(First publication Oct. 24, 1935.)
NOTICE OF HEARING OF PROBATE OF FOREIGN WILL.

In the County Court of Holt County, Nebraska.

State of Nebraska, ss.

Holt County
In the Matter of the Estate of Samuel D. Nicholson, Deceased.

On this 24th day of October, A. D. 1935, H. W. Tomlinson filed his petition in this Court, and presented an authenticated copy of the last Will and Testament of Samuel D. Nicholson, deceased, late of Leadville, Lake County, Colorado, who died seized of the following described real estate in Holt county, Nebraska, to-wit:

The Northeast Quarter (NE 1/4) of Section Fifteen (15), Township Twenty-eight (28), North, Range Twelve (12), West of the 6th P. M.

That petitioner is interested in perfecting the title to said real estate and the sale or disposition thereof; the prayer of said petitioner being that a day be fixed by this Court for the purpose of approving and allowing said last Will and Testament and causing the same to be filed and recorded in this office. It is therefore hereby ordered, that November 14, 1935, at 10 o'clock A. M., be fixed for hearing said petition, when all persons interested in said matter may appear and show cause why the prayer of said petitioner, should not be granted; and that notice of the pendency of said petition and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in The Frontier, a weekly newspaper printed in said county, for three weeks prior to said day of hearing.

C. J. MALONE,
County Judge.
(County Court Seal) 23-3

THE NEBRASKA SCENE

(Continued from page 3.)
election, the money to come from the gasoline tax.

Empowering cities and villages to secure real estate sites for state armories and to convey such real estate to the state of Nebraska, as a work-relief proposition; empowering cities and villages to avail themselves directly or thru state or federal aid money for the construction of railroad under and overpasses; legislation with reference to the use of ethyl alcohol blends in motor vehicle fuels.

Upwards of \$16,000 remains in the state treasury from the total appropriation of \$230,500 which the Nebraska legislature appropriated last winter to pay its own bills, and this money will be used, so far as it will go, toward the cost of the special session. However, it will require additional appropriation of about \$20,000 to pay all the expenses of the present term.

The special session has one distinction—that of having more female members than any term for the past decade. There were already two women members of the house, and a third member is present in the person of Mrs. Effie Byers of Hastings. She fills the place vacated by the resignation of McDonald, of Hastings, who took a job with the WPA.

Burdette G. Lewis, field representative of the American Public Welfare association, declares that old-age assistance in Nebraska will not cost nearly as much as the figures put out by the Lowell Service last week would indicate.

New Jersey, he says, having a population in 1930 of 4,041,334, which is approximately three times Nebraska's 1,337,963, for the years ended June 30, 1933 and 1934, respectively, paid out in old age assistance a total of \$1,195,607 and \$1,545,453. The total administrative expenses for 1933 and 1934 were nine-tenths of one per cent and eight-tenths of 1 per cent, respectively, of these total costs. For the two year period, the average grant has not varied from \$15 by more than 10 cents either way.

Since New Jersey is more of an industrial state and has more large cities than Nebraska, Mr. Lewis says it stands to reason that the tendency of cost figures will be lower than they have been in New Jersey. An effective public welfare department in the eastern state is given credit for the efficient and economical administration of social security there.

Senator Norris and Charles McCloud copped off the political spotlight during the past week, the former announcing that he positively would not run for governor next year. There is a possibility however, that Norris, for 32 years congressman from Nebraska under the republican banner, may seek re-election on the independent ticket.

McCloud, long a republican national committeeman from Nebraska, says he is thru with politics. Robert Simmons or Former Governor McKelvie will have his support for the office next year.

Despite the fact there were 7,043 deaths in Nebraska during the first half of 1935, there were no fatalities as the result of airplane crashes, or from street cars colliding with automobiles.

Because the state board of control declined to cut the price of electrical energy furnished from the penitentiary plant to the capital to less than 2 cents per kilowatt, Land Commissioner Swanson has switched over to the university

plant and will save about \$7,500 a year for his office.

PEOPLE AND THINGS

Mrs. Stephen Gilbert, of Falls City, and Mrs. B. F. Carter, of Lincoln, arrived in the city Tuesday evening for a few days visit with old friends here. While in the city they are guests at the home of Judge and Mrs. R. R. Dickson.

The members of the Sunday School class of the Methodist church, to the number of 50, 25 boys and 25 girls, enjoyed a Halloween party in the basement of the church last Tuesday evening and an enjoyable time is reported.

