The Weather

Nebraska has witnessed some real winter weather the past week and Holt county was no exception to the rest of the state, as we have four days the past week when the thermometer went down below zero.

Wednesday night we had the heaviest snow fall of the winter, measuring six inches at 6 o'clock this morning and as it kept snowing until about 10:30 the fall amounted to between eight and nine inches.

The snow was light and if a heavy wind should come up it would make all highways impassable. But this afternoon the sun is shining in-

permittedly and it looks as if it might be a nice day tomorrow. Following is the chart for the week.

There were 1,341 applications for admission to Father Flanagan's Boys' Home at Boys Town in 1938, according to the Home's annual report which was just released. A total of 335 boys were cared for at the famous Boys Town Home during 1938. They came from thirty-one states and Canada and represented 24 nationalities.

Homeless boys led the list of boys admitted to the Home. Lack of facilities forced the authorities at the home to deny admittance of 1,207 of the 1938 applicants. Practically all of the boys cared for by the Home last year were total charity cases.
