

## Mothers' Day Sunday, May 8

To set one day apart as Mothers' Day is to emphasize and express our year-round feeling that Mother is the breath of divinity in human life, and will forever be enshrined in our hearts.

### BRIEFLY STATED

Ed Welton was up from Josie Tuesday.

Miss Anit Liddy finished a successful term of school in District 124 last Friday.

Mrs. A. V. Virgin went to Norfolk Wednesday to attend the funeral of her uncle.

Mrs. J. A. Donohoe has been enjoying a visit from her nephew, Dale Coulter of Chicago.

Clarence Zimmerman was called to Spencer Tuesday on account of the severe illness of his mother.

Mrs. Tom Donlin returned Saturday from a two weeks visit with her daughter, Mrs. I. T. Murray of Lynch.

John Harrington returned to O'Neill Wednesday evening of last week. He has been working at Colome, S. D. He goes from here to Irvington, Neb.

Mr. and Mrs. F. K. Flowers are the parents of a son born Tuesday. Mr. Flowers is employed as a printer in Valentine but is well known in O'Neill.

Charles Manson went to Omaha Tuesday and brought back yesterday a V-8 for the Mellor Motor Co., which will be used to demonstrate and prospective purchasers are asked to "come and try it out."

Will Maupin, one of Nebraska's best known printers and newspaper men was in the city Monday. Mr. Maupin is representing an Omaha paper and was making a trip across north Nebraska, going from here to Chadron.

Wilton Wyant's last episode in O'Neill has attained extensive publicity that has not yet died out. Oz Black, cartoonist at Lincoln, takes up the subject in a vivid cartoon in last Sunday's Journal. It was something new in youthful exploits to start away with a railroad train.

Jacob D. Matuski and Hazel Martensen, both of Council Bluffs, Iowa, were united in marriage May 1 by Judge Malone. On Tuesday Royvan Day of Newboro, Neb., and Grace Thoendel of Martha secured a license and were married at the county court.

Mrs. Bernard Mathews entertained twelve guests at a 7 o'clock dinner at her home last Thursday evening. The dinner was in honor of Mr. Mathew's birthday. After dinner the men enjoyed a little harmony, with Dean Streeter at the piano. The remainder of the evening was spent playing pinocle.

Alberta Van Every entertained a number of her friends at a taffy-pull at her home last Thursday evening. Among those present were: Howard Furry, Martin Van Every, Ned Porter, Edward Kirkpatrick, Dona Fay Loshner, Valcena Coats, Ralph Porter and Lurlean Kirkpatrick. Outdoor and indoor games were played until a late hour.

Rex, the eight-year-old son of Mr. and Mrs. Howard Oberle of Opportunity, who was run over by an automobile two weeks ago, is reported by his grandfather, Frank Oberle of this city, as being some better. One wheel passed over his abdomen and left him helpless for a time. He was taken to a hospital at Spencer but was later brought back home. Dr. Lubker was called out from O'Neill Friday last.

D. H. Cronin arrived in the city Tuesday evening from Omaha and a van load of household effects arriving some hours later. The furniture was moved into Mr. Cronin's residence on east Douglas street Wednesday. The family is still in Omaha and will remain there until after school closes. It has been some eleven years since they moved from O'Neill. Their many friends in this county are glad to welcome them back here.

D. S. Conrad, associated with his son-in-law, E. A. Lowery, are putting in a gas and service station just south of the Northwestern railroad on Fourth street. They expect also to develop a tourist camp by erecting cabins on the grounds. A well was put down the first of the week and the necessary fill made connecting the grounds with the highway. They expect to be in operation within three weeks.

The county board did not allow the general fund claims at their April meeting, the 85 per cent of the levy having been reached in warrants issued. No claims will be allowed or warrants issued until the levy is made in August. This condition has prevailed many times in years passed and at one time was the rule. In the event outstanding warrants are taken up to any extent additional claims may be taken care of before the new levy is made.

### Be PRACTICAL About It!

Observe Mother's Day in a truly thoughtful manner, with a gift that Mother can use and enjoy every day. Give her an electrical appliance.

**SNELL ELECTRIC SHOP**

Editor D. W. Reed of the Cherry County News, of Valentine, was in the city Tuesday on his way home from Norfolk. He was accompanied by Truman Tyler, who operates a hospital in Valentine. Mr. Tyler has a daughter in school here and they tarried in town long enough for Mr. Tyler to have a brief visit with his daughter following the afternoon dismissal. Mr. Reed spent a cordial half hour with The Frontier.

The good old American sole leather is not adequate to the fastidious tastes of some—they must have an imported half sole. Shoemakers in O'Neill are able to give the customers anything they want in leather. At the Ennis shop the other day we saw a large square of sole leather imported from Germany. The label conveyed the information that the leather was made from the hide of "a south Germany native steer." The leather is rather of a finer grain than the domestic and will not absorb water.

### INTERESTING SPECIMEN

Henry Tomlinson, the astute moonshine liquor sleuth, has an eye also for the scientific. At this sanctum the other day he exhibited a petrified, fossilized, or mummified tusk of a mastodon, long extinct elephant or other creature that was found over in east Holt county in a ravine adjacent to North Branch. The specimen is in a state of disintegration and fragmentary but enough is together that the approximate size is determined at over three feet. The formation shows the strange arrangement of a series of horns or tusks, one lapping the other, as ice cream cones are stacked one over the other.

Mr. Tomlinson suggests that a museum be established in O'Neill. He calls attention to the wealth of material available in Holt county for such an institution. At various localities in the county Indian relics and other things of historical interest have been found that would make up a splendid exhibit. The organization of a society to develop such a display and look after the same would be necessary, and a room for the purpose provided. It is an undertaking that might be taken over by some of the ladies organizations.

### COUNCIL ORGANIZES

The only changes in the organization of the city government at Tuesday's meeting was the withdrawal of Councilman L. G. Gillespie from committees on which he had served the past year. There were the committees on claims, pump house and public property. The committees as approved are as follows:

Streets and alley—Phalin, Harty, Coyne.  
Lights—Brennan, Harty, Johnson.  
Water—Johnson, Phalin, Brennan.  
Sewer—Johnson and Coyne.  
Walks and Crossings—Harty, Phalin.

Parks—Johnson, Harty.  
Auditing—Harty, Coyne, Phalin.  
Public property—Brennan.  
Taxes—City attorney.

No change was made in the appointments. There are:  
Attorney—W. J. Hammond.  
Police—Scott Hough.  
Water Commissioner and pump house engineer—Jos. Filsinger.  
City physician—Dr. W. F. Finley.  
Street commissioner—Frank Phalin.  
The clerk was instructed to obtain bids on the bonds voted for fire equipment.

### (First publication April 21) NOTICE OF ADMINISTRATOR'S SALE

### METHODIST CHURCH NOTES

Benj. Kuhler, Pastor.

Last Sunday was above the previous high record for the new year. We are glad to see this increasing interest. Sunday School at 10:00 A. M.

Mother's Day next Sunday. Let us include the whole family in church attendance. Theme, "The Bulwark of our Nation."

Evening services begin at 7:00 with League, followed by preaching at 8:00. Prayer and Bible study service Thursday at 8:00.

Our General Conference in session at Atlantic City, N. J. is calling the church back to its work of redemption and to the doctrines that made her a saving force and a power for righteousness. But thanks be to God, some of us never drifted from those moorings, tho the price had to be paid for refusing to offer false fire upon false altars. The old Ship of Zion is righting herself up again.