C. E. Rundquist, of Royal, one of the owners of the old McCaffrey ranch southwest of this city, was a pleasant caller at this office last Thursday evening and ordered The Frontier sent to his address so that he could keep posted on Holt county affairs.

The O'Neill High school second foot ball team went down to Bartlett last Tuesday evening and engaged the first team of that school in a contest on the football field under the flood lights. At the end of the game the score stood, O'Neill 28, Bartlett 7.

Henry Beckman, of the A. and B Drug store, last Monday purchased the interest of his partner in the O'Neill store and the store will hereafter be known as Beckman's. Henry is a hustler and during the year he has been in business in this city has enjoyed a splendid business and now that he is the sole owner of the local store he is planning on further improvements toward making this the largest drug store in northeastern Nebraska.

Mrs. W. B. Graves and Mrs. G. A. Miles went down to Norfolk last Saturday to attend a district meeting of the Woodmen Circle. In the election of officers for the district Saturday evening Mrs. Graves was elected advisor, one of the district officers. The Junior Drill team from this city was also in attendance. The team is composed of eighteen young ladies and they put on their work for the edification of the assembled delegates and made a decided hit.

OUTSTANDING VALUE!

We don't like to blow our own horn—but, you can save the price of both a Washing Machine and Electric Ironer on a Coronado 12-Tube Radio. Nationally Advertised 12-Tube Radio, \$175.00. Coronado 12-Tube, \$89.95, Ironer, \$39.50, Model D Washer, \$49.50—Total of all three, only \$178.95. Gambles Store.—Adv.

TO THE ORIENT WITH CONGRESS

(Continued from page 1.)
Delayed letters are opened, many

of them come from souvenir hunters. Somebody in Fremont wants us to collect matches in every town and country we visit. Two stamp collectors want stamps. They tell you can buy stamp collections cheaper in Japan than anywhere else. A lot of letters ask for the inaugural stamps from the Philippines. They want the envelopes and stamps sent direct on the day the new commonwealth of the Philippines is inaugurated. That date is set for Nov. 15.

Seattle and Puget sound country is having good business. There are some vacant buildings but very few vacant houses. Last year the business there was at a standstill because of the lumberman's strike. The strike is now over and the mills are running overtime. The gold shipments from Alaska are helping business. Business in Alaska is good due to the big gold price.

Secretary of War Dern has preceded the party and will join the party in Manila. General Douglas MacArthur who has been loaned to the Phillipine government to train their new army has also gone on ahead. Roy Howard of the Scripps-Howard newspaper syndicate is reported to have also preceded the party and may meet them in Japan.

Your Congressman will be sort

of a Rip-Van-Winkle when he arrives in the Philippines. It was about 30 years ago when he first landed in those Islands. The Islands have been expensive to American taxpayers. Japan can sit on the lower tip of Formosa and see our Islands. Maybe she wants them—maybe she don't. But does America want to keep them?

Many Americans who have business in the Islands say America should keep them. Officers of the Army and Navy who have had a lot of fun there say the Filipinos can never rule themselves and that eventually they will lose the Islands if we give them back to the Natives. Serious minded Filipinos say that 300 years of Spanish rule has taught them modern business methods and the real meaning of freedom. They can sing the Star Spangled Banner in three languages—but they always follow up with their own national Anthem in their Tagalog language. Their flag of three stars representing their three big islands—the rising sun and with red white and blue colors will fly under our own flag.

There's a new organization being formed in Seattle and other Pacific towns. It is called "The Cincinnatus organization." The one in Seattle has been going strong for over a year and has elected sev-

eral members to the city council. Talking to one of the members of this club, he explained it this way: "The Cincinnatus is a non-political organization so far as party is concerned. We have Democrats and Republicans in our club. It is an organization for the purpose of putting hard working, honest men into public offices. Whenever we back a candidate for any public office, he or she must give us a sworn affidavit of all his earthly goods. We must know just how much money he or she has when they enter office. They must also give us a sworn statement of just how much money they have when they leave the public office to which they have been elected."

This member of the Cincinnatus of Seattle says that eventually the organization will spread to all

parts of the United States and when it does most of the city governments will be working for the taxpayers and eventually most of the towns and cities will be on a self supporting basis and taxpayers will be happier.
KARL STEFAN.
