

University Cadets Engage in Mimic War Games

Preparations for miniature war games by cadets of the Reserve Officers' Training corps at the University of California at Los Angeles were held recently with modern anti-aircraft equipment moved in on the Westwood, Calif., campus. Cadets enrolled in the coast artillery unit of the student corps were instructed in actual operation. The equipment included a three-inch anti-aircraft gun, director, height finder, searchlight, sound locator and machine gun. Maneuvers are part of a practical training corps.

TEMPORARILY TAME

Justice Pierce Butler Satisfies Curiosity

First quadruplets to be born in the San Diego zoo, these young dingos (Australian wild dogs) will soon become as vicious as their parents who were imported from Australia two years ago.

Associate Justice Pierce Butler of the United States Supreme court reversed the usual proceedings recently and looked through the operating end of a newsreel camera. He satisfied his curiosity after posing for cameramen, feeling, evidently, that turn about is fair play.

Is Hitler Planning Ukrainian Conquest?

Map shows huge eastern European area inhabited by Ukrainians, whom Germany's Reichsfuehrer Hitler would group into one nation under domination of the Third Reich. Recent Nazi conquests in the former republic of Czechoslovakia and his trade overtures to Rumania lead international observers to believe the Fuehrer is paving the way for his "drive to the east" in which a new state would be carved, principally from Russian territory.

Centenarian Receives Centennial Ticket

Dr. Newell Patterson of East St. Louis, Ill., who, like baseball, is celebrating his 100th year, received the first of the souvenir St. Louis Cardinal opening day tickets commemorating the national game's centennial. A Civil War veteran, he said only bad weather would keep him away from the Cardinal-Chicago Cub opener in April.

PIGEON EXPRESS

Margaret Gillen, 10 years old, a patient in St. Clare's hospital, New York, where she is recovering from two operations, holds a pigeon which flew from Elizabeth, N. J., recently, bringing her a canary, the gift of J. N. (Ding) Darling, cartoonist and outdoor enthusiast. The canary is in the small aluminum pullman on the pigeon's back. The pigeon flew 20 miles against a strong wind in 40 minutes without mishap.

IN THE WINK OF AN EYE

The natural or reflex wink of an eye lasts from $\frac{3}{8}$ to $\frac{1}{4}$ of a second, according to measurements taken by eye-movement photography under the supervision of Dr. J. F. Neumueller, Southbridge, Mass. The sly wink lasts from $\frac{3}{8}$ to $\frac{1}{4}$ second.

Two-Ton Tony to Tread the Boards

Two-Ton Tony Galento, Orange, N. J., heavyweight contender, recently embarked on a theatrical career. Signing his contract in a New York theater, Tony got right into the spirit of the thing by serenading Linda Yale, a model. The serenade was brought to a close by Mrs. Galento, left, who decided to put a stop to the nonsense.

World Aggressors Headache to Map Makers

With a new Europe, a new Asia and the possibility of a new Africa in the making, map-makers of America as well as the rest of the world are finding it a gigantic task to keep abreast with the constantly changing political frontiers. One man—Adolf Hitler—has caused the cartographers untold headaches. They spend months correcting all their charts, changing names, revising colors and ordering new prints. Then in three or four days the maps are worthless except for reference works. Boundaries have again been changed. Globe maps, pictured at the left, are more difficult to correct than flat maps, and present problems altogether different.

But West Point Was Never Like This

Lawrence Breckedorff, one of 20 West Point cadets who recently spent a week-end as guests of the National Park college at Forest Glen, Md., gets the very best of service from Niki Manos, Jean Fox, Betty Bevan and Hilda Cato, left to right, students at the girls' school. The future generals reported a very entertaining trip.

SAFETY PRECAUTIONS

The British government's new gas mask for children under two years of age as it was demonstrated recently in London. The mask has a bellows attached to furnish the baby with air.

'Stork Special' Wins Close Race to Hospital

When Postmaster William M. Jones of Villa Grove, Ill., found roads closed by floods, he appealed to the Chicago & Eastern Illinois railway to run his wife expecting the stork momentarily, to Tuscola where the nearest hospital was located. Having no other equipment handy the division superintendent hooked up this caboose, tender and locomotive and rushed the stricken mother to Tuscola. The baby, a boy, arrived two hours later, attended by Dr. R. W. Taylor, railway physician. Postmaster Jones waves "all's well and thanks" to Engineer William Mercer who piloted the "stork special."

CLASSIFIED DEPARTMENT

PLANTS

SENATOR DUNLAP 100-50c, 250-\$1. Postpaid, young plants, safe del. guaranteed. Eckley Nursery, Tekamah, Nebr.

OPPORTUNITY

AUTO COURT on 7 lots fronting 3 streets. 15 mod. units, home, Steam heat, 13 separate income garages. Other business. \$30,000. Inf. photos, L. S. SMITH, Marshfield, Oregon.

RANCH

FRUIT AND CHICKEN RANCH, On US 99, 20 acres. Plenty water, 6 room modern home. Many outbuildings. Good living for large family. \$13,500. Test this place. Photos. Write T. A. CRAWFORD 707 Main St. Red Bluff, California.

Bit of Embroidery By Mary Ann, Nine

By RUTH WYETH SPEARS

MARY ANN was named for her grandmother, who at the age of nine, made an elaborate sampler of embroidery stitches. Everyone thought it would be nice if the modern Mary Ann could also do a bit of hand work to be framed and kept. We here report, thanks to a series of rainy afternoons, this was actually accomplished.

Mary Ann's mother started the project with a rather large piece of blue gingham; a pair of embroidery hoops and some odds and

ends of bright six strand mercerized embroidery thread. Outlines for flower designs were made by drawing around coins and the flowers were embroidered as shown here. Stems were done in outline stitch and leaves in groups of straight stitches.

From the many attempts on that piece of gingham, two flower groups had almost as much life and charm as the modern Mary Ann, age nine. These were neatly framed and lend a gay note at each side of an old mirror.

NOTE: Book 1, Gifts, Novelties and Embroidery, gives full instructions for ninety embroidery stitches with many sketches showing ways to use them. You and your children may have happy hours with this fascinating hand work. Book 1, SEWING, for the Home Decorator, contains 48 complete lessons for making slipcovers, draperies, bedspreads and many other things for the house. Books are 25 cents each. If you order both books, crazypatch leaflet, reviving interest in this old-time hand craft, is included FREE. Address, Mrs. Spears, 210 S. Desplains St., Chicago, Ill.

Wisdom in Retreat

To retire is not to flee, and there is no wisdom in waiting when danger outweighs hope, and it is the part of wise men to preserve themselves today for tomorrow, and not risk all in one day.—Cervantes.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor.

DOAN'S PILLS
