**Minutes of Meetings of the County Board**

O'Neill, Nebraska, February 6, 1937, 9:00 A. M.

Holt County Board of Supervisors met as per adjournment. All members present. Meeting called to order by Chairman. Minutes of previous meeting were read and on motion were approved as read.

**RESOLUTION**

WHEREAS, there has been a bill introduced in this state seeking to return to the state the duty of caring for insane persons and relieving the several counties from financial responsibility, therefore, and

WHEREAS, the financial condition of this county is such that it is impossible for it to pay for such care and it is impossible with our valuation with the maximum levy to raise a sum sufficient to meet the ordinary operating expense of the county plus relief to say nothing of an additional sum for care of insane persons.

NOW THEREFORE, I move you that we go on record as strongly favoring the return to the state of the duty of caring for insane persons and bearing the cost thereof and that we urge our legislative representative to actively work for such a measure.

Motion by Sullivan, seconded by Gibson that the above resolution be adopted.

Carried.

Holt County Board of Supervisors met as per adjournment. All members present. Meeting called to order by Chairman.

The following letter directed to Mr. C. H. Beale, District Engineer of WPA was read at this meeting: We, the Supervisors of Holt county, hereby protest the removal of Lloyd Twibell as Assistant Engineer of WPA in the above county for said reasons.

The WPA projects in this county are operating on an efficient basis, constructive and all above Supervisors are very well satisfied with the construction and type of projects.

The clients are very well satisfied as are the relief agencies affected through the WPA organization.

Mr. Twibell has projects planned for the completion of this program and we the undersigned have made our plans as sponsors to cooperate in every way with the WPA organization. Mr. Twibell has had plans worked up on all county road jobs in this county. We hired an engineer at his request to do this and would like to have him continue supervision over these projects until completed.

We hold nothing against the relief man sent in here but do feel that he is not as well qualified as Mr. Twibell is for the work in Holt county.

We met with Mr. Buchanan from the district office and entered a protest to him but he was unable to give us any assurance that Mr. Twibell would be retained so we ask that you will reconsider and leave Mr. Twibell with us in Holt county.

W. J. Biglin conferred with the Board relative to the purchase of additional Linoleum for the New Court House.

Motion by Carson, seconded by

Sullivan, that D. F. Biglin be authorized to order additional Linoleum for covering the floors of County Judge's, Register of Deeds', and also Supervisors' offices at the same price as quoted in the original contract.

Motion by Reimer, seconded by Matousek that original motion be amended to designate the County Judge's and Register of Deeds' offices only.

The vote on this amendment was declared a tie by the Chairman. The Chairman thereupon voted against the amendment and the amendment was declared lost.

The Board then voted on the original motion and the Aye and Naye vote being called for resulted as follows:

Aye: Matousek  
 Carson

**THE NEBRASKA SCENE**

(Continued from page 1.)

Drouth is blamed for a peculiar condition that has arisen in regard to single circuit grounded telephone service in western Nebraska, according to facts recently brought out at a hearing before the state railway commission at Imperial.

The telephone company at Imperial had applied for permission to install a metallic two-wire system at an increased rate of about 50 cents per telephone. In the single circuit grounded system a metal take is driven into the ground at each telephone, and only one wire is needed, as the moist ground completes the circuit. However, at Imperial, and in other parts of western Nebraska, drouth has made the ground so dry that the circuit is not completed, energy is confused, and a listener is enabled to hear many conversations not intended for him.

Election of officers of the Nebraska Co-operative Creameries, at their annual convention held last week in Lincoln, resulted in the re-election of Carl S. Horn of Hay Springs as president, and of D. C. Spangler of Stanton as secretary. A. H. Marquardt was elected vice president, and the following as directors: W. H. Tessier of Broken Bow; and Fred W. Coe of Ord.

A Constitutional amendment that will permit a man to plead guilty to charges of violation of federal criminal code without waiting for a grand jury indictment is being advocated by Fred G. Hawxby, assistant United States district attorney, and other members of the Omaha and Lincoln divisions. The fifth amendment of the Constitution has barred any plea of guilty from an accused person. Senator Norris has sent word that a bill just introduced by Senator Ashurst, and prepared by the depart-

ment of justice, will, he thinks, remedy the situation, making changes which the Senator has long thought advisable.

Attorney General Richard Hunter, for information as to proper procedure from W. R. Metz, city attorney of Alliance, has issued the following opinion: "If no candidates have filed in the primary for the city council, the election board must print ballots, leaving them blank, and hold its primary election so that the voters may write in the names of those they wish as candidates in the regular election."

Criminal prosecution is to be brought in about twelve cases in Nebraska in which dealers have failed to turn in the state tax on gasoline, according to information given out by the state department of agriculture. In one case, that of Fred Nofsager of Humboldt, civil and criminal actions have already been filed by the state, in which demands are made for \$11,228 for alleged non-payment of gasoline taxes. The state claims that Nofsager was importing from 40,000 to 60,000 gallons of gasoline per month, and failed to pay full taxes from June, 1935, to March, 1936.

**BYE-BYE TO OIL WORRIES**

**CHANGE TO OIL-PLATING**

All the other "serious stuff" is out, if you take just one thing seriously about your engine oil . . . In selecting it—for a '37 model or anything else—be guided by things you really know for yourself.

You know that a plating on metal cannot come off like any mere liquid. Thus Oil-Plating, formed in your engine by Conoco Germ Processed oil, cannot come off the working parts like any mere film of oil. Though the patented Germ Process puts abnormal strength into the so-called movable oil film, it goes much farther and gives you exclusive Oil-Plating.

With this firmly fastened layer of lubricant always maintained on cylinders, bearings and other parts, it stands to reason that friction never finds them naked. They remain all covered constantly with slippery Oil-Plating, as though they were built with it on. It's on, every time you start the engine, because Oil-Plating can't run down "between times." And it's on throughout your hardest run, because Oil-Plating isn't liable to the usual "squeeze-out, scrape-off and burn-up." None of those worries any more, as you change to Conoco Germ Processed oil—and Oil-Plating economies. Continental Oil Co.
