The weighty conference between Sophie Tucker, last of the "red-hot mamas," and president of the American Federation of Actors, and Harry Richman, must have been successful, for shortly afterward the American Federation of Labor ended a labor dispute centering around Miss Tucker. Sew a Bag to Keep Your Ball of Twine In

By RUTH WYETH SPEARS

WHEN you want to wrap a package do you always know where to find twine? A ball of it in a bag like this one hung over the kitchen table will be ready for use.

Scraps from your piece bag may be used in this way. The bag is just big enough to cover the ball loosely and is made of a straight

piece of goods with the ends seamed together with a French seam. The top and bottom are bound with prepared bias binding. A single cord is run through the binding at the bottom. It is drawn up to leave a small opening and the ends are tied and sewn securely. Two cords are run through the top with a loop of each cord left on the outside so that the bag may be drawn up by pulling them. The ball of twine is placed inside with the end running through the bottom opening ready for use.

Did you see the good news in the paper last week? About the new Sewing Book No. 3, which is now ready for mailing. It contains 32 useful ideas for home decorating; and things to use as gifts, and to sell at bazaars. You will be delighted with it. The price of this new book is only 10 cents postpaid. Send coin with name and address to Mrs. Spears, 210 S. Desplaines St., Chicago, Ill.

To Check Constipation Get at Its Cause!

If constipation has you down so you feel heavy, tired and dopey, it's time you did something about it. And something more than just taking a physic! You should get at the cause of the trouble.

If you eat the super-refined food most people eat, the chances are the difficulty is simple—you don't get enough "bulk." And "bulk" doesn't mean heavy food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines.

If this common form of constipation is your trouble, eat Kellogg's All-Bran for breakfast every day and drink plenty of water. All-Bran isn't a medicine—it's a crunchy, toasted, nutritious cereal. And it will help you not only to get regular but to keep regular, day after day. Made by Kellogg's in Battle Creek. Sold by every grocer.
