agree they enjoyed the day, too. What a wonderful impetus to the entire community if all would get the habit of the Psalmist who said, "I was glad when they said, let us go to the House of the Lord." The Lord's day is strongly imbedded in the laws of the land with arms of protection thrown about it. It is a corner stone in the foundation of American institutions. Science has agreed that our general health and welfare demands one day of rest in seven.

Well, next Sunday we honor Motherhood. This should be observed by the entire family attending services. We shall have songs about Mother's God, Savior, Bible, Church, Home and Heaven. And perhaps others.

Miss Grace Liddell will give a reading. The sermon theme will also be appropriate, centering around what Motherhood has contributed to our welfare and happiness. The children of the Sunday School will sing about Mother's church and Home.

The evening services of worship will be held in the Presbyterian church. Subject, "What Shall We Do Without Religion?"

We hope all will take notice of the Vacation Bible School to be held this summer. Children from the age of 4 years on up will be welcome to attend. It would greatly help those organizing if you would give the pastor the names and ages of your children who are to attend. We are expecting to have some good help.

NOTICE TO WATER USERS

On May 15th, at all places where the water rent is not paid, water will be shut off. No other notice will be given. The collector will call and if you don't want your water shut off pay the bill.

City Water Commissioner.

We don't sell Germ-Processed Oil on claims...we just show you the test results, figured out in fractions...

IT'S comfortable to know that the oil you are using will result in gasoline and oil economies. A prominent southwestern bus line (name on request) wanted to know. They put Germ-Processed Motor Oil to the test in a 25-passenger bus. Competent engineers checked every detail of operating cost and maintenance during 7,488 miles of regular passenger service, comparing the results with an equal test of the competing oil.

When the test ended it was found that Conoco Germ-Processed Motor Oil had reduced oil consumption by 13% and had lowered gasoline consumption by 14.3%.

Such economies are also possible in your car. And there are other advantages which soon become evident to the user of Conoco Germ-Processed Motor Oil, each proved by authoritative tests. Your own test-through-use will be most convincing. Have your crankcase filled today with Conoco Germ-Processed Motor Oil at the nearest sign of the Conoco Red Triangle. All grades 35¢ per quart.
