Organized Agriculture Meeting In December

Holt county farm people will be Atkinson Sale Market interested in knowing that the annual organized agriculture meetings at the Nebraska college of agriculture will be held earlier than usual this year. The dates are December 6 to 10.

W. H. Brokaw, director of the agricultural college extension service, notified agricultural agent F. M. Reece of the change of date this week and asked him to notify all local people. Usually several Holt county people attend. Orig inally the winter meetings at the college were held the first week in January but the change is being esteem of the neighbors, are plan- and the only member of the young- ditions, the near future should made this year for the first time in an effort to avoid unfavorable weather encountered during the past few years.

Tenative plans for the meetings are now being prepared. Details will soon be available at the farm bureau office in O'Neill.

Visit In Eastern States

Mrs. Wallace Johnson and Mr. and Mrs. Floyd Johnson and daughter, Lindy Ann, living northwest of this city, returned last Monday evening from a two months visit with relatives in the east and sightseeing trips through several of the eastern states as well as a visit with relatives in Michigan and Illinois. They left here two months ago accompanied by Otho Johnson and went to Lawrence, Mass., where they visited a brother of Mrs. Wallace Johnson, Robert Gordon, and took several sightseeing trips while visiting there. Otho Johnson remained there and will attend business college for the coming year and will make his home with his uncle. On the way home they stopped at Lowell, Michigan, and spent several days with Mr. Johnson's relatives. Then on to Illinois where they visited at Swan Creek with relatives of Mrs. Floyd Johnson. They made the trip east by train but came back via automobile Mr. Johnson's uncle, Robert Gordon, making Floyd a present of a fine Chevrolet sedan. They all had an enjoyable trip and saw a A Swallowed Sandbur great deal of the eastern and cen-Betty Jean Sorenson, 11, daugh- tral part of the United Sttes while
