

Kansas City Tots Scorn Modern Swing Music

Swing music is definitely out as far as members of the Kansas City Toy Symphony orchestra are concerned. Appearing recently at the Golden Gate International exposition in San Francisco, the orchestra was led by young Lloyd Frederick, playing marimba, xylophone and orchestra bells in a series of difficult numbers. The tots, from 3 1/2 to 9 years of age, are members of a Kansas City musical school.

Zoo Baby Demands De Luxe Service

This 18-month-old baby elephant arrived recently at the Philadelphia, Pa., zoo to take up temporary quarters with two antelopes. When the zoo's newest tenant proves to her keepers that she is accustomed to and friendly with humans, she will be transferred to the baby zoo. The little elephant, three-feet, nine-inches tall, was caught in Rangoon, Burma, and is the gift of Frank B. Foster, a zoo director. Keeper Pat Cronin is shown feeding the youngster on its arrival at the zoo.

Pedal Plane Speedy—At Least on Ground

Resembling a winged baby buggy, this peculiar looking contraption is the invention of Paul Fouilleul (right) of Paris. The propeller is powered by pedals. M. Fouilleul has not as yet attempted to take off, but has high hopes that the plane will fly. Ground tests have shown a possible speed of 35 kilometers per hour.

'Casey Jones Was the Rounder's Name'

Mrs. John Luther Jones, widow of the famed Casey Jones, hero of song and story, who was killed in a historic train wreck on April 30, 1900, shakes hands with Engineer Herbert Nicholson, who is in the cab of the "William Mason" of 1870. Many of the trains that were operating when Casey Jones died "with his hand on the throttle" are on exhibition at the New York World's fair. The song of Casey's death has become one of America's best known ballads, originating with the noted engineer's Negro helper.

No Fascist Salute for Prince Umberto

Even though his Belgian wife, Princess Marie Jose, snaps out the stiff-armed Fascist salute during ceremonies in Nuoro, Italy, Crown Prince Umberto—who has had several tiffs with the Black Shirts—seems to prefer the pre-Fascist military salute. The ceremonies were held in honor of cadets who fell in the recent Spanish civil war.

Pulse Played an Important Role for Galileo

You carry a fair-to-middling time-keeper, right on your wrist. It is an individual time-piece and before you can use it, you have to test it against a good watch which indicates seconds. The average pulse beats about 36 times to the half minute, while the person is still. Try out your own and see what your figure

is. The pulse is a useful timer—it was used quite extensively before watches came out. Galileo used it in his discovery of the principle of the pendulum—one of the first and basic discoveries in science. But with the advent of watches with second hands, this method went out. Today, few people ever look at sec-

ond hand on their watches from year's end to year's end.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use **Doan's Pills**. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
