

RESTFUL SLEEP for FRETFUL, FEVERISH CHILD

- With Castoria's regulation

When your child tosses and cries out in his sleep, it means he is not comfortable. Very often the trouble is that poisonous waste matter is not being carried of as it should be. Bowels need help-mild, gentle help -but effective. Just the kind Castoria gives. Castoria is a pure vegetable preparation made specially for children's ailments. It contains no harsh, harmful drugs, no narcotics. Don't let your child's rest-and your own-be interrupted. A prompt dose of Castoria will urge stubborn little bowels to act. Then relaxed comfort and restful sleep! Genuine Castoria always has the name:

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night

will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstores sell,

"Jiggs" shared his master's fate when Williams was sentenced to serve six months on a charge of violating the federal auto theft law and became the pet of the county jail inmates. The rooster even had a special waiter, who was Carl Shelton, former mem-ber of the southern Illinois Shel-ton gang, until his crowing kept jail inmates awake all one night. For a while it appeared that at least three prisoners would have a rooster leg for Sunday dinner, but Williams came to "Jigg's" aid and obtained his release from jail. "Jigg" was then adopted by a restaurant employe who promised to feed him until Williams is re-

What Is It? By Congressman Edgar Howard in Columbus, Neb., Telegram.

Every day I receive written or verbal requests for information as to this new \$1,000.000,000 credit scheme which the big New York bankers talked President Hoover into launching.

The scheme originated with the big binkers in New York. The evidence upon which I make this statement is good in my eyes. It was given to me by one of the most reliable among the prominent newspaper among the profile the wspaper corespondents in Washington—one who for 10 years has held a place near to the top of Washington newspaper writers, both in ability and reliability. This keen newspaper writer tells me that the socalled "Hoover tells me that the socalled tells me that the socalled "Hoover tells me that the socalled "H Credit" scheme was originated by Andrew Mellon. The scheme was "suggested" to President Hoover by Ogden Mills, one of Mussolini Mellon's best bird dogs, and also a millionaire many times. Hoover quickly swallowed the Mellon hook and announced to the world his panacea for the country's financial ills. That's the story, and the true story, of how come this "Hoover Credit" scheme.

Just why so many should be ask-ing me to explain the bowels of this new credit scheme I cannot understand. How may a cornfield congressman be expected to understand such a gigantic scheme on part of Mussolini Mellon and his big bank-

ing black shirts?
In the literature of the law again and again appears the clear inference that greed is responsible for more crimes than all other human states of mentality.

Greed was responsible for the launching of this new Hoover cred-The Waterway Shows its Worth.

Arrivals and departures are relatively infrequent and the difficulties of organization which confront any new project are still

Congregation Organized 60 Years Ago

STORM LAKE BAPTIST CHURCH

Storm Lake, Ia.— (Special) —The First Baptist church was the third protestant church to be organized in Storm Lake. The congregation was organized in March, 1871. Rev. Nathan Parks who at that time was living with his son a Dr. Parks who was practising medicine in Storm Lake at that time was the real or-iginator of the church. The first services were held by Rev. Mr. Parks in the town hall and also in a rural school house near the city.

In 1872 the congregation built its first church on the lot that had been donated by the Illinois Central railway which had just then entered Storm Lake.

In 1880 the first Sunday school was formed under the leadership of Dr. D. D. Proper, a state official of the denomination. The congregation was taken into the Western Iowa Baptist association in the first year of its life in 1872.

Since 1909 Rev. J. W. Place, Rev. J. W. Stone, Rev. John Erb, Rev. O. R. Farel, Rev. J. A. Hurley and the present pastor, Rev. W. J. Robinson have been in charge. Rev. Farel died while in the ministery

it scheme—the greed of the big blackshirt bankers in New York. They have millions—vast millions, of "frozen assets." Under this new Hoover credit scheme the big bankers will originally furnish the money to build up a \$1,000,000,000 Dela-ware corporation which will lift those "frozen" assets out of the big New York banks. The Delaware corporation will issue bonds, based upon the security of the "frozen assets" in the big banks. The banks will get good money for "frozen" assets. The Delaware corporation and the big bankers will put the bonds on the market and sell them to the American bond-buying suckers, and al-ways the crop is abundant in the American waters. Finally, when all the "frozen" assets in the big banks shall have been converted into kindly cash through operations of the Hoover credit scheme, and all of the bonds of the Delaware corporation shall have been unloaded onto the bond-buying suckers, then will come to pass a "bond depression" akin to the criminal depression of the price of liberty bonds following the World war. And the shame of the scheme appears in the fact that already the signs indicate that it will be the policy of the operators of the Hoov-er credit scheme to "encourage" the smaller banks throughout the country to invest good maney in the bonds of the Delaware corpora-

The net result of the new Hoover credit scheme will be to give the big black shirt bankers actual cash present. With these considerations in mind, the prospects of the waterway, on the basis of Peoria's showing, must be regarded as excellent. When it is completed to Chicago, the concentration point for

nation's freight, the waterway will

not lack for cargoes. The report of waterbway business at Peoria should serve as an incentive to a speedy completion of the work. The n w and cheaper means of transport will open new markets to manufacturers and farmers throughtout the central states. Barges, towboats, docks, warehouses, and new factories will have to be built. > This explanation of the new Hoover credit scheme may not be written in lawyers' language nor in black shirt banking phraseology, but still I am ready to let it stand as my own best estimate of a monstrous fraud about to be handed to the American people in the false garb of a boon and a bless.

Baby Movie Star Halts Picture for Daily Nap

New York-(UP)-Babies haven't changed much in the last few centuries. They still must have their traditional afternoon naps and little Richard Spiro, 9 months old and a full fledged screen player, is no exception.

Richard, who makes his cinema debut with Claudette Colbert and Gary Cooper, hasn't the least regard for the huge expenditure of money required to produce a talking picture.

While engaged in portraying one of the most prominent parts in the picture, "Dicky" knocked off for an hour every afternoon for his daily

tions will be required at many points. All of this, construction will mean employment for thousands of men and additional profit for others These more or less indirect benefits of the waterway would be welcome at any time, but at present, when the nation is suffering from unemployment and stagnation in its basis industries, the significance of the waterway as a business stimulator is greater than ever.
